Association Management ,1985 *The Plot to Change America* Mike Gonzalez,2022-06-14 The Plot to Change America exposes the myths that help identity politics perpetuate itself This book reveals what has really happened explains why it is urgent to change course and offers a strategy to do so Though we should not fool ourselves into thinking that it will be easy to eliminate identity politics we should not overthink it either Identity politics relies on the creation of groups and then on giving people incentives to adhere to them If we eliminate group making and the enticements we can get rid of identity politics The first myth that this book exposes is that identity politics is a grassroots movement when from the beginning it has been and continues to be an elite project For too long we have lived with the fairy tale that America has organically grown into a nation gripped by victimhood and identitarian division that it is all the result of legitimate demands by minorities for recognition or restitutions for past wrongs The second myth is that identity politics is a response to the demographic change this country has undergone since immigration laws were radically changed in 1965 Another myth we are told is that to fight these changes is as depraved as it is futile since by 2040 America will be a minority majority country anyway This book helps to explain that none of these things are necessarily true Collier's ,1905 *LIFE* ,1962-10-19 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **Forthcoming Books** Rose Army,2000 **The Literary World** ,1888
