*Judaism, Human Values, and the Jewish State* Yeshayahu Leibowitz, 1992 A biochemist by profession a polymath by inclination and erudition Yeshayahu Leibowitz has been since the early 1940s one of the most incisive and controversial critics of Israeli culture and politics His direct involvement compelling polemics and trenchant criticism have established his steadfast significance for contemporary Israeli and Jewish intellectual life These hard hitting essays his first to be published in English cover the ground Leibowitz has marked out over time with moral rigor and political insight He considers the essence and character of historical Judaism the problems of contemporary Judaism and Jewishness the relationship of Judaism to Christianity the questions of statehood religion and politics in Israel

and the role of women Together these essays constitute a comprehensive critique of Israeli society and politics and a probing diagnosis of the malaise that afflicts contemporary Jewish culture Leibowitz's understanding of Jewish philosophy is acute and he brings it to bear on current issues He argues that the Law Halakhah is essential to Judaism and shows how at present separation of religion from state would serve the interest of halakhic observance and foster esteem for religion Leibowitz calls the religious justification of national issues idolatry and finds this phenomenon at the root of many of the annexationist moves made by the state of Israel Long one of the most outspoken critics of Israeli occupation in the conquered territories he gives eloquent voice to his ongoing concern over the debilitating moral effects of its policies and practices on Israel itself This translation will bring to an English speaking audience a much needed lucid perspective on the present and future state of Jewish culture

Judaism Lenn E. **Religious Pluralism and Values in the Public Sphere** Lenn E. Goodman, 2014-04-07 Does tolerance require us to deny our deep differences or give up all claims to truth to trade our received traditions for skepticism or relativism Cultural philosopher Lenn E Goodman argues that we can respect one another and learn from one another's ways without either sharing them or relinquishing our own *Love Thy Neighbor as Thyself* Lenn E. Goodman, 2008-01-02 In this book Lenn E Goodman writes about the commandment to love thy neighbor as thyself from the standpoint of Judaism a topic and perspective that have not often been joined before Goodman addresses two big questions What does that command ask of us and what is its basis Drawing extensively on Jewish sources both biblical and rabbinic he fleshes out the cultural context and historical shape taken on by this Levitical commandment In so doing he restores the richness of its material content to this core articulation of our moral obligations which often threatens to sink into vacuity as a mere nostrum or rhetorical formula Goodman argues against the notion that we have this obligation simply because God demands it a position that too readily makes ethics seem arbitrary relativistic dogmatic authoritarian contingent or just unpalatable Rather he proposes that we learn much about how we ought to think about God from what we know about morals He shows that natural reasoning and appeals to scripture tradition and revelation reinforce one another in ethical deliberation For Goodman ethics and theology are not worlds apart connected only by a kind of narrow one way passage the two realms of discourse can and should inform each other Engaging the philosophers including Aristotle Spinoza and Kant and assembling three thousand years worth of Jewish textual masterpieces Goodman skillfully weaves his Gifford Lectures which he delivered in 2005 into an indispensable work

**Two Faiths, One Covenant?** John T. Pawlikowski, Eugene B. Korn, 2004-11-26 Judaism and Christianity are religions bound together by their claims to the same biblical covenant initiated by God with Abraham and his descendants Yet despite the inseparable connection between the election of Israel and that of the church between the old and the new covenant this shared spiritual patrimony has been the source of a type of violent sibling rivalry competing for the same paternal love and inherited entitlement God it seemed had but one blessing to bestow It could be given to either Jacob or Esau but not both In the twenty first century however Jews and Christians are challenged to reconsider their theological assumptions by two inescapable truths the moral tragedy of the holocaust demands that Christian thinkers acknowledge the violent effects of

theologically delegitimizing Jews and Judaism and the pervasive reality of cultural and religious pluralism calls both Christian and Jewish theologians to rethink the covenant in the presence of the Other. *Two Faiths One Covenant: Jewish and Christian Identity in the Presence of the Other* is a breakthrough work that embraces this contemporary challenge and charts a path toward fruitful interfaith dialogue. The Christian and Jewish theologians in this book explore the ways that both religions have understood the covenant in biblical, rabbinic, medieval, and modern religious writings and reflect on how the covenant can serve as a reservoir for a positive theological relationship between Christianity and Judaism, not merely one of non-belligerent tolerance but of respect and theological pluralism, however limited. *Congressional Record*, United States Congress, 1964.

**Covenantal Thinking** Paul E. Nahme, Yaniv Feller, 2024-03-01. The philosophy and theology of David Novak, one of the most prominent and creative contemporary Jewish thinkers, grapples with Judaism, Christian theology, the tradition of natural law, and the Western philosophical canon. Never shying away from contested ethical and religious themes, Novak's original insights and intellectual spirit have spanned voluminous publications and inspired Jewish, Christian, and Muslim thinkers to engage concepts such as religious liberty, covenantal morality, and the importance of theological reasoning. Written primarily by scholars in the field of Jewish thought, *Covenantal Thinking* is a collection of essays dedicated to Novak's work. The book examines topics such as election, natural law, Jewish political thought, Zionism, and the relation between reason and revelation. This collection is unique because it includes Novak's replies to his critics, including his clarifications of his philosophical and theological positions. Offering a vital contribution to contemporary Jewish thought, *Covenantal Thinking* illuminates Novak's contributions as a scholar who trained, conversed with, and inspired the next generation of philosophical theologians.
