The LGBTQ+ Muslim Experience Chana Etengoff, Eric M. Rodriguez, 2022-10-20 The LGBTQ Muslim Experience presents an accessible applied discussion of transformative and intersectional approaches to LGBTQ Muslim research training and clinical practice The book asserts that LGBTQ Muslims can agentively build resilience pathways as they negotiate multiple minority identities and stressors Through consciously recognizing the power laden contexts of both conflict and development scholars and clinicians can partner with multiple

Being Muslim Today Dr. Saqib Iqbal Qureshi,2024-05-07 Qureshi promotes a moderate and inclusive view of contemporary Islam with the intellectual underpinnings to support it Booklist Starred Review Accessible introduction to Islam and the Qur an that explains how Muslims live and avoids the extremes of Orthodoxy and Islamophobia The truths of every religion are typically challenged and re written serving as potent grounds for some of history s most enduring debates and conflicts Perhaps no other religious tradition suffers as much

from the dualistic fallacy of good and evil than does Islam. What does it mean to be Muslim today? Orthodoxy's interpretation is idyllic and omniscient, simplistic to a fault. Islamophobes at the opposite end of the spectrum cultivating damaging stereotypes that present a religion that most Muslims cannot relate to. In *Being Muslim Today: Reclaiming the Faith from Orthodoxy and Islamophobia*, bestselling author Dr. Saqib Qureshi silences the noise that obscures the message of Islam. He provides a compelling and accurate presentation of the faith's beginnings, its evolution throughout the last 1,400 years, and its relevance for today. *Being Muslim Today* simplifies complicated academic debates and reveals the heart and soul of a growing faith tradition that claims more than two billion adherents. Chapters include lucid discussions of the origins of Islam, the Prophet Muhammad, and the rise of Islam through the ages. Qureshi also describes the twin perils of Orthodoxy and Islamophobia, both of which he contends badly misinterpret the true message of the faith. In a final chapter, Qureshi confronts the stereotype of Islam as an inherently violent religion, asking the West to hold a mirror to its own voracious appetite for conflict and colonization. Throughout, Qureshi encourages Muslims to reject pious certitude; the faithful must acknowledge the diversity of approaches and principals in the Islamic tradition, he writes, and adopt an attitude of theological humility. Some things are simply unknowable.

Islam in Liberalism Joseph A. Massad, 2015-01-06. Demonstrates that Western liberal democracy, portrayed as foreign to Islam, necessarily serves an imperial project, timely and controversial. Politics, Religion, Ideology. Islam is often associated with words like oppression, totalitarianism, intolerance, cruelty, misogyny, and homophobia, while its presumed antonyms are Christianity, the West, liberalism, individualism, freedom, citizenship, and democracy. In the most alarmist views, the West's most cherished values—freedom, equality, and tolerance—are said to be endangered by Islam worldwide. Joseph Massad's *Islam in Liberalism* explores what Islam has become in today's world. He seeks to understand how anxieties about tyranny, intolerance, misogyny, and homophobia, seen in the politics of the Middle East, are projected onto Islam itself. Massad shows that through this projection, Europe emerges as democratic, tolerant, feminist, and pro-LGBT rights, or in short, Islam-free. Massad documents the Christian and liberal idea that we should missionize democracy, women's rights, sexual rights, tolerance, equality, and even therapies to cure Muslims of their un-European, un-Christian, and illiberal ways. Along the way, he sheds light on a variety of controversial topics, including the meanings of democracy and the ideological assumption that Islam is not compatible with it, while Christianity is. *Islam in Liberalism* is an unflinching critique of Western assumptions and of the liberalism that Europe and America present as salvation to Islam. Essential reading for all scholars of Islam and Middle East politics. Cambridge Review of International Affairs. Reminds us that in order to move beyond scholarship revolving around a simplistic binarism between West and non-West, we must never forget how this opposition has shaped and continues to actively influence scholarship today. Los Angeles Review of Books.

Across the Worlds of Islam Edward E. Curtis IV, 2023-07-18. Winner 2024 Choice Outstanding Academic Title. Muslim people are found all over the world. Most live outside the Middle East, from Asia to the Americas. The vast majority of contemporary Muslims

are not fluent in Arabic and speakers of languages such as Persian Urdu and Turkish have made essential contributions to Islamic history and culture However typical courses on Islam tend to downplay areas beyond the Middle East focusing on Arabic texts and elite theological and doctrinal arguments This book offers an inclusive view of the diversity and complexity of the many worlds of Islam investigating ethics and aesthetics as much as scriptures and theology By paying attention to Muslims who are socially culturally doctrinally or politically marginalized it provides a comprehensive and all embracing vision of the religion and its many interrelated communities Contributors from a range of personal and intellectual backgrounds explore the capaciousness of Muslim identities helping readers achieve a broader understanding of the past present and future of the Muslim world This book includes communities such as the Nation of Islam and Alevi Muslims and it goes beyond rituals like prayer and fasting to consider a wider array of practices such as tattooing Across the Worlds of Islam is at once student friendly and cutting edge written with both introductory courses and general readers in mind Examining Muslim identity and practice from the perspective of the margins it offers nuanced portraits of Muslim life across geographic and sectarian divisions

Sex and Desire in Muslim Cultures Aymon Kreil, Lucia Sorbera, Serena Tolino, 2020-12-10 What have different ideas about sex and gender meant for people throughout the history of the Middle East and North Africa This book traces sex and desire in Muslim cultures through a collection of chapters that span the 9th to 21st centuries Looking at spaces and periods where sexual norms and the categories underpinning them emerge out of multiple subjectivities the book shows how people constantly negotiate the formulation of norms their boundaries and their subversion It demonstrates that the cultural and political meanings of sexualities in Muslim cultures as elsewhere emerge from very specific social and historical contexts The first part of the book examines how people constructed discussed and challenged sexual norms from the Abbasid to the Ottoman period The second part looks at literary and cinematic Arab cultural production as a site for the construction and transgression of gender norms The third part builds on feminist historiography and social anthropology to question simplistic dichotomies and binaries Each of the contributions shows how understanding of sexualities and the subjectivities that evolve from them are rooted in the mutually constitutive relationships between gender and political power In identifying the plurality of discourses on desires the book goes beyond the dichotomy of norm and transgression to glimpse what different sexual norms have meant at different times across the Middle East
