La Confagricoltura Nella Storia D'Italia Dalle Origini Dell'associazionismo Agricolo Nazionale Ad Oggi:

La confagricoltura nella storia d'Italia Sandro Rogari, 1999 **Labour History in the Semi-periphery** Leda Papastefanaki, Nikos Potamianos, 2020-11-23 This collective volume aims at studying a variety of labour history themes in Southern Europe and investigating the transformations of labour and labour relations that these areas underwent in the 19th and the 20th centuries The subjects studied include industrial labour relations in Southern Europe labour on the sea and in the shipyards of the Mediterranean small enterprises and small land ownership in relation to labour formal and informal labour the tendency towards independent work and the role of culture forms of labour management from paternalistic policies to the provision of welfare capitalism the importance of the institutional framework and the wider political context and women's labour and gender relations **Populism** Chiara Chini, Sheyla Moroni, 2018-10-09 Populism is a category which is often abused in current public discourse It is an issue that is usually looked at from the perspective of political science or cultural studies while historians have rarely confronted it Nonetheless the study of historical cases of populism is a necessary preliminary task for an in depth examination of the topic This book opens up a channel of dialogue among political scientists sociologists philosophers and historians in order to launch a debate on the declination of the populist phenomenon The essays here consist of the reflections of various scholars on several national cases through a survey conducted on a large temporal and spatial horizon from the experiences developed in Eastern Europe at the end of the nineteenth century to the more recent events of Ukraine's revolution at the end of the twentieth and from the first case of a populist party in the US to the examples of the Italian political scenario in the 1980s in order to identify which historical perspective would be the most suitable for understanding populism and if populism can actually be considered a category that fits into the historical investigation of these phenomena **Duce: The Contradictions of Power** Peter J. Williamson, 2023-06-15 Eighty years after the fall of Benito Mussolini controversy remains about what his dictatorship represented This reflects the different sides to the Duce's leadership while adept at nurturing and enforcing his personal political power Mussolini's lack of insight into the requirements of governance prevented him from converting this power into influence to achieve his goals His efforts to maintain the support of Italy's conservative elites economic social and political also created tensions with his radical Fascist ambitions diminishing the momentum behind his regime Mussolini is frequently portrayed as a charismatic leader but his rule was secured principally by coercion violence and a spoils system Nonetheless his personality cult had significant popular appeal even if based upon a political myth This enabled him to consolidate his position and to dominate his Fascist colleagues but at a price of over centralized dysfunctional decision making In this book the first comprehensive English language study of Mussolini in nearly two decades Peter J Williamson brings to life the contradictions within the Duce's leadership Using a wide range of sources Williamson reveals how these conflicts impeded the dictator's ambitions leaving him increasingly frustrated all while most Italians endured the severe privations of both failure and Fascism **Giuseppe Micheli nella**

Vari,2016-06-09T00:00:00+02:00 Caduta del fascismo e sconfitta militare armistizio e occupazione tedesca collaborazionismo e nascita della Resistenza il territorio nazionale trasformato in campo di battaglia per eserciti il 1943 rappresenta indubbiamente un tornante essenziale nella storia d'Italia. Tanti gli attori che nelle istituzioni e nella società civile giocano ruoli di primo piano in quei mesi mentre dinamiche destinate a sovrapporsi o a entrare in collisione attraversano ogni ambito geografico del paese. In questo volume numerosi studiosi analizzano eventi e figure di quella pagina di storia per comprendere non solo la nascita e lo sviluppo della guerra partigiana ma più in generale la stessa storia del fascismo e della fase di impianto della democrazia repubblicana e del sistema dei partiti nell'Italia postbellica. Il risultato è una nuova elaborazione dei risultati delle ricerche sinora condotte per suggerire indirizzi di indagine inediti e offrire qualche chiave in più per comprendere il nostro presente.

«**Marcia su Roma e dintorni**» Autori Vari,2023-12-13T16:41:00+01:00 Il volume analizza in primo luogo la Marcia su Roma nel contesto della crisi del primo dopoguerra dei rapporti tra Stato e società del nuovo protagonismo dei movimenti sociali della crisi di egemonia della classe dirigente liberale dell'incontro tra le élites tradizionali del potere e il fascismo. Da questo quadro deriva un processo di trasformazione autoritaria dello Stato e della società già avviatosi con la Grande guerra e nella crisi organica che ad essa era seguita. A questi temi si coniuga una rivisitazione dell'antitesi tradizionale tra biennio rosso e biennio nero. Un secondo focus costituito dall'analisi delle forze politiche in campo: i socialisti e i comunisti, il mondo cattolico, i liberali, il movimento e il partito fascista. Un terzo ambito riguarda il tema spesso trascurato dell'antifascismo popolare. La conquista fascista del potere aprì la strada a un regime che costituì un modello per le destre in Europa e per un ventennio sbarrò la strada a ogni trasformazione democratica dello Stato e della società italiana.

Anciennes et nouvelles aristocraties de 1880 à nos jours. Didier Lancien, Monique de Saint-Martin,2014-07-04 Sans rien ignorer des spécificités de différentes aristocraties anciennes et nouvelles et des groupes qui les constituent les très nombreux auteurs de l'ouvrage tentent plutôt de les confronter, de rechercher les caractères communs qui les soudent, les différences qui les séparent et plus encore les fondements de clivages souvent ambigus entre aristocrates et non aristocrates. Leur ambition est tout la fois de présenter des études de cas précises réalisées en France, Grande Bretagne, Allemagne, Italie, Hongrie, Finlande et Suède, d'un état des lieux ainsi que des recherches sur les noblesses menées par historiens, anthropologues et sociologues et enfin de proposer une analyse critique et comparative des évolutions de ces noblesses. Quel est le poids du symbolique mais aussi des décrochements politiques dans les transformations, disparition, désagrégation et parfois recomposition des anciennes aristocraties et constitution de nouvelles aristocraties? Comment appréhender le phénomène aristocratique dans son extension européenne? Comment articuler l'étude des tensions entre appartenances contradictoire nationale et européenne, nobiliaire et démocratique dans lesquelles sont parfois enserrés les aristocrates et analyse des modes de reproduction de ces groupes? Ce sont quelques-unes des questions majeures abordées dans le livre.

Contadini toscani negli anni Trenta Roberto Tolaini,2005 **Rivista di storia economica** ,1999 **Solidarietà e mercato nella cooperazione italiana tra Otto e Novecento** Maurizio Degl'Innocenti,2003 **Meridiana 90: Fare politica** Autori Vari,2018-03-20T00:00:00+01:00 Negli ultimi anni stata da più parti sottolineata la necessità di un ritorno al territorio nello studio dei processi di aggregazione del consenso con l'obiettivo di ridimensionare la consolidata narrazione diffusa anche tra gli studiosi dei fenomeni politici secondo cui i significativi cambiamenti degli ultimi decenni avrebbero contribuito a destituire la dimensione territoriale come unità di analisi rilevante per la comprensione dei mutamenti politici in atto. Nella prospettiva proposta in questo numero il concetto di locale non assunto esclusivamente in quanto spazio circoscritto di osservazione di dinamiche connesse al livello politico nazionale. L'attenzione rivolta alle specifiche declinazioni territoriali di culture politiche che risentono necessariamente dell'ambiente circostante e di dinamiche solo in parte legate alla proposta politica ufficiale dei partiti. Si tratta di una prospettiva eminentemente antropologica ma che ha caratterizzato lo studio localizzato dei fenomeni di politica anche nell'ambito di altre discipline. Simboli e discorsi che si producono nel contesto locale sono qui presi in considerazione da un lato in quanto elementi costitutivi delle identità politiche dei soggetti dall'altro come fattori che ne veicolano le azioni e le pratiche quotidiane. In questa prospettiva studiare la dimensione locale significa cogliere il politico anche soprattutto al di fuori degli spazi ufficialmente deputati alla politica. D'altra parte ci consente di ripensare da nuove prospettive problemi classici degli studi politici e della tradizione critica di Meridiana quali il clientelismo e il patronage il consenso e la dipendenza le subculture politiche e il populismo. La proposta di questo numero nasce dunque dalla convinzione che per comprendere le pratiche dei partiti politici le loro modalità di ricerca del consenso e di radicamento occorre chiamare in causa elementi culturali vale a dire non soltanto le consapevoli strategie le ideologie o le dottrine ma anche le reti di significati e i contesti morali in cui i diversi attori sociali si muovono cruciali per definire il senso

dei loro interessi e delle loro motivazioni Per accedere a questo sfondo talvolta inespresso dell'azione sociale occorre uno scavo etnografico capace di cogliere il livello più sottile delle pratiche quotidiane quel non detto che sta alla base della costruzione sociale della realtà Tutti i saggi presentati sia di taglio etnografico che storiografico cercano di comprendere lo specifico del politico nel quadro di retoriche sociali e di contesti morali più ampi I contributi si soffermano per lo più sul territorio toscano e su alcune aree del Sud Italia incontrando gli attivisti del Movimento 5 Stelle di Viareggio e gli eletti locali del Movimento per le autonomie in Sicilia il ceto politico renziano a Firenze e i dirigenti comunisti siciliani del secondo dopoguerra i contadini e i notabili di un borgo rurale del Molise e quelli siciliani di inizio Novecento **Archivio storico per le province napoletane** ,2002 *Bibliografia dell'età del Risorgimento* ,2003
