Making All The Difference Inclusion Exclusion And The American Law:

Making All the Difference Martha Minow, 1990 Martha Minow takes a hard look at the way our legal system functions in dealing with people on the basis of race gender age ethnicity religion and disability **Temporary Special Measures** Ineke Boerefijn, 2003 Revised papers and comments that were presented at the meeting organised in Maastricht in October 2002 The aim of the meeting was threefold to provide input for the CEDAW Committee stimulate the legal debate on the issue of temporary measures and contribute towards the promotion of positive action measures in the Netherlands

Varieties of Feminist Liberalism Amy R. Baehr, 2004-04-05 The essays in this volume present versions of feminism that are explicitly liberal or versions of liberalism that are explicitly feminist By bringing together some of the most respected and well known scholars in mainstream political philosophy today Amy R Baehr challenges the reader to reconsider the dominant view that liberalism and feminism are incompatible Visit our website for sample chapters [Human Rights](#) Eva Brems, 2001-05-15 2 2 In the CRC *Children's Health and Children's Rights* Michael Freeman, 2006-02-01 This collection offers a series of essays highlighting many of the most controversial of contemporary issues relating to children medicine and health care including the participation rights of children genetic testing male circumcision organ donation gender reassignment the rights of autistic children anorexia nervosa Essays are written by a range of leading scholars across a range of disciplines A number of the essays in this collection were previously published in the International Journal of Children's Rights *Judgment, Imagination, and Politics* Jennifer Nedelsky, 2001-07-20 Judgment Imagination and Politics brings together for the first time leading essays on the nature of judgment Drawing from themes in Kant's Critique of Judgment and Hannah Arendt's discussion of judgment from Lectures on Kant's Political Philosophy these essays deal with the role of imagination in judgment judgment as a distinct human faculty the nature of judgment in law and politics and the many puzzles that arise from the enlarged mentality the capacity to consider the perspectives of others that aren't in Kant treated as essential to judgment *The UN Convention on the Elimination of All Forms of Discrimination Against Women* Marsha A. Freeman, Beate Rudolf, Christine Chinkin, 2012-01-26 This is the first commentary on the Convention on the Elimination of All Forms of Discrimination Against Women CEDAW analyzing the Convention article by article Each chapter provides an overview of an article's negotiating history interpretation and all the relevant case law including decisions and recommendations by the CEDAW Committee *Ethics, Law, and Policy* Jerome E. Bickenbach, 2012-01-03 This volume in The SAGE Reference Series on Disability explores ethical legal and policy issues of people with disabilities and is one of eight volumes in the cross disciplinary and issues based series which examines topics central to the lives of individuals with disabilities and their families With a balance of history theory research and application specialists set out the findings and implications of research and practice for others whose current or future work involves the care and or study of those with disabilities as well as for the disabled themselves The presentation style concise and engaging emphasizes accessibility

Taken individually each volume sets out the fundamentals of the topic it addresses accompanied by compiled data and statistics recommended further readings a guide to organizations and associations and other annotated resources thus providing the ideal introductory platform and gateway for further study Taken together the series represents both a survey of major disability issues and a guide to new directions and trends and contemporary resources in the field as a whole

Meeting Families Where They Are Beth Harry, Lydia Ocasio-Stoutenburg, 2020 The authors examine the importance of equitable family advocacy in special education professionals work in order to redress inequities that often challenge childrens and families rights to sufficient and equitable educational outcomes Harry and Ocasio Stoutenburg draw on intersectionality to inform the work of advocacy In the words of the authors our purpose is to change the language of advocacy from its original meaning of one who speaks for to one who speaks with Advocacy is not a one size fits all kind of work The authors examine the socio historical context of advocacy work its further development in the Civil Rights Era and provide grounded examples of doing advocacy work at the school community level as well as at the policy level The book intends to provide a working model of co constructed advocacy to benefit all families **Reconstructing Reconstruction**

Pamela Brandwein, 1999 Looks at the contest to construct history focusing on competing versions of Reconstruction history supported by different factions after the Civil War The author analyzes how the ultimately dominant version of the history won credence and how that in Lubavitchers as Citizens Jan Feldman, 2018-07-05 Lubavitchers are active in the civic life of their communities and so should be considered good citizens by advocates of participatory democracy However their obviously nonliberal worldview tends to elicit rancor in precisely those quarters The notion that democratic political institutions require the support of a democratic political culture is pervasive in political theory Many scholars treat democratic virtues and liberal values as synonymous As a result nonliberal groups are viewed with suspicion if they reject liberal values they are also seen as rejecting democratic ones Jan Feldman focuses on a subset of Chassidic Judaism known as Lubavitch or ChaBad to explore this assumption Lubavitchers make an excellent test case she explains because they are informed politically active and democratic on the one hand yet embrace nonliberal values on the other Unlike the Amish or Hutterites they do not rely on rural isolation for group survival but function remarkably well in secular urban settings They embrace rather than withdraw from political life Although they do not use the state to promote their worldview to a wider audience their entry into the public realm often generates hostility and fear Feldman does not claim that liberal values are irrelevant to democracy nor does she argue that all nonliberal groups are equally benign What Lubavitchers allow us to investigate she writes is the common assumption that liberal and democratic attitudes are inextricably linked Through numerous interviews in the centers of Lubavitch life in Montreal New York and Washington D C she not only illuminates a group fascinating in its own right but also provides insights into long held assumptions about the relationship between liberal and democratic values National Solutions to Trans-Border Problems? Isidro Morales, 2016-04-22 Triggered by the North

American Free Trade Agreement NAFTA Canada the United States and Mexico redefined their public policies to facilitate the regionalization of transactions However this volume addresses the institutional gaps that still remain focusing mainly on the cross border governance of security aspects It gathers interdisciplinary contributions of specialists working on continental issues within Canada the United States and Mexico and highlights the transnational dimension of certain issues still managed under national framed policies Furthermore it explores the possibilities and constraints for moving public policy into new cross border governance strategies Divided in three parts the first part assesses what is at stake in cross border governance issues and whether the integrative trend in the region will be maintained or stalled in the years to come The second part explores the growing scope of security problems interconnected with borders migration energy and drug trafficking across the region It highlights how Mexico and Canada are responding or adapting their policy choices to a continental security approach framed by the US after the terrorist attacks of September 11 and to the major concerns of the Obama administration The third part focuses on the governance of territorial borders and bilateral affairs i e Mexico US and Canada Mexico relations

Smoldering City Karen Sawislak,1995-12-15 Examines the various debates the city faced after the Chicago fire in dealing with homelessness the care and feeding of much of the population and the problem of rebuilding amidst political chaos and people working at cross purposes Explains the events that led up to the Chicago fire intensely dry conditions a 20 m p h southwest wind and an unfortunate spark at 10 oclock on the night of Oct 8 all combined to turn Chicago into a vast ocean of flame The rift between the immigrant working class and the wealthy native born Chicagoans made Catherine O Leary and her famous cow a perfect scapegoat for anti Irish anti working class invective Provides historical maps plates and engravings with an epilogue and notes

Making Women Pay Rachel Roth,2018-08-06 Once backed primarily by anti abortion activists fetal rights claims are now promoted by a wide range of interest groups in American society Government and corporate policies to define and enforce fetal rights have become commonplace These developments affect all women pregnant or not because women are considered potentially pregnant for much of their lives In her powerful and important book Rachel Roth brings a new perspective to the debate over fetal rights She clearly delineates the threat to women s equality posed by the new concept of maternal fetal conflict an idea central to the fetal rights movement in which women and fetuses are seen as having interests that are diametrically opposed Roth begins by placing fetal rights politics in historical and comparative context and by tracing the emergence of the notion of fetal rights Against a backdrop of gripping stories about actual women she reviews the difficulties fetal rights claims create for women in the areas of employment health care and drug and alcohol regulation She looks at court cases and state legislation over a period of two decades beginning in 1973 the year of the Roe v Wade decision legalizing abortion Her exhaustive research shows how judicial decisions and public policies that grant fetuses rights tend to displace women as claimants as recipients of needed services and ultimately as citizens When a corporation medical authority or the state asserts or accepts rights claims on

behalf of a fetus the usual justification involves improving the chance of a healthy birth This strategy Roth persuasively argues is not necessary to achieve the goal of a healthy birth is often counterproductive to it and always undermines women's equal standing

Habermas David Ingram, 2011-01-15 The work of Jürgen Habermas b 1929 has been highly influential both in philosophy and across many disciplines in the social sciences David Ingram here provides an accessible introduction to Habermas's complex thought as it has evolved from 1953 to the present spanning philosophy religion political science social science and law One of today's most intriguing thinkers Habermas is also notably prolific for students and other readers who wish to navigate the philosopher's more than thirty books the lucid and precise Habermas Introduction and Analysis is a welcome starting point rich in insights Ingram's book addresses the entire range of Habermas's social theory including his most recent and widely discussed contributions to religion freedom and determinism global democracy and the consolidation of the European Union Recognizing Habermas's position as a highly public intellectual Ingram discusses how Habermas applies his own theory to pressing problems such as abortion terrorism genetic engineering immigration multiculturalism separation of religion and state technology and mass media feminism and human rights He also presents a detailed critical analysis of Habermas's key claims and arguments Separate appendixes introduce and clarify such important concepts as causal teleological and narrative paradigms of explanation in action theory contextualism versus rationalism in social scientific methods of interpretation systems theory and functionalist explanation in social science and decision and collective choice theory

Toward a New Socialism Anatole Anton, Richard Schmitt, 2007-01-01 Toward a New Socialism offers a critical analysis of capitalism's failings and the imminent need for socialism as an alternative form of government This book demonstrates that capitalism is destructive and limiting to the many ongoing campaigns to increase freedom equality and security Dr Richard Schmitt joins with Dr Anatole Anton to compile a volume of essays exploring the benefits and consequences of a socialist system as an avenue of increased human solidarity and ethical principle The essays offer a new definition of socialism by investigating the theories and principles of socialism its influence on social institutions and its role in work dynamics Raising important and unavoidable questions for contemporary society Toward a New Socialism is a vital resource for scholars of political theory and the globalization movement as well as a necessary read for every citizen under capitalism

Conscious Acts and the Politics of Social Change Robin L. Teske, Mary Ann Tétreault, 2000

Governing the Global Clinic Carol A. Heimer, 2025-04-29 A deep examination of how new legalistic norms affected the trajectory of global HIV care and altered the practice of medicine HIV emerged in the world at a time when medicine and healthcare were undergoing two major transformations globalization and a turn toward legally inflected rule based ways of doing things It accelerated both trends While pestilence and disease are generally considered the domain of biological sciences and medicine social arrangements and law in particular are also crucial Drawing on years of research in HIV clinics in the United States Thailand South Africa and Uganda *Governing the Global Clinic* examines how growing norms of legalized accountability have altered the work of healthcare systems and how the effects of legalization vary across different national contexts A key feature of legalism is universalistic language but in practice rules are usually imported from richer countries especially the United States to poorer ones that have less adequate infrastructure and fewer resources with which to implement them Challenging readers to reconsider the impulse to use law to organize and govern social life *Governing the Global Clinic* poses difficult questions When do rules solve problems and when do they create new problems When do rules become decoupled from ethics and when do they lead to deeper moral commitments When do rules reduce inequality And when do they reflect reproduce and even amplify inequality

Political Order Ian Shapiro, Russell Hardin, 1998-05-01 The collapse of the Soviet empire stands as a dramatic reminder that political institutions are human creations that can be designed more or less well The question of what constitutes a viable political order is as old as it is profound and is a central part of the works of such thinkers as Plato Aristotle Machiavelli Hobbes Locke Montesquieu and the American Founders In eighteen original essays *Political Order* presents the work of major scholars such as Robert Dahl John Gray Jennifer Nedelsky Pasquale Pasquino James Scott Karen Orren Steven Skowronek Walter Dean Burnham Morris Fiorina and Norman Schofield who address some of the most pressing questions about political order Under what conditions do we get political order rather than political chaos How is political order sustained once it has been created Do constitutions and electoral systems matter and if so how much Is there one best type of political order and if not what is the range of viable possibilities and how should they be evaluated
