Making A Change For Good A Guide To Compassionate Self Discipline:

Making a Change for Good Cheri Huber, 2007-01 In her new book Huber takes on the topic of changing ourselves how do we break bad habits and start good ones whether it's in the realm of exercise eating shopping or committing ourselves to a spiritual practice such as meditation Huber points out that we've all been led to believe that if we were only a little better in some way we'd find happiness We're always thinking Life isn't the way it should be and it's my fault But Huber explains no amount of self punishment will ever make us happy or bring us control over life's problems The happiness and peace we are looking for is ultimately found only in self acceptance and kindness **MAKING A CHANGE FOR GOOD** encourages us to focus on what is true for us in this moment so that our experience can be authentic awake honest and joyful with no need to hide out in addictive behaviors or run away from reality by using substances or other habitual escapes This book includes a guided thirty day program of daily meditation contemplation and journaling

Making a Change for Good Ashwini Narayanan, Cheri Huber, 2024-06-05 Making a Change for Good will assist anyone to make a change of any kind whatever the area diet fitness stress addictions unskillful behaviors anxiety finances spiritual practice Kind compassionate encouragement for confronting personal issues head on and supportive tools for addressing the struggle are the differences in approach this book offers Readers realize that lack clarity is the hindrance to addressing an issue not lack of self discipline Rather than being caught in self hating and self blaming loops that veer us off course we can learn to mentor ourselves and this book teaches us how The 30 day retreat at the end of the book provides a structure for practicing compassionate self discipline

Making a Change for Good Cheri Huber, Ashwini Narayanan, 2021-10 Self discipline a lucky few can dial it up at will but the rest of us struggle I try hard but I just can't be disciplined about certain things But Huber writes Trying hard to change is self rejection and will never result in self discipline Acceptance and kindness are what we need This book is for those who are ready for an effective way of making changes but haven't succeeded Guided by our innate intelligence we learn compassionate self discipline When present and aware we are not lost in distracting addictive behaviors If we practice paying attention to what is here in this moment we can be authentic awake honest and joyful Bringing awareness to how we are talked out of keeping our commitments is key to compassionate self discipline as is having a coach that is kind wise and firm encouraging us along the way This book provides a 30 day program of awareness exercises that will help show how addiction and distraction interfere with our ability to keep commitments to ourselves The powerful technique of Recording and Listening is included with suggestions on how to use audio recordings in our own voice as support for Making a Change for Good

Sweet Zen Cheri Huber, 2020-09-15 Sweet Zen is an impressive compendium of clear and inspiring teachings showcasing Zen Buddhist approaches to spiritual practice Offering the unusual perspective on the softness and sweetness to be discovered in the Zen path which has long been associated with formality and even harshness this book includes the traditional rigor of Zen practice but is balanced and eased with ever growing compassion for the self and for the suffering

caused by the delusion that we are separate from all that is Trained in the Soto tradition of Zen Buddhism Cheri Huber has taught meditation for more than 20 years *The Big Bamboozle* Cheri Huber,Ashwini Narayanan,2019-03-11 Zen techniques from a renowned Zen teacher to derive greater satisfaction from life Are you making choices that are supposed to give you what you want but leave you feeling unfulfilled and disappointed This new book is based on the Buddha s teachings and the practice of Zen and breaks down the structures of this karmic process Written in a humorous and lighthearted style it illustrates through essays stories and examples what keeps us from choosing well being love happiness and joy as our life experience In addition the book contains a full year of practical exercises and nuggets of wisdom from those who have practiced with these teachings **What You Practice Is What You Have** Cheri Huber,2024-11-02 Our lives are the result of what we practice For example if we practice chasing after money or I m overwhelmed with work or things should be different that s the life experience we will have Focusing on something wrong and not enough will create a life of lack or failure If we want our lives to be different we must practice the difference we want To have a different practice we must 1 recognize our current practice 2 clarify the practice we want instead and 3 learn to practice moment by moment what we choose The sequel to Cheri Huber s perennial best seller There Is Nothing Wrong with You Going Beyond Self Hate this book further exposes with clarity and humor the antics of mental conditioning and self hate It introduces the powerful practice of Recording and Listening with tools and techniques to develop the relationship with the Wisdom Love and Compassion that allow us to transcend self hate **I Don't Want To, I Don't Feel Like It** Ashwini Narayanan,Cheri Huber,2024-05-29 Whether it s a choice such as a class we ve signed up for or a chore we feel we have no choice about resistance a voice in the head saying I don t want to I don t feel like it can rocket us from commitment to inaction in a matter of seconds Employing the tenets of Zen Awareness Practice the book provides numerous exercises and tools for working through resistance It reveals how the voice of resistance operates in everyday life the many forms it takes and how to be free of it Transcending resistance is a practice of recognizing it as a process that happens to everybody and not taking it personally *Suffering Is Optional* Cheri Huber,2024-03-20 Suffering Is Optional Three Keys to Freedom and Joy centers around three basic aspects of Zen practice pay attention believe nothing and don t take anything personally As ending suffering requires that one sees how suffering happens the book urges readers to be willing to be quiet and pay attention to the process of suffering in an effort to see each moment as an opportunity to step beyond illusion into freedom It also argues that examining beliefs abandoning them and returning attention to the present is essential to ending suffering as is living in the awareness that nothing in the universe is personal **Leadership in a VUCA World** Michael Fuchs,Jochen Messner,Robert Sok,2018-08-02 VUCA is not just another acronym Originally coined by the American military to describe a situation fraught with a variety of challenges it now has a permanent place in the realms of strategic leadership Those who have made it into an enterprise management role are finding that their leadership skills are truly being tried and tested on account of the volatile uncertain complex and

ambiguous environment we are in Agility is now the name of the game Developing one's leadership skills to match this requirement and to not only surmount the challenges posed by the VUCA world but do so in a mature and authentic way is what this book is all about It gently submerges the reader into an impressive tank of knowledge that the authors experts in the field of personal development have amassed during their careers Psychology mythology and examples of real life enterprises are accompanied by the excellent analogy of one of our best known heroes Luke Skywalker of the Star Wars films to illustrate that there is nothing to fear that we all have the potential to act courageously At regular intervals throughout the book the reader is presented with thought provoking questions and statements the answers to which will help them eventually resurface with a clear picture of how to use their skills and talents to motivate themselves and others to proceed wisely in the corporate landscape Contents An expert guide from three vastly experienced and accomplished executive coaches Learn effectively at your own pace any time and anywhere Convincing background knowledge and examples
