Are They Out There? Gene P. Abel, 2025-02-21 If you re ready to read a realistic approach to the possibility of alien life and whether we are visited by them you will love Are They Out There Diving for Answers In a Sea of Cover Ups Readers Favorite Nothing in the universe is unique and alone and therefore in other regions there must be other earths inhabited by different tribes of men and different breeds of beast Titus Lucretius De Rerum Natura circa 50BCE The question Are They Out There is not a new one Since ancient times humans have wondered about the potential of alien life Between May 1 2023 and June 1 2024 alone sightings of more than seven hundred unidentified aerial phenomena were reported and twenty one of these cases are still under investigation They can t be explained by common objects In Are They Out There retired Colonel Gene P Abel sifts through the accounts of military professionals and eyewitnesses alike in search of the truth about extra terrestrial visitors Discover what Colonel Abel has uncovered and what the government might not be telling us in this gripping new look at the history and potential future impact of UFOs and alien contact A newly released US report on unidentified flying objects says 143 sightings since 2004 remain unexplained It does not rule out alien activity The New York Times June 25 2021 The Presidents and UFOs Larry Holcombe, 2024-08-06 Eminently readable and meticulously researched this fascinating new book documents the evolution of the US government s handling of the UFO phenomenon Nick Pope UK Ministry of Defense UFO Project 1991 1994 and author of The Uninvited The UFO enigma has been part of our

culture since the 1940s and building to a worldwide explosion of acceptance today Now as governments around the world open their files and records on internal UFO investigations the US remains steadfast in its denial of interest in the UFO issue As more of the world s population accepts the possibility of an extraterrestrial presence the demand is building for disclosure from the United States Using newly declassified and Freedom of Information Act documents eyewitness accounts interviews and leaked documents being authenticated The Presidents and UFOs details the secret history of UFOs and the corresponding presidential administration Starting in 1941 with the Roosevelt administration author Larry Holcombe examines the startling discoveries facing a president preoccupied by WWII the explosion of UFO sightings during the Truman years first contact during the Eisenhower administration and the possibility of a UFO connection to the Kennedy assassination In 1975 the Nixon administration came very close to admitting that UFOs exist by funding a documentary by Robert Emenegger Almost forty years later this book will examine Emenegger s findings For the first time the involvement of all of the modern presidents up to and including President Obama and the rise and then fall of their influence on UFO issues are told in one story that is an integral part of the fascinating UFO tapestry Holcombe raises many questions and offers plenty of evidence to keep fellow ufologists debating the topic for years to come Publishers Weekly *Conspiracy Theories* Aaron John Gulyas,2016-02-08 Narratives based on conspiratorial and paranoid thinking have become increasingly prominent throughout the 20th and 21st centuries From the prosaic to the outlandish conspiracy theories involve aliens and Nazis underground bases and mind control technology They range from sinister tales of malevolent reptilian beings infiltrating our government to fears of the New World Order rounding up patriotic Americans and putting them into internment camps These stories and their underlying concerns have a long history in the U S and have often been bolstered by revelations of real conspiracies and cover ups by private and public entities This book examines conspiracy theories and the narratives constructed by those who believe and propagate them providing a unique view of U S history and highlighting fears both founded and unfounded *Ufo'S (The Reality)* William Calderwood,2015-04-10 The subject of UFOs I believe is one of the most important subjects there is because of its implications If an alien craft under intelligent control can shut down our nuclear missile systems which is a national security issue it has to be an important subject My interest began while in the service on a destroyer off the Korean coast when I heard that in the fall of 1951 a UFO was observed circling the task force and was picked up on 14 radars in the task force that began my interest in UFOs and have remained with me ever since After returning from the service I later had the opportunity to work for Boeing aero space on the Saturn V moon rocket worked at Michoud La 15 miles out of New Orleans Had a classified clearance while working there One night while lounging by the pool I was looking for the trail of a satellite going overhead when I noticed one of the stars by the big dipper started to move it traveled from the right side of the dipper to about the same distance on the left side and stopped After about two minutes it slowly faded away knowing about space and that an object must travel at 17 000 miles an hour to remain in space or gravity

would pull it down to earth it had to be a UFO After two and a half years at Michoud Boeing opened a new branch at Cape Kennedy Florida and I put in for a transfer there was accepted and worked in system interface control received a secret clearance while at the cape During the time I sat in on two lectures of UFOs the first was by Maj Keyhoe at the Marriott hotel in Coco Beach there was standing room only and he waved some documents and said UFOs were nuts bolts machines and were real objects The other lecture was at Patrick AFB next to where I lived at Satellite Beach The first half of his presentation was a slide show showing the most ridiculous UFOs imaginable an air force presentation The last half was his own personal experience when flying a cargo plane from a southern state to Washington D C A bright yellow UFO came His plane and followed him all the way to Washington D C after I left Boeing and came back home I turned on the TV to watch a new series called project blue book and it was directed by retired col Coleman Once hooked the subject stays with you for life

The Occult Connection Ken Hudnall,2004-10 This is a reprint of the 1989 cult classic involving connections between UFOs Secret Societies and Ancient Gods **From Adam to Omega** A.R. Roberts,2020-09-24 Due to government secrecy the public never learned of the numerous UFO incursions at strategic nuclear weapons installations where they disabled ICBM missiles and even activated their launch codes They never heard about UFO encounters reported by police officers civilian and military pilots and astronauts and they were never told the real facts of the Roswell event The volume of evidence suggesting we are not alone and probably never have been is overwhelming It suggests an alien agenda to accelerate the evolution of the human race To understand what is happening requires knowledge of what is going on today as well as the past particularly during the biblical era Much has been learned through the Freedom of Information Act from whistleblowers and government and military officials This book connects the dots suggesting what aliens have been doing for the past several thousand years Roswell in the 21st Century Kevin D. Randle, **Alien Mysteries, Conspiracies and Cover-Ups** Kevin D Randle,2013-04-01 Conspiracy theories run rampant in the world of the UFO and search for alien life Some are government sanctioned some are government sponsored and more than a few can be laid at the feet of UFO witnesses and UFO investigators Untangle the truth from the theories Thoroughly investigated by a former Army officer and taken from his review of hundreds of historical and government documents and in person interviews Alien Mysteries Conspiracies and Cover Ups chronicles more than 100 sightings events and discoveries of alien encounters government conspiracy and the influence of extraterrestrials on human events throughout history From prehistoric UFO sightings cave paintings and ancient astronauts to modern sightings around the world Alien Mysteries investigates claims of aliens living among us abductions of humans to alien spacecraft and accounts of interstellar cooperation since the UFO crash in Roswell along with evidence of what the government knows and what it has covered up This discussion of the government secrets theories and mysteries surrounding aliens is packed with thought provoking stories and shocking revelations of alien involvement in the lives of Earthlings A complete dossier on alien activities and government cover ups this revealing book

includes a look at prehistoric UFO sighting Indian cave paintings the Peruvian dinosaurs the Ica stones the Majestic Twelve the Allende letters the faked photographs that have been published as the real thing the Condon Committee the Roswell bodies the alien autopsy project moon dust the Phoenix lights ancient astronauts the recent UFO crash in Needles California and much more

Chariots of Gods or Demons? James Edward Gilmer, 2002-08-01 Chariots of Gods or Demons flies galaxies beyond traditional books on UFO s and extraterrestrials It addresses the many puzzling issues relating to extraterrestrial visitors in a clear enlightening and even inspiring manner Instead of simply listing UFO sightings posing the usual questions and suggesting unsupported answers it poses the tough questions delivers the answers and back them up with solid evidence Where do UFO s come from Why are they here Where are their bases These are just a few of the questions answered by this book Chariots of Gods or Demons reveals little known facts about extraterrestrials the universe around us and mankind itself Our origin and development as a species our relationship with extraterrestrials and attitudes that limit our growth are among the topics discussed Chariots of Gods or Demons is must reading for beginners or experts the curious or die hard enthusiasts No other book offers such a fountain of facts and revelations on this topic And finally no other such book can change your attitudes about life the way this one can

Zero Point (Faster than Light Speed) J. Lawrence Parry, 2023-02-13 Zero Point Faster Than Light Speed is intended for men and women in all walks of life who are striving to understand the UFO phenomenon and recent developments which are about to appear on our near future horizon We are going to need to know where and how to react to these changes If you look a little at TV for example you can see that ETs are making their way slowly into our lives Our children s cartoons are a good example This book will expand your mind and possibly your lives when you fully understand how really far we ve come in the last 50 years Next time you see a Tic Tac zooming on a news report and you hear the old cliché We don t have anything that that travels that fast Or How do they turn like that at such high speeds You ll realize someone is definitely not telling the truth In the very near future you will be able to see in everyday life the type of Hover board used by Michael J Fox in the film Back to the Future 2 Our cars and trains will even be hovering and super cool electrical like we ve only dreamed No more roads no more gas no more heavy trucks or busses tearing up the pavement We need to start planning on how to take advantage of all the new technology our near future will provide Think about Zero Point as a simple glimpse of the future whereby you may master your future instead of allowing the future to dictate to you Thank you J Lawrence Parry

Andromeda: The Secret Files David Hatcher Childress, 2021-11-01 David Childress popular author and star of the History Channel show Ancient Aliens brings us the amazing story of the German Andromeda craft designed and built during WWII Along with flying disks the Germans were making long cylindrical airships that are commonly called motherships large craft that house several smaller disk craft It was not until 1989 that a German researcher named Ralf Ettl living in London received an anonymous packet of photographs and documents concerning the planning and development of at least three types of unusual craft including the Andromeda Ettl

went on to make several television documentaries based on the material in the packet and released most of the documents and photos to researchers in Austria and other parts of Europe What the Ralf Ettl document dump shows us is what many have suspected for a long time that WWII did not end in the manner in which we have been told and a remnant of the Nazi military particularly the SS continued to operate aircraft and submarines around the world in the decades after the end of the war Much of this activity has been attributed to UFO activity but Childress lifts the veil shrouding some of these cases and shows that Andromeda and Haunebu craft were involved in many of these incidents over the decades Join Childress as he shows us the secret files involving the Andromeda Haunebu and Vril craft Chapters include Gravity's Rainbow The Motherships The MJ 12 UFOs and the Korean War The Strange Case of Reinhold Schmidt Secret Cities of the Winged Serpent The Green Fireballs Submarines That Can Fly The Breakaway Civilization more Includes a 16 page color section Over 120 photographs and diagrams

Life with a Cosmos Clearance Daniel Salter, Nancy Red Star, 2003-06-01 On May 9 2001 the Disclosure Project hosted a major event at the National Press Club in Washington D C This historic event had witness testimony from twenty to twenty five military intelligence government and corporate individuals involved with UFO projects over the past fifty years who presented their information before a worldwide group of media correspondents Those of us who were military witnesses of UFO history showed official government documentation with detailed testimony Our focus was and is on the facts and documents Our purpose was and is to get the mainstream media and government officials to hear those facts and move us toward an honest congressional inquiry We who came forward want to ban weapons from space and stop aggressively shooting down these space vehicles and their extraterrestrial occupants We need to declassify the advanced electromagnetic propulsion systems in use by the secret government start producing them for the world to use and thereby help save this planet The people who had been employed in agencies within the military and knew the truth about UFOs were sworn to secrecy Now I am finally relieved to speak the truth We military men who hold on to this knowledge are getting old and dying and we want the truth to come out We will either do it ourselves or leave it for our children and wives to do Personally I have told those on Capitol Hill that I am being led to do it by the aliens themselves They have convinced me that it is time They have been waiting on the government and if the government does not come forward with the truth then the aliens will take a more public role in disclosure
