**Women and Work in Asia and the Pacific** Marian Baird, Rae Cooper, Jane Parker, Noelle Donnelly, 2023-02-09 Working women everywhere face discrimination Inequality and lack of inclusion is reinforced through regulation policy behaviors and attitudes Although there has been progress in some countries gender equality at work has yet to be achieved by any nation This in depth study examines the challenges faced by working women their families and communities in ten countries throughout Asia and the Pacific New Zealand Australia Japan China Cambodia India Sri Lanka Fiji Pakistan and the Philippines Informed by the work of senior academics policy makers and community group representatives and with a foreword by Elizabeth Broderick independent expert for the Working Group on Discrimination Against Women and Girls United Nations Human Rights Council working women's experiences are described and analyzed within a framework of four themes demography globalization technological development and sustainability Drawing on this wide range of qualitative and quantitative evidence the authors set out recommendations for coordinated and context sensitive responses specific to each country to improve the working lives of women and girls

*Nursing, Health, and the Environment* Institute of

Medicine, Committee on Enhancing Environmental Health Content in Nursing Practice, 1995-11-19 America's nurses are an estimated 2 million strong and are often at the frontlines in confronting environmental health hazards. Yet most nurses have not received adequate training to manage these hazards. *Nursing Health and the Environment* explores the effects that environmental hazards, including those in the workplace, have on the health of patients and communities and proposes specific strategies for preparing nurses to address them. The committee documents the magnitude of environmental hazards and discusses the importance of the relationship between nursing health and the environment from three broad perspectives: Practice. The authors address environmental health issues in the nursing process, potential controversies over nurses taking a more activist stance on environmental health issues, and more. Education. The volume presents the status of environmental health content in nursing curricula and credentialing and specific strategies for incorporating more environmental health into nursing preparation. Research. The book includes a survey of the available knowledge base and options for expanding nursing research as it relates to environmental health hazards.

**Media Mythmakers** Benjamin Radford, 2010-05 This hard hitting critique of media culture examines not only the ways in which the public is deceived but the media's role in propagating those deceptions. Illustrations

**Theological Education and Christian Scholarship for Human Flourishing** Celucien L. Joseph, 2022-09-14 This book explores the interconnection of theological education and Christian scholarship, cultural and theological hermeneutics, pedagogy, and community knowledge, democracy, and citizenship. Yet the three major disciplines or discourses covered in this work include multicultural education, theology, and hermeneutics through the lens of human flourishing and the concept of the good life. From this angle, this project is written from three different methods and approaches that intersect with each other: a theology of contextualization, a hermeneutics of interculturality, and a pedagogy of cultural literacy and transformative community knowledge. The book advances the idea that theological education should be the starting point to foster candid conversations about the importance of democracy and human rights, civic engagement, and the political life, inclusion and diversity, and pluralism and difference in our multicultural society. The book uses the tools of multicultural education and cultural knowledge to enhance democracy and promote fundamental human virtues that would sustain the good life and human flourishing in the world in the Aristotelian sense and in the Socratic idea of local and world citizenship. Finally, this text offers an alternative vision to contemporary theological education to deconstruct the white male and Eurocentric narratives of theological education and Christian scholarship.

**Suffer the Little Children** Anita Casavantes Bradford, 2022-03-28 In this affecting and innovative global history starting with the European children who fled the perils of World War II and ending with the Central American children who arrive every day at the U.S. southern border, Anita Casavantes Bradford traces the evolution of American policy toward unaccompanied children. At first, a series of ad hoc Cold War era initiatives, such policy grew into a more broadly conceived set of programs that claim universal humanitarian goals. But the cold reality is that decisions about which endangered minors

are allowed entry to the United States have always been and continue to be driven primarily by a geopolitics of compassion that imagines these children essentially as tools of political statecraft Even after the creation of the Unaccompanied Refugee Minors program in 1980 the federal government has failed to see migrant children as individual rights bearing subjects The claims of these children especially those who are poor nonwhite and non Christian continue to be evaluated not in terms of their unique circumstances but rather in terms of broader implications for migratory flows from their homelands This book urgently demonstrates that U S policy must evolve in order to ameliorate the desperate needs of unaccompanied children

The Breakthrough Years Ellen Galinsky,2024-03-26 Blending cutting edge research with engaging storytelling The Breakthrough Years offers readers a paradigm shifting comprehensive understanding of adolescence Just wait until they re a teenager Many parents of newborns have heard this warning about the stressful phase that s to come But what if it doesn t have to be that way Child development expert Ellen Galinsky challenges widely held assumptions about adolescents and offers new ways for parents and others to better understand and interact with them in a way that helps them thrive By combining the latest research on cognitive neuroscience with an unprecedented and extensive set of studies of young people nine through nineteen and their families Galinsky reveals among other things that adolescents don t want to separate completely from their parents but seek a different type of relationship that they want to be helpers rather than be helped and that social media can become a positive influence for teens Galinsky s Shared Solutions framework and Possibilities Mindset show you how to turn daily conflicts into opportunities for problem solving where both teens and parents feel listened to and respected how to encourage positive risk taking in your child like standing up for themselves making new friends and helping their communities and how to promote five essential executive function based skills that can help them succeed now and in the future The Breakthrough Years recasts adolescence as a time of possibility for teens and adults offering breakthrough opportunities for connection

*Rumors of Our Progress Have Been Greatly Exaggerated* Carolyn Maloney,2008-05-13 As a young woman Democratic Congresswoman Carolyn Maloney asked her grandmother for career advice She was shocked by the reply Get married Though much has changed for women since then more has remained the same On a January night in 2008 Maloney and her daughter attended a Hillary Clinton rally in New Hampshire Some men in the audience held Iron My Shirt posters aloft This small incident provoked outrage but it provided an important peephole onto larger problems that women face today In her groundbreaking book *Rumors of Our Progress Have Been Greatly Exaggerated* Congresswoman Maloney shatters the myths about how far we ve come highlighting how women s issues permeate every realm of society and how political change has provided only a fraction of a solution The former cochair of the Women s Caucus Maloney has access to a wealth of cutting edge research that helps her illuminate how far behind we still fall on gender equality in issues from health care to educational opportunities from poverty to reproductive freedom It s a fact that women are working harder than ever but they re still only paid three quarters the salary of their male counterparts She weaves this vital

information with gripping stories of real women making clear that she is not taking some abstract political position She is talking about real people real lives Maloney also points the way forward sharing inspiring tales of female activists who have managed to make a difference and presenting readers with take action guides that show all women practical ways they can help bring about change in their lives and the lives of others The New Art Museum Library Amelia Nelson, Traci E. Timmons, 2021-04-15 The New Art Museum Library addresses the issues facing today's art museum libraries through a series of scholarly essays written by top librarians in the field In 2007 the publication Art Museum Libraries and Librarianship edited by Joan Benedetti was the first to solely focus on the field of art museum librarianship In the decade since then many changes have occurred in the field both technological and ideological prompting the need for a follow up publication In addition to representing current thinking and practice this new publication also addresses the need to clearly articulate and define the art museum library's value within its institution It documents the broad changes in the environment that art museum libraries now function within and to celebrate the many innovative initiatives that are flourishing in this new landscape Librarians working in art museum face unique challenges as museums redefine what object based visitor centric learning looks like in the 21st century These unique challenges mean that art museum libraries are developing new strategies and initiatives so that they can continue to thrive in this environment The unique nature of these initiatives mean that they will be useful to librarians working in a wide range of special libraries as well as more broadly in academic and public libraries The New Art Museum Library is uniquely positioned to present new strategies and initiatives including digital art history initiatives the new norms in art museum library staffing and the public programming priorities that are core to many art museum libraries today This book is an endorsed project of ARLIS NA **Dark Desiring** Jacqueline Baird, 2004

**Decolonizing Wealth, Second Edition** Edgar Villanueva, 2011-09-06 This second edition expands the provocative analysis of the racist colonial dynamics at play in philanthropy and finance into other sectors and offers practical advice on how anyone can be a healer The world is out of balance With increasing frequency we are presented with the inescapable truth that systemic racism and colonial structures are foundational principles to our economies The 1 trillion philanthropic industry is one example of a system that mirrors oppressive colonial behavior It is an industry whose name means the love for humankind yet it does more harm than good In Decolonizing Wealth Edgar Villanueva looks past philanthropy's glamorous altruistic facade and into its shadows white supremacy savior complexes and internalized oppression Across history and to the present day the accumulation of wealth is steeped in trauma How can we shift philanthropy toward social reconciliation

and healing if the cornerstones are exploitation extraction and control Drawing from Native traditions Villanueva empowers individuals and institutions to begin to repair the damage through his Seven Steps to Healing In this second edition Villanueva adds inspiring examples of people using their resources to decolonize entertainment museums libraries land ownership and much more Everyone can be a healer and a leader in restoring balance and we need everyone to do their part As Villanueva writes All our suffering is mutual All our healing is mutual All our thriving is mutual Are you ready
