Magic and Magicians in the Middle Ages and the Early Modern Time Albrecht Classen, 2017-10-23 There are no clear demarcation lines between magic astrology necromancy medicine and even sciences in the pre modern world Under the umbrella term magic the contributors to this volume examine a wide range of texts both literary and religious both medical and philosophical in which the topic is discussed from many different perspectives The fundamental concerns address issue such as how people perceived magic whether they accepted it and utilized it for their own purposes and what impact magic might have had on the mental structures of that time While some papers examine the specific appearance of magicians in literary texts others analyze the practical application of magic in medical contexts In addition this volume includes studies that deal with the rise of the witch craze in the late fifteenth century and then also investigate whether the Weberian notion of disenchantment pertaining to the modern world can be maintained Magic is oddly but significantly still around us and exerts its influence Focusing on magic in the medieval world thus helps us to shed light on human culture at large

The Hundred Thousand Songs of Milarepa ,2017-09-05 An authoritative new translation of the complete Hundred Thousand Songs of Milarepa the teaching songs and

stories from Tibet's most beloved Buddhist yogi poet and saint. Powerful and deeply inspiring, there is no book more beloved by Tibetans than *The Hundred Thousand Songs* and no figure more revered than Milarepa, the great eleventh-century poet and saint. An ordinary man who through sheer force of effort, faith, and perseverance overcame nearly insurmountable obstacles on the spiritual path to achieve enlightenment in a single lifetime, he stands as an exemplar of what it is to lead a spiritual life. Milarepa, a cotton-clad yogi, wandered and taught the dharma most famously through spontaneously composed songs, a colorful and down-to-earth way to convey the immediacy and depth of the Buddhist teachings. In this work, the songs are woven into a narrative that tells the stories of his most famous encounters with his students, including Gampopa and Rechungpa, and recounts his victories over supernatural forces in the remote Himalayan mountains and caves where he meditated. In this authoritative new translation prepared under the guidance of Dzogchen Ponlop Rinpoche, Christopher Stagg brilliantly brings to life the teachings of this extraordinary man. This classic of world literature is important for its narrative alone but is also a key contribution for those who seek inspiration for the spiritual path. **MTT** Richard

Jameson, 2014-08-05. Four new candidates for positions as Observers in the Metaphysical Time Travel MTT Organization arrive at the organization's principal facility. They come under the influence of the primary management team at the facility and begin their training. This novel is about the people involved in the facility and its satellite organizations. As the candidates progress through the learning process, their development reflects the paths being carved by their linear choices. These choices are impacted by a mixture of rational and irrational decisions and the resultant interactions with each other and the existing facility staff. Everyone has a past, a present, and a future. The facility staff includes Dr. Anne Cleary, the founder of the MTT organization. Her life is extensively intertwined with the other staff members, and the novel allows us to examine some of the key moments in the life of Dr. Cleary and her staff. A crucial time in the future is discovered. It changes everything about how the MTT organization will have to function. It also impacts each of the individuals by forcing them to consider their own mortality. These are mostly good people in a challenging environment. Humor is their salvation in most cases. Anne Cleary has created an organization of caring and committed individuals. This novel lets you meet the key players and a selection of the more individual walk-on parts. **The Community of Lightbearers** Lorraine Lum Calbow, 2016-03-07. What you seek is seeking you, Rumi. It can be difficult to know what we are seeking and recognize what is seeking us, but it is essential to prevent any obstacles from keeping us from what will finally bring us back to our true selves. For Angelica Mee, Payne Porter, Evian Adams, Helena Sawolynska, Rachel Taylor, and Bo Strickler, the answer to this question requires them to journey into their daily lives and meet the challenges that have blocked them from seeing who they truly are. With the aid of ancient and contemporary guides, prophetic dreams, and synchronistic events, they struggle to reunite with a fundamental part of self, the child of wonder and delight, a long-forgotten principle that can bring them back to their essential selves. **Kailas Histories** Alex McKay, 2015-10-27. Tibet's Mount Kailas is one of the world's great pilgrimage centres, renowned as an ancient sacred
