**Being a Good Husband and Father** Lexington Nyama, 2017-12-08 This is an educational book for those who are in a relationship whether they are married or not As long as they are in a relationship they need to know about these things also it is not only for men but also for females because some women have no idea what to expect from their man This will help them find a basic foundation of what to expect from their man as this also helps man to know what to do for their woman If relationships are not solved and if people are not educated about relationships this world will never be at peace because it is all because of relationships We have all these problems we are facing nowadays as the world's problem started with two people who were in a relationship which was

written in the Bible If they both knew what their responsibilities were in their relationship the woman would have not gone and searched for food while the man was home sitting I believe that if couples could know what they are supposed to do and what they are not supposed to do in relationship we will make the world a better place to live     *The Father's Guide to the Meaning of Life* Joe Kita,2008-06-02 Joe Kita reveals the life lessons that can be learned from being a dad powerful lessons that apply to all of us no matter what stage of life we are in Kita focuses on 15 essential truths about friendship trust wonder play even death truths that otherwise would have remained secret to him if not for his kids In a manly voice that is both wickedly funny and startlingly honest Kita talks of the essential traits of a good dad and how he has grown both emotionally and intellectually as a result of the challenges his kids have presented Further he talks about the transcendent moments as when he said goodbye to his father for the last time that change us most deeply Most parents look at raising children as a top down promise Kita writes The father the mother the schools the son the daughter And the product after many years of shaping is a polished young adult But suppose we turn this process upside down Suppose we decide to let this baby girl or boy this already perfect being raise us As we help them grow up so they will help us mature As we teach them the rules of life so they will show us its deeper meaning     **Helping Guys Become Men, Husbands, and Fathers Workbook** John A. King, Jr.,2008-08-01 The companion workbook to Helping Guys Become Men Husbands and Fathers Written for men by a man who believes in the critical and vital role husbands and fathers play in the family community and the world The facts in this book will confirm what every man knows we are important no matter what Every member of the family needs a man s wisdom protection and love to fully develop You can be a great man husband father Learn from a guy who knows     **Buddy System** Geoffrey Greif,2009 Much has been made of the complex social arrangements that girls and women navigate but little scholarly or popular attention has focused on what friendship means to men Drawing on in depth interviews with nearly 400 men therapist and researcher Geoffrey L Greif takes readers on a guided tour of male friendships explaining what makes them work why they are vital to the health of individuals and communities and how to build the kinds of friendships that can lead to longer and happier lives Another 120 conversations with women help map the differences in what men and women seek from friendships and what if anything men can learn from women s relationships The guiding feature of the book is Greif s typology of male friendships he dispels the myth that men don t have friends showing that men have must trust just and rust friends A must friend is the best friend a man absolutely must call with earthshaking news A trust friend is liked and trusted but not necessarily held as close as a must friend Just friends are casual acquaintances while rust friends have a long history together and can drift in and out of each other s lives essentially picking up where they last left off Understanding the role each of these types of friends play across men s lives reveals fascinating developmental patterns such as how men cope with stress and conflict and how they make and maintain friendships and how their friends keep them active and happy Through the lively words of men themselves and detailed profiles of men from their twenties to their nineties readers may be
