Snake G. Rehder, 2020-06-15 Head of the Snake is the sequel to Death Is Not the Final Chapter It is book 2 in the Jason Orr saga When Orr travels to Questa New Mexico to visit an old Army buddy's ranch what awaits him there shakes him to his core In his passion to seek justice and answers for his friend Orr sets out on a quest that will entangle him with some of the most ruthless cartels in the United States Their illicit world of fentanyl trafficking and Orr's drive to avenge a death puts them on a collision course It ends in an isolated body strewn canyon in Taos County When the bullets stop flying Orr and his two new companions find themselves with a strange dilemma The decision they make will either help them accomplish a dream of establishing a veteran's horse ranch or land them in jail But Jason Orr can't leave it there He makes a risky call from a dead vatos cell phone to the head of the CJNG cartel The call starts a conflict that his antagonist Joseph Lehan the CEO of Sarnev International would never see coming Thousands of miles away during Orr's time in Questa Joseph Lehan gives a command to the head of his Moscow division while he is attending a meeting at Lehan's Bermuda Estate There are three men who escaped back to Moscow Lehan wants eliminated Lehan's division head is ordered to avenge the death of Lehan's best friend and benefactor Andre Sarnev Unfortunately for Lehan this order pushes him over a line that no one should ever cross In that region of the world you don't disrespect the Solntsevskaia Brotherhood A mistake that would cost him dearly Between what Orr has set in motion and Lehan's own vendetta one of the world's richest companies Sarnev International could soon be no more but that is another story

Issues in Law and Public Policy on Contract Labour in India Pankaj Kumar, Jaivir Singh, 2018-09-14 This book discusses the increasing use of contract labour in India that has accompanied attempts to liberalise the economy After briefly examining Indian labour laws and public policy it juxtaposes the country's labour market practices with international labour standards The questions that are raised are then explored through a series of empirical studies investigating the use of contract labour in a variety of industries and locations manifesting a wide spectrum of concerns including labour standards productivity and employment relations The set of comparative research studies within India are supplemented with a field study from the Shenzhen and Guangzhou industrial regions of South China which are in an advanced stage of industrial development The unprecedented inflow of capital into China has captivated many developing countries including India which has gone on to mimic similar strategies particularly in terms of labour market deregulation In this context a set of crucial questions arise can enforcing labour market flexibility in itself provide the required impetus for a nation's industrial growth Is the Chinese success in becoming the major destination for foreign direct investments FDIs a consequence of a flexible labour regime or is there some other concealed strength to be found in Chinese labour market institutions In particular it needs to be noted that after double digit growth for more than 25 consecutive years China has recognised some of the fallacy of its development path and in 2008 adopted fairly stringent labour laws which now regulate its labour market This Chinese trajectory perhaps has lessons for India and other countries that are still struggling on the liberal path In particular the Chinese example helps put the Indian field studies in perspective

and provides insights into India specific policy recommendations that could also be useful for the developing world The book concludes with the observation that where production entails long term relationships the interests of both the employer and the workers need to be maintained sustainably As the title suggests the book provides takeaways not only for academics and researchers working in this field but also for lawyers consultants politicians bureaucrats and policymakers
