Italians Count Scotland Recording History:

Italians' Count in Scotland, 2015 **Literary Voices of the Italian Diaspora in Britain** Manuela

D'Amore, 2023-09-27 This volume studies the literary voices of the Italian diaspora in Britain including 21 authors and 34 pieces of prose verse and drama This book shows how authors both recount the history of the migrant community in the period 1880-1980 while creatively experimenting with hybrid forms of expression and blending words with visuals *Literary Voices of the Italian Diaspora in Britain* discusses topical issues like migration and social integration cultures and foods in transition as well as plurilingualism The book pays special attention to discussions of the horrors of the Second World War especially on the tragedy of the *Arandora Star* 2nd July 1940 to show this literary community's political commitments More importantly it will begin to fill the void left by a critical tradition which has only appreciated the northern American and Australian branches of Italian writing *The Scottish State and European Migrants, 1885-1939* Terence

McBride, 2024-02-29 This book examines the efforts of the government in Scotland to manage the increase of migrants travelling to Britain at the end of the nineteenth century Focussing on the period between 1885 and 1939 the book explores how the Scottish machinery of government handled the administration of foreigners The author uses a comparative thematic approach to analyse migrant experiences identities and relationships with state institutions Drawing from state records held by the National Records of Scotland in Edinburgh the book argues that Scottish officials in semi autonomous boards began to recognise describe and enumerate the presence of the foreigner in the early twentieth century framing their handling of foreignness in accordance with the Aliens Act of 1905 The author goes on to explain that institutions operating in Scotland developed a distinctly Scottish approach to alien matters which continued up until the Second World War Therefore an increasing number of important decisions affecting migrants were taken by a distinctly Scottish machinery of government impacting on how Scottish officials understood foreignness and how those identified as foreigners understood their identity in relation to Scottishness Contributing significantly to current heated debates on migration and identity amongst researchers and the general public in Europe and beyond this book provides essential insights into the ways in which a sub state began to develop practices processes and attitudes towards migration which were not always in line with that of the central government *Importing Fascism* Remigio Petrocelli, 2024-12-31

Importing Fascism analyses the mechanisms of the Italian fascist regime in incorporating the Italian Scottish diaspora into their nation and fascism building project via its transnational efforts between the rise of fascism in 1922 and Italy's declaration of war on Britain in June 1940 Drawing extensively on a range of unpublished Italian and British sources from local and national archives as well as original contemporary press the book reconstructs minutely the activities of the fasci in Scotland and demonstrates the impact fascism had on forging Italians community and national identity Moreover by shedding light on this largely neglected chapter of the history of fascism and Scotland's Italian diaspora the monograph offers new points of reflection on long standing issues

of cultural political and propaganda activity under the regime This volume is ideal for postgraduate students and scholars of fascism modern Italian and British history and diaspora studies

The Migration Conference 2020 Proceedings:

Migration and Integration Ibrahim Sirkeci, Merita Zulfiu Alili, 2020-11-13 This is the first volume of the Proceedings of The Migration Conference 2020 The Migration Conference 2020 was held online due to COVID 19 Pandemic and yet in over 80 parallel sessions and plenaries key migration debates saw nearly 500 experts from around the world engaging This collection contains contributions mainly dealing with migration and integration debates These are only a subset of all presentations from authors who chose to submit full short papers for publication after the conference Most of the contributions are work in progress and unedited versions The next migration conference is going to be hosted by Ming Ai Institute in London UK Looking forward to continuing the debates on human mobility after the Pandemic www.migrationconference.net [migrationevent fb me MigrationConference](https://www.facebook.com/MigrationConference) Email migrationscholar@gmail.com

Cultural Sociology of Cultural Representations Christopher Thorpe, 2023-12-22 This book provides a historical cultural sociological analysis of cultural representations of Italy in England and later Britain from the period of the Italian Renaissance to the present day Rooted in a critical account of orthodox social scientific approaches to thinking and theorising cultural representation the study combines analytical frames and conceptual apparatus from Bourdieu's Field theory and Yale School cultural sociology Drawing from a wide range of empirical data and studies the book demonstrates the significance of representations of the Italian peninsula and its people for exploring a range of cultural sociological phenomena from the classing and commodification of Italy to the role of Italian symbolism for negotiating cultural trauma identify formation and expressions of cultural edification veneration and emulation As such it will be of interest to scholars of cultural sociology history anthropology Italian studies as well as scholars in international studies interested in intercultural exchange and representations of other nations national cultures and otherness

Transnational Modern Languages Jennifer Burns, Derek Duncan, 2022-05-13 An Open Access edition of this book will be available on the Liverpool University Press website and the OAPEN library In a world increasingly defined by the transnational and translingual and by the pressures of globalization it has become difficult to study culture as primarily a national phenomenon A Handbook offers students across Modern Languages an introduction to the kind of methodological questions they need to look at culture transnationally Each of the short essays takes a key concept in cultural study and suggests how it might be used to explore and illuminate some aspect of identity mobility translation and cultural exchange across borders The authors range over different language areas and their wide chronological reach provides broad coverage as well as a flexible and practical methodology for studying cultures in a transnational framework The essays show that an inclusive transnational vision and practice of Modern Languages is central to understanding human interaction in an inclusive globalized society A Handbook stands as an effective and necessary theoretical and thematically diverse glossary and companion to the national volumes in the series
