Making All Things Well Isobel de Gruchy, 2013-02-21 40 reflections exploring how the writings of Julian of Norwich can provide comfort and support for even the most extreme need They open up her central themes suffering overcoming evil the faithfulness of God and relate them to the challenges we encounter today Ideal for personal reading during Lent for a retreat or for group reflection

This Monastic Moment John De Gruchy, 2023-09-28 Kairos is used in the New Testament to signify a pivotal moment in history a critical time of judgement and opportunity where chaos must be faced and one must change their ways before it becomes irreparable Confronted by the Covid 19 pandemic and mandatory isolation John de Gruchy felt a similar need to adapt and respond In doing so he found a deepening in his desire for authentic humanity genuine community and the opportunity affirm his conviction that true humanity is rooted in God wisdom and the struggle for justice

This Monastic Moment John W. de Gruchy, 2021-10-30 Kairos refers to moments in chronological time when all hell is breaking loose and we are called to change our ways before we are dragged into the abyss Kairos is apocalyptic time and it is here and now Such is the time in which we need to listen again to St Benedict of Nursia Far too many of us Christians have either been seduced by the false values of the age and the spirit of Christian triumphalism or else have been attracted to gnostic forms of spirituality that provide a means of escape from reality and responsibility Any delay in responding to this kairos moment increases the danger that we fail to change our ways and grasp the opportunity God gives us to receive the coming kingdom in greater fullness now So St Benedict __een hundred years a_er he wrote his Rule continues to tell us to listen wake up and run while there is still light _is is a time for both contemplation and action prayer and doing justice a time for mystics and prophets to join hands and hearts for the sake of the world From the Prologue

Between Heaven and Earth Isobel De Gruchy, 2015-07-24 Between these covers in the form of poems and prayers is condensed the insight and spirituality of a life lived fully in South Africa a country first in struggle and then in transition They are wide ranging in their style and subject matter from free verse to traditional forms from heartfelt prayers to light hearted poems from poems on nature to poems that ask deep spiritual questions from poems and prayers written when all is light and full of joy to those that take one into the depths of loss and grief In short they will take you between heaven and earth They are interspersed with whimsical drawings that enhance the experience

Faith Facing Reality John W. de Gruchy, 2022-10-21 The COVID 19 pandemic and the war in Ukraine have starkly reminded us of the realities that threaten our future on planet Earth Christian faith is not a way of escaping these realities but of engaging them in the struggle for justice and peace motivated by love enabled by faith and sustained by hope This is based on the conviction that in Jesus

Christ the reality of God has become redemptively embodied within the reality of the world Written within the context of South Africa but with global vision and in conversation with the legacy of Dietrich Bonhoeffer this book is an attempt to stir up discussion and inform action in connecting worldly and transcendent reality Inevitably this will be controversial not least because that is something that Bonhoeffer risked This is certainly true when it comes to the five realities that provide much of the book's substance the persistence of racism the will to power scientism and soulless technology the conflict in Israel Palestine and the threat of wars and pandemics Is it possible to believe in the God of Jesus Christ in such a world If so what does that mean and how does it help us live creatively redemptively and faithfully To answer these questions the author examines the meaning of faith the human desire for transcendence and the need for conversion wisdom solidarity and responsible freedom

Integral Community Enterprise in Africa Anselm Adodo, 2017-04-03 At a time of global economic crisis and disillusionment with capitalism Adodo offers refreshing and positive insight into a more integral way of business management enterprise and community development as well as holistic healing in Africa For over three decades Africa was the recipient of billions of dollars in aid funds that were meant to catapult the continent from undeveloped to developed status Yet the more the aid poured in the poorer African countries became The devastating effect of western economic models in Africa that followed is well documented *Integral Community Enterprise in Africa* exposes the limitations of existing theories such as capitalism socialism and communism and shows how western theories were imposed on Africa Such imposition of concepts and ideas is not only demeaning but also unsustainable serving only the interest of the elite Father Anselm Adodo argues for the need to have a southern theory to serve as an alternative to western theories The majority of African intellectuals and activists while criticizing existing theories often do not provide alternative theories to address the prevalent inadequacies entrenched in conventional social political and economic systems This revolutionary book aims to address this lapse and proposes the theory of communitalism as a more indigenous sustainable and integral approach to tackling the social political economic and developmental challenges of today's Africa There is an African alternative to capitalism socialism and communism a surer path to sustainable development in and from Africa This is a book that is positioned at the very core of a much needed African Renaissance A profoundly new approach to development in Africa this is essential reading for anyone concerned with authentic development in Africa and in the world

Solle and Jurgen Moltmann Norton constructs a compassionate model of theodicy that can be of use to both pastoral and systematic theologians Throughout he remains sensitive to the raw atrocity of evil while preserving a vision of God as the one who ensures that all shall be well
