Making Burros Fly Cleveland Amory Animal Rescue Pioneer:

Making Burros Fly Cleveland Amory, Julie Hoffman Marshall, 2006 People who knew Cleveland Amory say it would be impossible to forget him and his compassion for animals He is the loveable old curmudgeon the author of *The Cat Who Came for Christmas* a man who evolved from writer to animal crusader Amory also created the Fund for Animals an aggressive animal rights organization This book chronicles Amory's amazing Army of the Kind airlifting 500 burros set to be slaughtered from the depths of the Grand Canyon saving pigeons and rabbits stalking hunters shooting buffalo Along the way he created sanctuaries for animals to save them from abuse and neglect establishing a network of foot soldiers for his Army The Fund never grew to the size of an organization like PETA but it was an irritating presence to anybody who tried to hurt animals The story of the Fund relates how far we've come explores how far we need to go and shows the type of personality needed to head the next generation of animal rights activists

Green Heroes László Erdős, 2020-01-14 This book provides an introduction into the diversity of the environmental movement through great characters in the green sector The book describes inspiring personal achievements and at the same time it provides readers with information regarding the history the main directions and the ethical principles of the environmental movement Some of the most important characters of the movement from all around the world are included in the book As well as the title characters Buddha and Leonardo DiCaprio other famous environmentalists like Albert Schweitzer David Attenborough and Jane Goodall are discussed Some of the less well known but equally important environmentalists such as Chico Mendes Bruno Manser Henry Spira Tom Regan or Rossano Ercolini are highlighted in the various chapters The selection of characters represents all major branches within the green sector ranging from medieval saints to Hollywood celebrities from university professors to field activists from politicians to philosophers from ecofeminists to radicals

The Historical Animal Susan Nance, 2015-09-22 The conventional history of animals could be more accurately described as the history of human ideas about animals Only in the last few decades have scholars from a wide variety of disciplines attempted to document the lives of historical animals in ways that recognize their agency as sentient beings with complex intelligence This collection advances the field further inviting us to examine our recorded history through an animal centric lens to discover how animals have altered the course of our collective past The seventeen scholars gathered here present case studies from the Pacific Ocean Africa Europe and the Americas involving species ranging from gorillas and horses to salamanders and orcas Together they seek out new methodologies questions and stories that challenge accepted historical assumptions and structures Drawing upon environmental social and political history the contributors employ research from such wide ranging fields as philosophy and veterinary medicine embracing a radical interdisciplinarity that is crucial to understanding our nonhuman past Grounded in the knowledge that there has never been a purely human time in world history this collection asks and answers an incredibly urgent question for historians and others interested in the nonhuman past in an age of mass extinctions mass animal

captivity and climate change when we know much of what animals have done in the past which of our activities will we want to change in the future *The Journal of Arizona History* ,2019 *The Longest Struggle* Norm Phelps,2007 Tells the story of animal exploitation Follows the development of animal protection from the ancient world through the Enlightenment the anti vivisection battles of the Victorian Era and the birth of the modern animal rights movement with the publication of Peter Singer s *Animal Liberation* *Cultural Encyclopedia of Vegetarianism* Margaret Puskar-Pasewicz,2010-09-16 Intended for students general readers vegetarians and vegans as well as those interested in animal welfare and liberation this A Z encyclopedia explores the historical and cultural significance of vegetarianism in the United States and beyond Vegetarianism in the United States did not start in the 1960s it has a much longer complex history going back to the early 1800s *Cultural Encyclopedia of Vegetarianism* examines that history through the lens of culture focusing on what vegetarianism has had to say to and about Americans This A Z encyclopedia brings together the work of a number of scholars from diverse fields including history sociology philosophy religious studies anthropology nutrition American studies religious studies women s and gender history and the history of medicine Approximately 100 essay entries cover cultural and historical aspects of vegetarianism primarily but not exclusively in relation to the United States shedding light on the practice s roots in ancient cultures and challenging popular myths and misconceptions related to both vegetarianism and veganism With discussions on everything from activist movements to cookbooks the encyclopedia offers a unique wide ranging exploration that will appeal to students practitioners and anyone else who wants to know more *AllAnimals* ,2006
