Kramer, Since the Holocaust a growing consensus of biblical scholars have come to recognize the unfair and misleading anti Semitic rhetoric in the New Testament language that has arguably contributed to centuries of violence and persecution against the Jewish people In Gathered in One Bradley J Kramer shows how the Book of Mormon counters anti Semitism in the New Testament by approaching this most Christian of books on its own turf and on its own terms literarily by providing numerous pro Jewish statements portrayals settings and structuring devices in opposition to similar anti Semitic elements in

the New Testament and scripturally by connecting with it as a peer as a divine document of equal value and authority which can add these elements to the Christian canon as the Gospel of John can add elements to the Gospel of Matthew without undermining its authority or dependability In this way the Book of Mormon effectively detoxifies the New Testament of its anti Semitic poison without weakening its status as scripture and goes far in encouraging Christians to relate to Jews respectfully not as enemies or opponents but as allies people of equal worth importance and value before God
