*The Lost Books of the Bible* William Hone,2016-11-03 After the writings of the New Testament were selected from the numerous Gospels and Epistles then in existence what became of the books that were rejected by the compilers

Apocryphal texts are non canonical books similar to texts of biblical origin written just after Jesus crucifixion Although they are not part of the Scripture these verses are authentic to their time These pages contain among others stories of Jesus as a child and the other miracles that Mary made Lovers of biblical literature will find here obscure but unquestionable origin texts authentic to the time Contained here are several remarkable references to the lives of the Saints the birth of the Virgin her marriage with Joseph the nativity of Jesus and the miracles of his infancy his laboring with Joseph in the carpentry trade and the actions of his followers Mesmerizing and artfully written enjoy these stories that were excluded from Scripture The Lost Books of the Bible helps expand our knowledge of the early Christians and helps us better appreciate the texts that were chosen

The Lost Books of the Bible John Hayes, 2009-11-07 This is a collection of New Testament Apocrypha including many works which were admired and read by the early Christians but which were later excluded from the canonical Bible It includes accounts of the young Jesus particularly the Gospel of Mary and the Protevangelion which provides additional folklore about the birth and youthful adventures of Jesus Of note are the letters of Paul and Seneca and the letters of Herod and Pilate which are most likely a forgery but add more depth to the question of the historicity of Jesus There are also a number of non canonical epistles such as Laodiceans Also worth a close read are the three books of the Shepherd of Hermas which uses apocalyptic and symbolic imagery This collection is an invaluable selection of portions of the New Testament which illustrates the fluid nature of the early Biblical canon and provides access to all of the spare parts J B Hare August 12 2009 Although not attributed the initials of the editor Rutherford H Platt Jr appear on the Preface He also edited the companion volume The Forgotten Books of Eden a collection of Old Testament apocrypha

**The Lost Books of the Old Testament** Charles River Charles River Editors, Gustavo Vázquez-Lozano, 2018-07-31 Includes pictures Includes ancient accounts Includes a bibliography and online resources for further reading The Bible is the most famous book in the world read by a countless number of Christians and others over the centuries Even those who aren't Christian or remotely religious can rattle off Matthew Mark Luke and John as the first four gospels of the New Testament and books like Genesis and Exodus include some of the most famous stories in human history The study of the apocryphal gospels documents about the life or sayings of Jesus that did not become part of the New Testament is a popular discipline among scholars that now fills several shelves of any respectable library Despite the growing secularization of society there seems to be an appetite for the historical figure of Jesus However fewer readers consider the question of whether the Old Testament also known as the Hebrew Bible is complete and whether in antiquity there were other books besides Genesis the Exodus or Judges with different histories and unknown characters that were excluded from the canon and got lost in the sands of time Most readers assume that the great saga of Israel beginning with the pastoral stories of the patriarchs the epic of the Exodus and the conquest of the Promised Land until the court of King David is a compact complete and unique story In its current form it seems to start from the

beginning and as such it was accepted by all in antiquity but did someone in ancient Israel write other renditions Recent archaeological and textual discoveries have revealed that literary production among the people of Israel before the life of Jesus was much more extensive and varied than previously supposed The earliest Christian and Jewish exegetes were aware of some texts whose status was imprecise Did the books of Tobit Maccabees and Judith belong to Israel's sacred scriptures or not What happened to certain books that are mentioned in the Bible but have not been found such as stories about the court of King David the Annals of Solomon a Book of Jasher and prominently the Book of Wars of the Lord There is another group of books that arouses special interest including an extensive collection of Jewish and Jewish Hellenistic writings that are available some in fragmentary state but for some reason were excluded from the Old Testament Some have been recovered or unearthed over the last 2 000 years while others remained under the custody of secret or heretical libraries Among them are the Book of Enoch the Book of Jubilees the Apocalypse of Moses and many others In spite of not having been admitted into the canon many of their doctrines permeated in the popular culture even in antiquity including among the first Christians The rebellion of the evil angels led by Satan the punishment for sinners in the valley of the dead the concept of a Messiah who would die for his people and the belief in the resurrection of the martyrs with the literal restitution of their mutilated bodies are ideas that arose in apocryphal books of the Old Testament These beliefs are not found in the Hebrew Bible That the Old Testament was not a finished product at the time of the Second Temple 500 BCE 70 CE and that there were more books in circulation can be established considering that Jewish apocryphal literature is quoted in the New Testament The Epistle of Jude mentions a fight between the devil and an archangel for the soul of Moses an episode not found in the Pentateuch The author of that epistle is quoting from Enoch an apocryphal Book of the Old Testament or possibly from the Ascension of Moses which the author of Judas considered as authoritative The apostle Paul quotes twice from the apocryphal book known as the Life of Adam and Eve in his second letter to the Corinthians and the Gospel of Matthew quotes a written prophecy that is undiscovered to this day

**Neoapocrypha and Modern Gospels** Ulrich R. Rohmer, 2014-01-16 One of my predecessors in the pastorate was a grandson of the great Emil Kautzsch one of the first translators of apocrypha and pseudepigrapha in Germany more than 100 years ago He wanted people to read the texts and many did and knew very well Not so today even Bible Christians have not read one single line and that is really too bad After having published a navigator to OT and NT apocrypha and pseudepigrapha I will do now the same with neoapocrypha and modern gospels which are the subject of this book I want to help spreading the word by helping readers to find freely available texts they can enjoy I am convinced reading such material will provide much cleansing work in the mind of the reader in order to learn thinking in a more stringent clear and restrained manner This might help getting closer to my own and personal thinking and guessing when it comes to very deep questions on life death love meaning sense God and the spiritual realm as we use to say today

texts Using source analysis and historical context the author identifies the uniquely Mormon words storylines imagery and concepts that appear in Richard Laurence s translation of the ancient religious text      **An Introduction to the Medieval Bible**
