Jepson, Jr., Jerry Weitz, 2015-12-07 Urban and regional planning programs aspire to prepare practitioners to write and implement plans primarily at the local level of government These programs are very much professional in their aspirations as opposed to research oriented Yet academic planning programs often place greater emphasis on theory than practice For decades the planning academy has acknowledged a major disconnect between what the planning academy teaches students and the techniques and skills needed to be a successful professional practitioner *Fundamentals of Plan Making* will give planning students an understanding of research design as it applies to planning develop familiarity with various data sources and help them acquire knowledge and the ability to conduct basic planning analyses such as population projections housing needs assessments development impact analyses and land use plans Students will also learn how to implement the various citizen participation methods used by planners and develop an appreciation of the values and roles of practicing planners In *Fundamentals of Plan Making* Edward Jepson and Jerry Weitz bring their extensive experience as practicing academics and give planning students the practical hands on tools they need to implement the various methods used to create and implement real plans and policies Its chapters on transportation housing environment economic development and other core development topics also make it a handy reference for planning practitioners **Auburn Thoroughbred Horse Racing Facility, King County**, 1995 *Impact Fees* Arthur C. Nelson, James C. Nicholad, Julian C. Juergensmeyer, 2017-11-08 This is the only impact fee book you ll need for the next decade or longer This comprehensive reference book updates the popular pioneering works on impact fees by introducing new methodologies concepts applications and theories The authors contend that it s time to go beyond narrowly defined impact fees to proportionate share development fees broadly applied to publicly provided facilities and services and their operation Impact fees are one time charges applied to new development to generate revenue for the construction or expansion of capital facilities outside the boundaries of the new development for system improvements engendered by the new development At least that was the traditional use of impact fees A generation ago they were generally not used legally for the operation maintenance repair alteration or replacement of capital facilities for social purposes such as affordable

housing and daycare or for green purposes such as habitat preservation This book updates impact fee law practice and applications and breaks new ground by showing how the impact fee logic of proportionate share can be used for these and other purposes Through actual ordinances summaries of technical reports numerous case studies and model ordinances and codes readers will learn how to design and implement a proportionate share development fee program This is essential reading for anyone interested in impact fees
