Negotiation shows how master negotiators thrive in the face of chaos and uncertainty. They don't trap themselves with rigid plans. Instead, they understand negotiation as a process of exploration that demands ongoing learning, adapting, and influencing. Their agility enables them to reach agreement when others would be stalemated. Michael Wheeler illuminates the improvisational nature of negotiation, drawing on his own research and his work with Program on Negotiation colleagues. He explains how the best practices of diplomats such as George J. Mitchell, dealmaker Bruce Wasserstein, and Hollywood producer Jerry Weintraub apply to everyday transactions like selling a house, buying a car, or landing a new contract. Wheeler also draws lessons on agility and creativity from fields like jazz, sports, theater, and even military science. **Learn to**
