*Jacques Derrida* Jacques de Ville, 2012-11-30 Jacques Derrida Law as Absolute Hospitality presents a comprehensive account and understanding of Derrida's approach to law and justice. Through a detailed reading of Derrida's texts, Jacques de Ville contends that it is only by way of Derrida's deconstruction of the metaphysics of presence and specifically in relation to the texts of Husserl, Levinas, Freud, and Heidegger that the reasoning behind his elusive works on law and justice can be grasped. Through detailed readings of texts such as *To Speculate on Freud*, *Adieu*, *Declarations of Independence*, *Before the Law*, *Cogito*, and the history of madness, *Given Time*, *Force of Law*, and *Specters of Marx*, De Ville contends that there is a continuity in Derrida's thinking and rejects the idea of an ethical turn. Derrida is shown to be neither a postmodernist nor a political liberal but a radical revolutionary. De Ville also controversially contends that justice in Derrida's thinking must be radically distinguished from Levinas's reflections on the other. It is the notion of absolute hospitality which Derrida derives from Levinas but radically transforms that provides the basis of this argument. Justice must, on De Ville's reading, be understood in terms of a demand of absolute hospitality which is imposed on both the individual and the collective subject. A much needed account of Derrida's influential approach to law. Jacques Derrida Law as Absolute Hospitality will be an invaluable resource for those with an interest in legal theory and for those with an interest in the ethics and politics of deconstruction.

Jacques Derrida Jacques De Ville, 2011 Jacques Derrida Law as Absolute Hospitality presents a comprehensive account and understanding of Derrida's approach to law and justice.

**Full Protection and Security in International Investment Law** Sebastián Mantilla Blanco, 2019-10-24 This book provides a comprehensive study of the standard of full protection and security (FPS) in international investment law. Ever since the Germany-Pakistan BIT of 1959, almost every investment agreement has included an FPS clause. FPS claims refer to the most diverse factual settings, from terrorist attacks to measures concerning concession contracts. Still, the FPS standard has received far less scholarly attention than other obligations under international investment law. Filling that gap, this study examines the evolution of FPS from its medieval roots to the modern age, delimits the scope of FPS in customary international law, and analyzes the relationship between FPS and the concept of due diligence in the law of state responsibility. It additionally explores the interpretation and application of FPS clauses, drawing particular attention to the diverse wording used in investment treaties, the role ascribed to custom, and the interplay between FPS and other treaty-based standards. Besides delivering a detailed analysis of the FPS standard, this book also serves as a guide to the relevant sources, providing an overview of numerous legal instruments, examples of state practice, arbitral decisions, and related academic publications about the standard.

**(In)Hospitable Encounters in Chicana and Latina Literature, Culture, and Thought** Maria Antònia Oliver-Rotger, Pere Gifra-Adroher, 2024-10-17 This volume addresses the notion of in-hospitality in the culture, literature, and thought of Chicana and Latina in the United States. It underscores those stranger others against whom nativist fear and state violence are

directed undocumented migrants refugees and asylum seekers Critical analyses focus on the topics of immigration and state violence hospitality in written and visual narratives and the role of hospitality in the translation of academic and literary works All essays explore the conditional character of hospitality towards Chicanx and Latinx and its attending myths and discourses Dwelling on the predicament that individuals and groups face as strangers unwelcome guests and unwilling hosts the essays also explore the ways in which Chicanx and Latinx writers artists and filmmakers may or may not challenge the guest host relationship The ethical concern that runs through the volume considers material history and the institutional disciplinary regulation of the uncertainty of hospitality acts as factors determining the narratives about foreign others

**New Critical Legal Thinking** Matthew Stone, Illan Wall, Costas Douzinas, 2012-10-12 New Critical Legal Thinking articulates the emergence of a stream of critical legal theory which is directly concerned with the relation between law and the political The early critical legal studies claim that all law is politics is displaced with a different and more nuanced theoretical arsenal Combining grand theory with a concern for grounded political interventions the various contributors to this book draw on political theorists and continental philosophers in order to engage with current legal problematics such as the recent global economic crisis the Arab spring and the emergence of biopolitics The contributions instantiate the claim that a new and radical political legal scholarship has come into being one which critically interrogates and intervenes in the contemporary relationship between law and power

**Radical Tenderness** Andrea Brady, 2024-05-09 Radical Tenderness argues for the importance of poetry in negotiating political and social catastrophes through a focus on the unusual intimacies of committed writing How do poets negotiate between the personal and the public the bedroom and the street the family and class or communal ties How does contemporary lyric with its emphasis on the feelings and perceptions of the individual subject speak to moments of shared crisis What can poetry tell us about how care shapes our experiences of history How do the intimacies found in protest on strike in riots and in spaces of oppression transform individual lives and political movements Through a series of focussed readings of four twenty first century poets Caleb Femi Bhanu Kapil Juliana Spahr and Anne Boyer Radical Tenderness reflects the perspectives provided by intimate poetries on the shared political emergencies of poverty war ecological catastrophe racism and illness

Hannah Arendt Peter Burdon, 2017-09-18 Hannah Arendt is one of the great outsiders of twentieth century political philosophy After reporting on the trial of Nazi war criminal Adolf Eichmann Arendt embarked on a series of reflections about how to make judgments and exercise responsibility without recourse to existing law especially when existing law is judged as immoral This book uses Hannah Arendt's text Eichmann in Jerusalem to examine major themes in legal theory including the nature of law legal authority the duty of citizens the nexus between morality and law and political action

**Adriana Cavarero** Elisabetta R. Bertolino, 2017-12-04 Critical legal scholars have made us aware that law is made up not only of rules but also of language But who speaks the language of law And can one lawfully speak in one's voice For the Italian philosopher Adriana Cavarero to answer these questions we must

not separate who is speaking from the very act of speaking moreover we must recuperate the material singularity and relationality of the mouth that speaks Drawing on Cavarero's work this book focuses on the potentiality of the voice for resisting law's sovereign structures For Cavarero it is the voice that expresses one's living and unrepeatable singularity in a way that cannot be subsumed by the universalities and standards of law The voice is essentially a material and singular passage of air and vibration that necessarily reveals one's uniqueness in relationality Speaking discloses this uniqueness and so one's vulnerability It therefore leads to possibilities of resistance that here bring a fresh approach to longstanding legal theoretical concerns with singularity ethics and justice      **Rethinking Christian Forgiveness** James K. Voiss, 2015-05-14 Is there such a thing as Christian Forgiveness Christians speak as though there is But what would it be How would it differ from forgiveness as a basic human enactment And if there is a distinctive Christian forgiveness what might it have to say to our world today To answer these questions the present work traverses three distinctive intellectual landscapes continental philosophy Anglo American moral philosophy and psychology to establish a phenomenology of forgiving before turning to contemporary Christian literature The multilayered dialogue that ensues challenges the assumptions of contemporary approaches secular and Christian and invites the reader to rethink the meaning of Christian forgiveness      *Levinas, Ethics and Law* Matthew Stone, 2016-01-11 Emmanuel Levinas's philosophy of ethics has frequently attracted attention amongst legal scholars but he remains a divisive and often enigmatic contributor to this field He has been read within contexts as varied as human rights private law refugee law and on the nature of judicial reasoning This book explores what unites such apparently diverse applications of his ideas and in doing so considers the challenge of law's ethical relationship with the other In addition to asking how Levinas's ethics can inform legal problems the book also examines how the modern legal edifice has a deceptive tendency to close itself off from the ethical experience In particular literatures on biopolitics suggest that law is increasingly complicit in reductive determinations of how we understand ourselves and others Levinas's most penetrating insight might not therefore lie in the law's instrumentalisation of his ethics but instead in the way his ethics trace a human encounter that escapes law      *French XX Bibliography, Issue #65* Sheri K. Phänomenologische Forschungen 2024-1 Thiemo Breyer, Inga Römer, Michela Summa, 2024-08-26 Die von Thiemo Breyer Inga Römer und Michela Summa herausgegebenen Phänomenologischen Forschungen sind ein international offenes Forum für die Publikation aller im weitesten Sinne phänomenologisch orientierten Arbeiten Aufgenommen werden Beiträge in deutscher englischer und französischer Sprache die Begutachtung erfolgt nach dem Verfahren des Peer Review      Indigeneity: Before and Beyond the Law Kathleen Birrell, 2016-07-01 Examining contested notions of indigeneity and the positioning of the Indigenous subject before and beyond the law this book focuses upon the animation of indigeneities within textual imaginaries both literary and juridical Engaging the philosophy of Jacques Derrida and Walter Benjamin as well as other continental philosophy and critical legal theory the book uniquely addresses the troubled juxtaposition of law and justice in

the context of Indigenous legal claims and literary expressions discourses of rights and recognition postcolonialism and resistance in settler nation states and the mutually constitutive relation between law and literature Ultimately the book suggests no less than a literary revolution and the reassertion of Indigenous Law To date the oppressive specificity with which Indigenous peoples have been defined in international and domestic law has not been subject to the scrutiny undertaken in this book As an interdisciplinary engagement with a variety of scholarly approaches this book will appeal to a broad variety of legal and humanist scholars concerned with the intersections between Indigenous peoples and law including those engaged in critical legal studies and legal philosophy sociolegal studies human rights and native title law *The Cosmopolitan Ideal* Sybille De La Rosa, Darren O'Byrne, 2015-05-28 Cosmopolitanism has resurfaced as a prominent perspective within philosophy and the social sciences Its critics though suggest that contemporary cosmopolitanism is abstract and ultimately meaningless or that it is the globalized expression of a very European and modern ideal This book aims to develop a new cosmopolitanism one that is critical inclusive and relevant for the twenty first century The first section considers why we should behave as cosmopolitans at all why do we owe some concept of justice to those who are suffering some form of injustice around the world The book then moves beyond normative debates using empirical studies on practical concerns to explore the ways in which we can break with traditional structures practices and power inequalities that have been based on disregard and subordination Extending the scope of cosmopolitanism to incorporate issues such as gender asylum and identity to draw on non Western as well as Western influences the book re conceptualizes terms like democracy refuge and representation in order to develop more inclusive and cosmopolitan understandings of them **A Companion to Derrida** Zeynep Direk, Leonard Lawlor, 2014-07-02 A Companion to Derrida is the most comprehensive single volume reference work on the thought of Jacques Derrida Leading scholars present a summary of his most important accomplishments across a broad range of subjects and offer new assessments of these achievements The most comprehensive single volume reference work on the thought of Jacques Derrida with contributions from highly prominent Derrida scholars Unique focus on three major philosophical themes of metaphysics and epistemology ethics religion and politics and art and literature Introduces the reader to the positions Derrida took in various areas of philosophy as well as clarifying how derrideans interpret them in the present Contributions present not only a summary of Derrida s most important accomplishments in relation to a wide range of disciplines but also a new assessment of these accomplishments Offers a greater understanding of how Derrida s work has fared since his death **Urban Restructuring, Power and Capitalism in the Tourist City** Khalid Madhi, 2019-04-17 The book focuses on the processes of urban restructuring power relations and the political economy of touristic authenticity Through an in depth analysis of Marrakesh Morocco the book proposes a comprehensive analytic framework It highlights the issues of post coloniality ideology heritage commodification subjectivity and counter conduct in the shadow of global capitalism It explores how power relations and political economy

have shaped the city of Marrakesh over the past few decades formulating new subjectivities It reveals how urban policy's sole purpose is to boost tourism in the city bringing into question the long term resilience and success of tourism as an economic activity and a policy choice This book considers how the well being of city residents is submitted to such policies conforming to certain forms of appropriation of land culture and memory The example of Morocco helps us understand a phenomenon affecting many other cities internationally This book will be valuable to academics and practitioners across disciplines including geography political science urban planning and architecture Christianity and Migration Peter C. Phan, Oxford Editor, 2025-10-07 This book essays a not the Christian theology of migration The phenomenon of human migration that is the movement of people to and settlement temporary or permanent in a new area or country its causes and reasons and its historical anthropological social political legal and cultural dimensions have been widely studied and reasonably well understood and the next chapter will discuss them in detail By contrast theology as an academic discipline seems least capable of illuminating this human phenomenon It appears to most people outside the church and its educational institutions to be at best an esoteric subject and at worst a convoluted and useless mumbo jumbo especially when liberally sprinkled with Greek and Latin phrases Why not leave the study of migration to scholars in history sociology anthropology economics politics and law who albeit no less infected with highfalutin language than theologians do at least try to offer practical policies and effective strategies either for or against immigration Provided by publisher **Playing for Keeps** Daniel Fischlin, Eric Porter, 2020-04-24 The contributors to *Playing for Keeps* examine the ways in which musical improvisation can serve as a method for negotiating violence trauma systemic inequality and the aftermaths of war and colonialism Outlining the relation of improvisatory practices to local and global power structures they show how in sites as varied as South Africa Canada Egypt the United States and the Canary Islands improvisation provides the means for its participants to address the past and imagine the future In addition to essays the volume features a poem by saxophonist Matana Roberts an interview with pianist Vijay Iyer about his work with U S veterans of color and drawings by artist Randy DuBurke that chart Nina Simone's politicization Throughout the contributors illustrate how improvisation functions as a model for political cultural and ethical dialogue and action that can foster the creation of alternate modes of being and knowing in the world Contributors Randy DuBurke Rana El Kadi Kevin Fellezs Daniel Fischlin Kate Galloway Reem Abdul Hadi Vijay Iyer Mark Lomanno Moshe Morad Eric Porter Sara Ramshaw Matana Roberts Darci Sprengel Paul Stapleton Odeh Turjman Stephanie Vos Faithful Interpretations Philip Geister, Gosta Hallonsten, 2021-02-26 Theology of Religions is among the most burning issues within Christian theology today The challenge to study and discuss different ways of handling conflicting truth claims and religious narratives between religions is taken up by a growing number of theologians across denominational boundaries This is a common and ecumenical effort undertaken by Christian theologians all over the world And yet the impact of specific ecclesiastical or theological traditions on different concepts of theology of religions should not

be underestimated As well known the Second Vatican council with its pivotal decree *Nostra Aetate* On the relation to other religions not only set the agenda for Catholic theology but even influenced the wider discussion on the topic The papers of this volume were all given at a conference in Uppsala Sweden in October 2017 The structure of *Faithful Interpretations* follows closely the way the conference was conducted A general introduction to the development and present status of Theology of Religions by Marianne Moyaert opens the book Archbishop J Augustine Di Noia of the Vatican Congregation for the Doctrine of Faith then treats the recent developments in the teaching of the Magisterium regarding theology of religions Anna Bonta Moreland addresses the issue of Muhammad and Christian Prophecy Diego R Sarri Cucarella focuses on early Christian theological views of Islam and concludes that Islam has been from the beginning a disturbing factor in the Christian view of salvation history Wilhelmus G B M Valkenberg discusses the impact of *Nostra Aetate* on the Church's relation to Muslims using especially the precedent of Nicolaus of Cues as regards a constructive approach to Islam Klaus von Stosch addresses a sensitive issue in Muslim Christian relations and illustrates the advantages of the comparative theology approach for the theology of religions Complementing this perspective Peter Jonkers offers a hermeneutical perspective on truth claims and reflects on the religious Other with references to Jacques Derrida among others Reinhold Bernhardt argues in favour of a biblically grounded relational existential theory of truth which would be most helpful with regard to other religions To conclude the prominent Catholic specialist on Theology of Religions Gavin D Costa widened the perspective by addressing the relation to Judaism from the point of view of the covenant and the promises of the land Altogether the papers of this volume give a clear impression of the status of Roman Catholic Theology of Religions

*Spacing Law and Politics* Leif Dahlberg, 2016-04-20 Examining the inherent spatiality of law both theoretically and as social practice this book presents a genealogical account of the emergence and the development of the juridical In an analysis that stretches from ancient Greece through late antiquity and early modern and modern Europe and on to the contemporary courtroom it considers legal and philosophical texts artistic and literary works as well as judicial practices in order to elicit and document a series of critical moments in the history of juridical space Offering a more nuanced understanding of law than that found in traditional philosophical political or social accounts of legal history Dahlberg forges a critical account of the intimate relations between law and politics that shows how juridical space is determined and conditioned in ways that are integral to the very functioning and malfunctioning of law
