Its Only Original Once Unrestored Classic Cars:

It's Only Original Once Richard A. Lentinello, 2008 A chronicle of time capsule collector cars those still wearing their original parts paint upholstery and trim that like the cars themselves offers a trip through time Only Originals Brian Earnest, 2009-12-11 Forever Young Some cars seem to have all the luck There aren't many vehicles that are so well kept babied and in some cases ignored altogether that they never seem to get old and tired In the old car hobby these cars are called Survivors They usually have very low mileage loving owners and a lot of good fortune and today they are more coveted than ever In Only Originals collector car fans can examine a fascinating cross section of Survivor cars and learn how they have managed to defy the odds From Duesenbergs to Corvettes Only Originals slates the unrestored time capsule cars that remind us of yesterday **Consumed Nostalgia** Gary Cross, 2015-09-08 Nostalgia isn't what it used to be For many of us modern memory is shaped less by a longing for the social customs and practices of the past or for family heirlooms handed down over generations and more by childhood encounters with ephemeral commercial goods and fleeting media moments in our age of fast capitalism This phenomenon has given rise to communities of nostalgia whose members remain loyal to the toys television and music of their youth They return to the theme parks and pastimes of their upbringing hoping to reclaim that feeling of childhood wonder or teenage freedom Consumed nostalgia took definite shape in the 1970s spurred by an increase in the turnover of consumer goods the commercialization of childhood and the skillful marketing of nostalgia Gary Cross immerses readers in this fascinating and often delightful history unpacking the cultural dynamics that turn pop tunes into oldies and childhood toys into valuable commodities He compares the limited appeal of heritage sites such as Colonial Williamsburg to the perpetually attractive power of a Disney theme park and reveals how consumed nostalgia shapes how we cope with accelerating change Today nostalgia can be owned collected and easily accessed making it less elusive and often more fun than in the past but its commercialization has sometimes limited memory and complicated the positive goals of recollection By unmasking the fascinating idiosyncratic character of modern nostalgia Cross helps us better understand the rituals of recall in an age of fast capitalism **Cadillac V-16s Lost and Found** Christopher W. Cummings, 2014-02-01 For eleven years prior to World War II Cadillac defied the norms of practicality and produced an extravagant supercar a 16 cylinder luxury automobile that could be tailored to the customer's every want Big thirsty and lavish it cemented Cadillac's place in the top tier of motoring magnificence Each of the cars has its own colorful and fascinating story to tell Driven by a life long love of the V 16 and an interest in the history of his own car the author has assembled more than 65 of these tales gleaned from interviews books periodicals and documents into a liberally illustrated book Each story is shaped by the people a particular car touched and the events they lived through together All are an important part of our automotive and cultural history *How to Rebuild and Restore Classic Harley-Davidson Big Twins 1936-1964* Rick Schunk, 2012-10-15 DIV When it comes to collector motorcycles none hold the allure of the classic Harley Davidson Big Twins built from 1936 to 1964 But

owning and maintaining these tempermental machines provides endless challenges Even the most pristine restored example needs a tremendous amount of care maintenance and repair The rebuilding and restoring of these machines is not so much a defined task as a never ending process This book serves to guide owners through that process div Beginning with a practical section on understanding choosing and purchasing a classic Harley this book focuses on the nuts and bolts of classic Harley ownership Through step by step photography and thoughtful informative instruction the reader will learn how to disassemble a chassis rebuild a fork lace a wheel and paint the major parts for any restoration It also provides thorough instruction on repairing overhauling and restoring all major components such as the engine transmission and electrical system 1 of 1
