Anderson,2021-07-04 If you ve ever read an article about eBay you will have seen the kinds of incomes people make it isn t unusual to hear of people making thousands of dollars per month on eBay Next time you re on eBay take a look at how many PowerSellers there are you ll find quite a few Now consider that every single one of one of them must be making at least 1 000 per month as that s eBay s requirement for becoming a PowerSeller Silver PowerSellers make at least 3 000 each month Gold PowerSellers make more than 10 000 Platinum Powersellers make more than 25 000 and Titanium PowerSellers make at least a whopping 150 000 in sales every month The fact that these people exist gives you some idea of the income possibilities here Most of them never set out to even set up a business on eBay they simply started selling a few things and then kept going There are plenty of people whose full time job is selling things on eBay and some of them have been doing it for years now Can you imagine that Once they ve bought the stock everything else is pretty much pure profit for these people they don t need to pay for any business premises staff or anything else There are multi million pound businesses making less in actual profit than eBay PowerSellers do Even if you don t want to quit your job and really go for it you can still use eBay to make a significant second income You can pack up orders during the week and take them down to the post office for delivery each Saturday There are few other things you could be doing with your spare time that have anywhere near that kind of earning potential What s more eBay doesn t care who you are where you live or what you look like some PowerSellers are very old or very young Some live out in the middle of nowhere where selling on eBay is one of the few alternatives to farming or being very poor eBay tears down the barriers to earning that the real world constantly puts up There s no job interview and no commuting involved if you can post things you can do it Put it this way if you know where to get something reasonably cheaply that you could sell then you can sell it on eBay and since you can always get discounts for bulk at wholesale that s not exactly difficult Buy a job lot of something in demand cheaply sell it on eBay and you re making money already with no set up costs If you want to dip your toe in the water before you commit to actually buying anything then you can just sell things that you ve got lying around in the house Search through that cupboard of stuff you never use and you ll probably find you ve got a few hundred dollars worth of stuff lying around in there This is the power of eBay there is always someone who wants what you re selling whatever it might be and since they ve come looking for you you don t even need to do anything to get them to buy it So you want to get started on eBay Well that s great There are only a few little things you need to learn to get started Read on **Ebay** Greg K,2020-12-08
