Post-Koiné: Studies of Non-Anthropocentric (Poetic) Languages Anita Jarzyna, 2025-09-25 In this book you will come across an authorial formula of extrahuman community and communication The formula includes languages polemical with the narrow model of community that often excludes certain human and non human beings Alternative languages are sensitive to the codes of violence directed against animals so as to inclusively create a new interspecies non antagonistic collectivity What especially seeks such alternative languages is poetry It not only represents the true character of existing relationships with animals or determines their shape but also can interfere in them suspend the control of logocentric order and as a result reduce the ambiguous human guardianship over animals that in turn requires the verification and questioning of the guardianship s position in language This publication treats Polish poetry as a statement equal with if not precursory for the discursive calls for the abolition of anthropocentric dominance The book proves that critical reflection on the language that consolidates the community redefines our attitude toward animals

Managing Chronicity in Unequal States Laura Montesi, Melania Calestani, 2021-11-22 By portraying the circumstances of people living with chronic conditions in radically different contexts from Alzheimer s patients in the UK to homeless people with psychiatric disorders in India Managing Chronicity in Unequal States offers glimpses of what dealing with medically complex conditions in stratified societies means While in some places the state regulates and intrudes on the most intimate aspects of chronic living in others it is utterly and criminally absent Either way it is a present absent actor that deeply conditions people s opportunities and strategies of care This book explores how individuals groups and communities navigate uncertain and unequal healthcare systems in which inherent moral judgements on human worth have long lasting effects on people s wellbeing This is key reading for anyone wishing to deconstruct the issues at stake when analysing how care and chronicity are entangled with multiple institutional economic and other circumstantial factors How people access the available informal and formal resources as well as how they react to official diagnoses and decisions are important facets of the management of chronicity In the arena of care people with chronic conditions find themselves negotiating restrictions and handling issues of power and inter dependency in relationships of inequality and proximity This is particularly relevant in current times when care has given in to the lure of the market and the possibility of living a long and fulfilling life has been drastically reduced transformed into a reward for the few who have been deemed worthy of it

in a single volume read Laura Marsh's journal of her life as a homeless person in a Midwestern city. She chronicles her experiences and observations on the streets in *Living in the Shadows of Milwaukee* and in its sequel *On the Trail* she writes about the challenges that come with getting off the streets while attempting to stay connected to and help her homeless family of friends. Reading the collection of vignettes that make up both of these books you'll grow to love and root for the author and her devoted fiancé as they meet challenges large and small always with the words "God is good" on their lips and in their hearts.

On the Trail Laura Marsh, 2014-12-31 Can you spare some change? Dirty, smelly, talking to themselves that's how most people think of the homeless if they think of them at all. You probably never stop to think of the homeless as real people to wonder where they came from or what their lives are like. In her first book *Living in the Shadows of Milwaukee* Laura Marsh shared her personal experiences of being homeless. In her new book *On the Trail* she and her fiancé have gotten off the streets and into an apartment but she continues to observe their lives and those of their homeless family from the perspective of someone who spent many years living on the streets. A.K.A. on the trail.

Walking by the Homeless Laura Sandretti, 2018-11-07 *Walking By the Homeless* is a book about ordinary life intersecting with awareness. It is about one suburban woman's journey from ignoring the homeless to identifying with them by becoming mindful of gaps in her beliefs, actions, and relationships in her heart and home.
