

The HOMELITE® Super 2 Chain Saw was designed especially for use by home owners and campers. Despite its light weight and small size, the Super 2 has a 1.9 cubic inch 2-cycle engine. The Twin Trigger™ dual control system increases the ease of handling. The chain is the new 37 series, the latest design for use on saws of this size. Your Super 2 is also equipped with several features which are standard in our larger saws that are intended for the professional user. These include: a diffuser type exhaust muffler which dampens the engine noise, centrally located saw controls, an automatic chain oiler, and a centrifugal type automatic clutch.

It will pay you to familiarize yourself with the saw and a few simple operating and maintenance principles. Maximum performance and life of this saw depend on your using it correctly right from the start. This manual tells you how to do this, and also how to maintain your saw.
