Reconciling the Heart and Mind Don Broad,2010-07-20 As a devout believer who loves the traditional expressions of faith in hymns prayers and creeds yet also as one with a wholesome respect for modern science I have often found my heart and my mind to be in conflict These essays grow out of my struggle to reconcile my heart and mind The primary clue lies in my opinion that the traditional language of faith is expressed in the language of antiquity the language of idealism the belief that the idea itself is the true relity Today we think in terms of realism the belief that what we experience through our senses is the true reality These essays are my attempt to transslaste faith s language of idealism into our contemporary language of realism There is the further complication found in the emphasis on the idea that Christ died to save ME which minimizes the ethical imperatives of the cross a particularly grave failing for a nation which now tries to rule the world as Rome did in the first century Witch Ways Christine Pope, Meredith Medina, Kat Parrish, Lily Luchesi, Julia Crane, J.A. petitionary prayer 21st Century Wicca Jennifer Hunter, 1998 From the basics of wicca practice to lessons in the Magic and Magicians in the Middle Ages and the Early Modern Time Albrecht practicalities of magic Classen, 2017-10-23 There are no clear demarcation lines between magic astrology necromancy medicine and even sciences in the pre modern world Under the umbrella term magic the contributors to this volume examine a wide range of texts both literary and religious both medical and philosophical in which the topic is discussed from many different perspectives The fundamental concerns address issue such as how people perceived magic whether they accepted it and utilized it for their own purposes and what impact magic might have had on the mental structures of that time While some papers examine the specific appearance of magicians in literary texts others analyze the practical application of magic in medical contexts In addition this volume includes studies that deal with the rise of the witch craze in the late fifteenth century and then also investigate whether the Weberian notion of disenchantment pertaining to the modern world can be maintained Magic is oddly but significantly still around us and exerts its influence Focusing on magic in the medieval world thus helps us to shed light on human culture at large Teens and the New Religious Landscape Jacob Stratman, 2018-09-12 How are teenagers religious experiences shown in today s young adult literature How do authors use religious texts and beliefs to add depth to characters settings and plots How does YA fiction place itself in the larger conversation regarding religion Modern YA fiction does not shy away from the dilemmas and anxieties teenagers face today While many stories end with the protagonist in a state of flux if not despair some authors choose redemption or reconciliation This collection of new essays explores these issues and more with a focus on stories in which characters respond to a new often shifting religious landscape in both realistic and fantastic worlds Greek Magic John Petropoulos, 2008-06-12 Greek Magic presents a well illustrated introduction to the often neglected aspect of the Ancient Greeks legacy to western culture numerous magical beliefs practices and figures like the medieval and modern witch and warlock Maidens, Magic and Martyrs in Early **Christianity** Jan N. Bremmer, 2017-07-13 In this work Jan N Bremmer aims to bring together the worlds of early Christianity and those of ancient history and classical literature worlds that still all too rarely interlock Contextualising the life and literature of the early Christians in their Greco Roman environment he focusses on four areas A first section looks at more general aspects of early Christianity the name of the Christians their religious and social capital prophecy and the place of widows and upper class women in the Christian movement Second the chronology and place of composition of the early apocryphal Acts of the Apostles and Pseudo Clementines are newly determined by paying close attention to their doctrinal contents but also innovatively to their onomastics and social vocabulary. The author also analyses the frequent use of magic in the Acts and explains the prominence of women by comparing the Acts to the Greek novel Third an investigation into the theme of the tours of hell suggests a new chronological order shows that the Christian tours were indebted to both Greek and Jewish models and illustrates that in the course of time the genre dropped a large part of its Jewish heritage The fourth and

final section concentrates on the most famous and intriguing report of an ancient martyrdom the Passion of Perpetua It pays special attention to the motivation and visions of Perpetua which are analyzed not by taking recourse to modern theories such as psychoanalysis but by looking to the world in which Perpetua lived both Christian and pagan It is only by seeing the early Christians in their ancient world that we might begin to understand them and their emerging communities Publisher's description *The Twelve Steps to Happiness* Joe Klaas, Jennifer Schneider, M.D., Gayle Rosellini, Mark Worden, 1990-04-14 For those of us working a Twelve Step program here is a useful touchstone for anyone who has wrestled with questions like Am I really working my program to the fullest This classic handbook helps us find the tools to work our programs and see our way clear toward the happiness we deserve
