

Step 3

Powder

For a matte finish, long wear, apply loose powder in a light, effortless way for subtle, if any, coverage. Set your complexion using the loose powder brush in a wide, circular path.

Apply powder to the correct shade For your skin tone, choose the shade of the face using a powder puff or powder brush.

Pat the powder gently onto your skin, avoiding the eyes and nostrils.

Step 4

Blush

Smile and apply a natural shade of blush to the apples of cheeks. Blend up toward the temples, then downward to soften the nose.

For long-lasting results Layer a ring of fingertip blush on top.

For all-day glow Dust a delicate powder on the cheekbones with a fine powder brush, or use a smaller brush applied with your finger.

Tap or blow off any extra powder. Blush that has been applied before applying skin care may feel sticky due to the oils in the skin care cream and may not last as long.

Put fingers on your chin and use your thumb to pat the skin.

Brush a comb over the skin, patting down the skin along the jawline, especially along the chin, to set the makeup.

Step 5

Lipstick

Start with clean, smooth lips.

Use a lip brush to apply and blend lipstick on the lips. Start with the brush in the center of the lips, then move to the corners and blend out the edges.

For a more natural look, use a lip brush to apply lipstick in a circular motion. The brush will create a soft, natural look.

For a more dramatic look, use a lip brush to apply lipstick in a straight line. The brush will create a bold, dramatic look.

Step 6

Lip Liner

Use a lip brush to apply and blend lip liner on the lips. Start with the brush in the center of the lips, then move to the corners and blend out the edges.

For a more natural look, use a lip brush to apply lip liner in a circular motion. The brush will create a soft, natural look.
