Gods And Mortals Modern Poems On Classical Myths:

Gods and Mortals Modern Poems on Classical Myths Jamarion Henry, 2017-04-25 Perhaps it is because the myths echo the structure of our unconscious that every new generation of poets finds them a source of inspiration and self recognition says Nina Kossman in her introduction to this marvelous collection Indeed from Valery Yeats Lawrence Rilke Akhmatova and Auden writing in the first half of the century to such contemporary poets as Lucille Clifton Derek Walcott Rita Dove Wislawa Szymborska and Mark Strand the material of Greek myth has elicited a poetry of remarkably high achievement And by organizing the poems first into broad categories such as Heroes Lovers Trespassers and secondly around particular mythological figures such as Persephone Gods and Mortals Nina Kossman, 2001-03-22 For centuries poets have looked into the mirror of classical myth to show us the many ways our emotional lives are still reflected in the ancient stories of heroism hubris transformation and loss that myths so eloquently tell Now in Gods and Mortals Modern Poems on Classical Myths we have the first anthology to gather the great 20th century myth inspired poems from around the world Perhaps it is because the myths echo the structure of our unconscious that every new generation of poets finds them a source of inspiration and self recognition says Nina Kossman in her introduction to this marvelous collection Indeed from Valery Yeats Lawrence Rilke Akhmatova and Auden writing in the first half of the century to such contemporary poets as Lucille Clifton Derek Walcott Rita Dove Wislawa Szymborska and Mark Strand the material of Greek myth has elicited a poetry of remarkably high achievement And by organizing the poems first into broad categories such as Heroes Lovers Trespassers and secondly around particular mythological figures such as Persephone Orpheus or Narcissus readers are treated to a fascinating spectrum of poems on the same subject For example the section on Odysseus includes poems by Cavafy W S Merwin Gregory Corso Gabriel Zaid Louise Gluck Wallace Stevens and many others Thus we are allowed to see the familiar Greek hero refracted through the eyes and sharply varying stylistic approaches of a wide range of poets from around the world Here then is a collection of extraordinary poems that testifies to and amply rewards our ongoing fascination with classical myth

Memory, Metaphors, and Meaning Nicolae Babuts, 2017-07-05 Literature explores the human condition the mystery of the world life and death as well as our relations with others and our desires and dreams It differs from science in its aims and methods but Babuts shows in other respects that literature has much common ground with science Both aim for an authentic version of truth To this end literature employs metaphors and it does so in a manner similar to that of scientific inquiry The cognitive view does not imply that there is a one to one correlation between the world and text that meaning belongs to the author or that literature is equivalent to perception What it does maintain is that meaning is crucially dependent on mnemonic initiatives and that without memory the world remains meaningless Nicolae Babuts claims that at the interface with the printed page readers process texts in a manner similar to the way they explain the visible world in segments or units of meaning or dynamic patterns Babuts argues that humans achieve recognition by integrating stimulus

sequences with corresponding patterns that recognize and interpret each segment of a text Memory produces meaning from these patterns In harmony with its goals memory may adopt specific strategies to deal with different stimuli Dynamic patterns link the unit of processing with the unit of meaning In sum Babuts proposes that meaning is achieved through metaphors and narrative and that both are ways to reach cognitive goals This original study offers perspectives that will interest cognitive psychologists as well as those simply interested in the process through which literature stirs the human imagination

Robert Graves and the Classical Tradition Alisdair G. G. Gibson, 2015 The poet Robert Graves use of material from classical sources has been contentious to scholars for many years with a number of classicists baulking at his interpretation of myth and his novelization of history and questioning its academic value This collection of essays provides the latest scholarship on Graves historical fiction for example in *I Claudius* and *Count Belisarius* and his use of mythical figures in his poetry as well as an examination of his controversial retelling of the Greek Myths The essays explore Graves unique perspective and expand our understanding of his works within their original context while at the same time considering their relevance in how we comprehend the ancient world

Harrison, 2009-08-20 This collection of essays explores the extensive use of Latin and Greek literary texts in a range of recent poetry written in English It contains both contributions from poets who include Tony Harrison Seamus Heaney and Michael Longley talking about their uses of classical literature in their own work in lyric poetry and in theatre poetry and essays from academic experts on the same topics *Living Classics* asks why contemporary poets are returning to making versions of and allusions to Greek and Roman literature in their work and interrogates the parallel interest of modern classical scholars in the contemporary reception of classical texts

Homer's Daughters Fiona Cox, Elena Theodorakopoulos, 2019-10-03 This collection of essays examines the various ways in which the Homeric epics have been responded to reworked and rewritten by women writers of the twentieth and early twenty first centuries Beginning in 1914 with the First World War it charts this understudied strand of the history of Homeric reception over the subsequent century up to the present day analysing the extraordinary responses both to the *Odyssey* and to the *Iliad* by women from around the world The backgrounds of these authors and the genres they employ memoir poetry children s literature rap novels testify not only to the plasticity of Homeric epic but also to the widening social classes to whom Homer appeals and it is unsurprising to see the myriad ways in which women writers across the globe have played their part in the story of Homer s afterlife From surrealism to successive waves of feminism to creative futures Homer s footprint can be seen in a multitude of different literary and political movements and the essays in this volume bring an array of critical approaches to bear on the work of authors ranging from H D and Simone Weil to Christa Wolf Margaret Atwood and Kate Tempest Students and scholars of not only classics but also translation studies comparative literature and women s

writing will find much to interest them while the volume's concluding reflections by Emily Wilson on her new translation of the *Odyssey* are an apt reminder to all of just how open a text can be and of how great a difference can be made by a woman's voice

Creatively Expanding the Premodern Carole Levin, Marguerite A. Tassi, Christine Stewart-Nuñez, Julia Griffin, 2025-10-27 This book highlights the stories of women from premodern history and literature through models of adaptations, retellings, and criticism such as poems, plays, and essays. Reviving these voices from the background widens the appeal and accessibility of scholarship in the humanities. Creative composing processes draw research through the imagination and experience of the writer. This act can help explore qualities of historical events and literary figures that are still relevant today. The four authors of this book demonstrate these approaches through creative adaptations and responses to Biblical and Classical writings, Greek mythological figures, medieval narratives, powerful historical women, plays by Shakespeare, and works by other early modern English writers. What distinguishes this book from other scholarship on the premodern is its collaborative and interdisciplinary foundation as well as its emphasis on literary and hybrid genres. Offering interdisciplinary ways of reading, thinking about, and reconceiving literature and scholarship in a way that invites dialogue and further creative responses, this volume provides humanities teachers with effective pedagogical tools to inspire deeper engagement and understanding in their students.

Ovid and the Moderns Theodore Ziolkowski, 2005 The reasons for the conspicuous popularity of Ovid, his life as well as his works at the turn of the new millennium bear investigation. This book speaks of the new bodies assumed in the twentieth century by the poems and tales to which Ovid gave their classic form, including prominently the account of his own life which has been hailed by many writers of our time as the archetype of exile. I intend to suggest some of the reasons for Ovid's appeal to different writers and different generations from the Preface. Theodore Ziolkowski approaches Ovid's Latin poetry as a comparatist, not as a classicist, and maintains that the contextualization of individual works helps place them in a larger tradition. Covering the period 1912-2002, *Ovid and the Moderns* deals with the reception of Ovid and of Ovid's works in literature. After beginning with a discussion of Giorgio de Chirico's *Ariadne* paintings of 1912 and the Hofmannsthal Strauss opera *Ariadne auf Naxos*, Ziolkowski considers European literary landmarks from the High Modernism of Joyce, Kafka, Mandelstam, and Pound by way of the mid-century exiles to postmodernism and the century's end when a surge of interest in Ovid was fueled by a new generation of translations. One of Ziolkowski's conclusions is that the popularity of Ovid alternates in a regular rhythm and for definable reasons with that of Virgil.

Sibylline Sisters Fiona Cox, 2011-09-01 The history of Virgil and his receptions is long and varied. His twentieth-century career transformed his appearance as an anaemic imitator of Homer into the Father of the West speaking above all for the marginalized and exiled. At the turn of the millennium it is women writers who, having been largely absent from the story of Virgil's reception, are for the first time shaping a new *aetas Vergiliana* by drawing on his poems to speak of their own preoccupations and concerns. Through an analysis of Virgil's presence in the work of contemporary women writers from

North America Joyce Carol Oates Janet Lembke Ursula Le Guin Britain Margaret Drabble A S Byatt Ruth Fainlight Michèle Roberts Carol Ann Duffy U A Fanthorpe Josephine Balmer Ireland Eavan Boland and continental Europe Christa Wolf Hélène Cixous Charlotte Delbo and Monique Wittig this book identifies a new Virgil one who speaks in female tones of the anxieties exclusions pleasures and threats of the contemporary world While each of the female writers included in this volume draws upon her own distinct cultural heritage Cox focuses on a number of shared themes and values which emerge through their work Through the works of these modern versions of the Sibyl Virgil speaks both of explicitly female concerns and wider cultural issues and threats that shadow modern life

Okemwa, 2025-06-03 Silence is not the absence of anything it is the presence of something the existence of a god or a sort of divinity as heard in the flapping wings of a butterfly on the windowpane or as heard in the claps of thunder in the stormy rain or as heard in the susurrations of the wind among the trees it is simply the visit of a Muse a piece of God's hair which breaks off and hovers in the air infiltrating our creative compositions Indeed it is the presence of something not the absence of anything a domain of possibilities a shade of emotions and a mirror to the soul In this anthology silence embodies various metaphors such as silence is golden silence is deafening silence is a veil of snow silence is a mirror silence is a veil of secrecy silence is a sanctuary silence is a lullaby etc With its many metaphors as used by poets in this anthology silence then seems to play a role in our existence and the way we human beings perceive things *Poetry and Islands* Rajeev S.

Patke, 2018-03-01 In all cultures and times the poetic imagination has fed on the natural attributes of islands An island is either a destination or a home or a place of exile and imprisonment or simply a place to sojourn It is an ideal vehicle for journeys treated as allegories or for acts of finding that turn into acts of losing or the reverse transformation An island is not a continent yet it can be an archipelago An island is both a place in itself and a pretext for imaginings that need a local habitation and a name It can give relief and pleasure or it can frustrate isolate and negate Above all it both invites and resists or contains or constrains the imagination *Poetry and Islands* explores how islands become repositories of human longings

and desires a locus for some of our deepest fears and fantasies It balances historical and geographical reference with a selective approach to poems and poets in English and in translations into English The study of particular poems in which islands figure in exemplary ways is balanced by a more detailed discussion of the poets who have played a major role in shaping human responses to islands on a global scale
