

Build your own trading plan

1

How to build a Trading Plan

You probably know that you should have a trading plan in place before entering a trade. But what does that really mean? Here are a few ideas for creating your own trade plan, along with some of the order types you can use to implement it. A trading plan is designed to predetermine your exit strategy for any trade that you...

1. 2

Define your Goals

Setting precise trading goals can help enhance your profit potential when trading in the financial markets. Setting trading goals as part of your strategy is paramount. You need to learn to achieve these when placing your trades. What sort of trading goals should I set? It's essential to set goals in our personal and business...

2. 3

Follow a Daily Routine

We have recently watched a documentary about Bill Gates on Netflix, and the thing that stuck with us the most from it was that he didn't become one of the wealthiest people in the world through luck or inheriting vast sums of money. He reads a bunch of books while travelling. He can read 150 pages an hour, and most...

3. 4

Reward risk and probability

In this lesson, you will learn: Why reward/risk probability is essential in trading. Why probability is the key to every trading strategy. What are the most popular reward/risk ratios? To calculate the reward/risk ratio, you need to divide the amount you stand to lose if the price moves in an unexpected direction (the risk) with the...

4. 5

Practice is key to success. The power of backtesting the rules

There are no shortcuts to success and becoming a profitable trader. It's a daunting task, and you will suffer a lot. There is no magic potion you can drink that will allow you to understand the supply and demand concept. We don't live in Harry Potter's world, which is real life. The practice is the mother of all sciences. To be a...

Make Your Own Trading Plan

Josef LeFric

Make Your Own Trading Plan:

How to create your own Simple Stock Trading Strategy Josef LeFric, Investing and trading is a business the business of making money with money and should be treated as such In any business you have to work whether you are the owner or you work for someone You have to put in the time if you want to drive your own money train to the bank every day and the best part of it is that you don t need any fancy junkware or a hugely expensive charting package to tell you how to enter a trade in fact you only really need a basic charting platform which you most likely can get from your broker for free The road to success in investing and trading is paved with the smoking blown up accounts of investors and traders it did not have to be a long hard and expensive road though it can be a road paved with gold and be fairly easy if you just take time to learn this business the right way from the start on your first day trust me the simpler you keep your stock trading the more money you will make Use this book as an overview or a guide if you will for what to study and learn first to become consistently profitable from day trading I give you concise information as to what to learn first and what to look for as far as further information is concerned I tell you only the most critical things to learn first because those are absolutely the most important and the ones that will make you money right away if you do them This book is written to provide straightforward easy to understand and easy to apply advice tips and techniques that can be the backbone of any stock trader s success in the financial markets

Simple & Easy Futures Trading Strategies Josef Fluse, I have seen brand new futures investors and traders around the world waste a serious amount of valuable education and training time on learning information that will not do them any good and can even cause them to lose some of their hard earned money right away in the live markets No one wants that however it is a huge mistake that virtually all brand new futures traders make because they don t know any better after reading this book you will I don t care where you trade from or what you trade Dubai to Detroit or Mumbai to Manhattan doesn t matter because a chart is a chart and supply and demand is supply and demand period live markets don t work any other way no matter where in the world you are or what your trading even camels or goats New futures traders all around the world spend waaaay too much time on looking for the magical combination of indicators settings and colors they think will show them something that is going to help them make more money There are no shortcuts or bells that go ding to tell you to enter the right position so stop looking right now and if you are using something like that and you re losing money that is why All you need to see is right in front of you on the price chart and that is price and time Those are the only things that professional futures traders care about and nothing else You can certainly use your chart like a crystal ball to tell you where price will go with a high degree of certainty When you are done reading this book you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education The information in this

book will put you on the fast track to becoming a successful self directed futures investor and trader no matter where you trade from in the world or what you trade with very little money invested This book gives you the brutal and harsh truth of what happens in real life in real time and in real money in the worlds live markets every day There are no short cuts and you must do the time if you want to drive your own money train to the bank *Day Trading with a Simple Supply and Demand Strategy* Christoph Josef, *Day Trading with a Simple Supply and Demand Strategy* gets straight to the point and tells the beginner self directed investor and trader what they need to know in order to begin trading and making real money right away *Day Trading with a Simple Supply and Demand Strategy* describes a real life real time powerful day trading strategy that is actually how the live markets work on a daily basis and the only way the smart money trades which is on supply and demand *Day Trading with a Simple Supply and Demand Strategy* is specifically written for brand new traders to give them the very first basic knowledge they need to get started so they don t have to do a lot of searching around and perhaps waste a lot of time and money There are no newsletters software or red or green hopium pills to buy and you don t need any indicators to be successful using supply and demand as your trading method and it works on any liquid asset or market on any time frame that s what makes trading with supply and demand so robust and powerful Trading isn t as easy as people make it out to be but with realistic expectations that you set for yourself from the start you can become consistently profitable quickly using supply and demand as your trading method *Day Trading with a Simple Supply and Demand Strategy* gives you clear concise information it would take you years to find out on your own before you could begin to have any chance at making a real income from the live markets Use *Day Trading with a Simple Supply and Demand Strategy* as an overview or a guide if you will to what to study and learn first to become consistently profitable trading I tell you only the most critical things to learn because those are absolutely the most important and the ones that will make you money right away if you do them *Day Trading with a Simple Supply and Demand Strategy* is going to help you to expedite the long learning curve there is in the investing and trading business When you are done reading *Day Trading with a Simple Supply and Demand Strategy* you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education The information in *Day Trading with a Simple Supply and Demand Strategy* will put you on the fast track to becoming a successful money making self directed investor and trader When first starting off in the investing and trading business new people make a lot of mistakes which can cost them a lot of money and *Day Trading with a Simple Supply and Demand Strategy* has some tips and tricks to help the new investor and trader reduce those costly errors

Trading Basics for complete Beginners Jose Pecunia, Trading is not a get rich quick business You can become well off have financial security and freedom to do anything you want in the trading business and you can do it anywhere in the world however it takes time and patience to learn it right and it involves a lot of waiting around till the market comes to you and gives you what you want *Trading Basics for complete Beginners* can help you see if trading is right for you and help you to

learn what works for you before risking a dime All you need to risk at this juncture is your time and energy learning your new investing and trading business inside and out can you do that The money will come on its own trust me on that Trading can be daunting to learn for those with no experience with so much information out there This is why it is imperative to have the right information from the start on day one If you are new to trading and don't really know where to start Trading Basics for complete Beginners can help you Think about it why risk thousands of dollars in the market before you are ready There is a certain progression of steps that every new investor and trader need to know and study and must follow to become a consistently profitable professional investor and trader Trading Basics for complete Beginners can help you keep it simple and filter the huge amount of information out there down to only what you need to know right away and then can work towards adding more information and studies as you go Brand new traders all make the same mistakes over and over because they don't know any better now you do Newbie traders tend to do what everyone else is doing and study what everyone else is studying thus they have the same results and failures as everyone else Don't be that trader

Intelligent Stock Trading for Beginners Joe Monnaie, Intelligent Stock Trading for Beginners gives a brand new self directed trader straightforward easy to understand and easy to apply advice tips and techniques that can be the backbone of any brand new self directed traders success in the stock market If you would like to learn to trade and invest in the markets any markets and profit in them the right way from the very start of your trading and investing education career following the advice in Intelligent Stock Trading for Beginners will put you on the fast track to success Intelligent Stock Trading for Beginners is meant to expedite your learning curve which can sometimes be long and costly Only the most critical things to learn first are in Intelligent Stock Trading for Beginners because those are absolutely the most important and the ones that will make you money right away if you do them The time frame to learn this business is not etched in stone and may well take you less or more time depending on how fast you grasp the basic principles of Intelligent Stock Trading for Beginners and how fast you can employ them in a live market environment You can perhaps go from knowing 0 to trading and making real money in the live markets in as little as 30 days to a couple of months by following what it says in Intelligent Stock Trading for Beginners

Geruto, *Simple Daily Chart Futures Trading Method* is meant to expedite your learning curve which can sometimes be long and costly You can Google this or that information however it would take you many years to learn what I am going to tell you in this book before you could invest any of your hard earned real money in the live markets and have a chance making real money This book is easy to read and most importantly will be effective in helping a brand new trader understand what sort of foundation will be necessary to succeed as a financial market trader New traders come into this business with a huge ego and a feeling of invincibility and think they are going to beat the market 97% fail don't be that trader What you will learn in *Simple Daily Chart Futures Trading Method* will fast track your knowledge of what you need to know to get started learning You can perhaps go from knowing 0 to trading and making real money in the live markets in as little as 30 days to a couple of months if you do what it says in this book and only look at daily charts to work from as a beginner This time frame is the easiest to learn as a beginner and may well take you less or more time depending on how fast you grasp the basic principles of this book and how fast you can employ them in a live market environment Do you want to make money right away in the live market or waste time and perhaps A LOT OF MONEY on doing things the wrong way from the start the cost of which can be steep and be an account killer and no one wants that right Learn to use a daily chart and you will be on your way to becoming a financially successful and consistently profitable trader right from the start

Simple Daily Chart Stock Trading Method J. Geruto, *Simple Daily Chart Stock Trading Method* is meant to expedite your learning curve which can sometimes be long and costly You can Google this or that information however it would take you many years to learn what I am going to tell you in this book before you could invest any of your hard earned real money in the live markets and have a chance making real money This book is easy to read and most importantly will be effective in helping a brand new trader understand what sort of foundation will be necessary to succeed as a financial market trader New traders come into this business with a huge ego and a feeling of invincibility and think they are going to beat the market 97% fail don't be that trader What you will learn in *Simple Daily Chart Stock Trading Method* will fast track your knowledge of what you need to know to get started learning You can perhaps go from knowing 0 to trading and making real money in the live markets in as little as 30 days to a couple of months if you do what it says in this book and only look at daily charts to work from as a beginner This time frame is the easiest to learn as a beginner and may well take you less or more time depending on how fast you grasp the basic principles of this book and how fast you can employ them in a live market environment Do you want to make money right away in the live market or waste time and

perhaps A LOT OF MONEY on doing things the wrong way from the start the cost of which can be steep and be an account killer and no one wants that right Learn to use a daily chart and you will be on your way to becoming a financially successful and consistently profitable trader right from the start *Simple Daily Chart Forex Trading Method* J. Geruto, Simple Daily Chart Stock Trading Method is meant to expedite your learning curve which can sometimes be long and costly You can Google this or that information however it would take you many years to learn what I am going to tell you in this book before you could invest any of your hard earned real money in the live markets and have a chance making real money This book is easy to read and most importantly will be effective in helping a brand new trader understand what sort of foundation will be necessary to succeed as a financial market trader New traders come into this business with a huge ego and a feeling of invincibility and think they are going to beat the market 97% fail don t be that trader What you will learn in Simple Daily Chart Forex Trading Method will fast track your knowledge of what you need to know to get started learning You can perhaps go from knowing 0 to trading and making real money in the live markets in as little as 30 days to a couple of months if you do what it says in this book and only look at daily charts to work from as a beginner This time frame is the easiest to learn as a beginner and may well take you less or more time depending on how fast you grasp the basic principles of this book and how fast you can employ them in a live market environment Do you want to make money right away in the live market or waste time and perhaps A LOT OF MONEY on doing things the wrong way from the start the cost of which can be steep and be an account killer and no one wants that right Learn to use a daily chart and you will be on your way to becoming a financially successful and consistently profitable trader right from the start Zero Fear Trading J. Pecunia, Trading is challenging for most people because they simply don t have information tools or confidence to become successful This book is important for beginners because it tells it like it is and gives an inside look at trading the financial markets giving you the reality on what the live market is really like the way they are really run and tells you who runs them and what you need to do as a self directed beginner to survive in them and trade with zero fear Let s face it it s a well known fact that 97% of brand new self directed investors and traders fail and lose all of their money why does this happen It happens because brand new self directed traders enter into this business with a bunch of misguided grandiose ideas of making a million dollars from trading and while you can surely make millions of dollars from trading you would need to be using hundreds of millions of dollars of capital to do so no joke As a brand new self directed trader you have no idea of the brutality and volatility that goes on in the live markets on a daily basis and that there are people in the live markets who will walk over dead bodies to get paid so make no mistake as a beginner and think you can go in the live market and beat them you can t What you can do though is properly prepare yourself to trade with the best traders in the world and get paid right along with them instead of paying them Once you have completed reading this entire book you will have a chance at trading with zero fear and competing with the best professional traders on the planet The information in this book will put you on the fast track

to being able to make an unlimited income for yourself and becoming consistently profitable enough from trading the financial markets to perhaps even making a living from doing it isn't that the type of business you would like to be in
