Destruction and Creation Mary Ann Mattoon,1999 The 14th Congress for Analytical Psychology was held 23 28 August 1998 in the ancient city of Florence Italy The theme Destruction and Creation Personal and Cultural Transformations is

especially appropriate to the Italian setting with that nation's history of destruction both from nature and from human activity and its tradition especially in Florence of creative individuals and institutions The theme is fitting also to the context of Jungian psychology with its emphasis on these and other pairs of opposites with their integral role in psychic wholeness Acknowledging also that destruction is indispensable to creation some Jungians prefer the term creative unconscious to the traditional collective unconscious **Littell's Living Age** Eliakim Littell, Robert S.
