Making Sense of Criminal Justice G. Larry Mays, Rick Ruddell, 2018-06 Rather than providing students with the answers Making Sense of Criminal Justice Policies and Practices Third Edition challenges them to think

critically about how the criminal justice system deals with challenging situations like the use of force by the police and offers a framework for lively classroom discussions and debates

Is Killing Wrong? Mark Cooney, 2009-10-07 Thou shalt not kill is arguably the most basic moral and legal principle in any society Yet while some killers are pilloried and punished others are absolved and acquitted and still others are lauded and lionized Why The traditional answer is that how killers are treated depends on the nature of their killing whether it was aggressive or defensive intentional or accidental But those factors cannot explain the enormous variation in legal officials and citizens responses to real life homicides Cooney argues that a radically new style of thought pure sociology can Conceived by the sociologist Donald Black pure sociology makes no reference to psychology to any single person s intent or even to individuals as such Instead pure sociology explains behavior in terms of its social geometry its location and direction in a multidimensional social space Is Killing Wrong provides the most comprehensive assessment of pure sociology yet attempted Drawing on data from well over one hundred societies including the modern day United States it represents the most thorough account yet of case level social control or the response to conduct defined as wrong In doing so it demonstrates that the law and morality of homicide are neither universal nor relative but geometrical as predicted by Black s theory
