La Mandragola Italian Edition:

Italian Literature before 1900 in English Translation Robin Healey, 2011-12-15 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008. It lists works from all genres and subjects and includes translations wherever they have appeared across the globe. In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings. Most entries are accompanied by useful notes providing information on authors, works, translators, and how the translations were received. Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy's most translated authors: Dante Alighieri, Machiavelli, and Boccaccio, and other hundreds which represent the author's only English translation. A significant number of entries describe works originally published in Latin. Together with Healey's *Twentieth Century Italian Literature in English Translation*, this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature.

Motherhood and Patriarchal Masculinities in Sixteenth-Century Italian Comedy Yael Manes, 2016-04-15 Exploring individual and collective formation of gender identities, this book contributes to current scholarly discourses by examining plays in the genre of erudite comedy, *commedia erudita*, which was extremely popular among sixteenth-century Italians from the elite classes. Author Yael Manes investigates five erudite comedies: Ludovico Ariosto's *I suppositi* 1509, Niccol Machiavelli's *La Mandragola* 1518, and Clizia 1525, Antonio Landi's *Il commodo* 1539, and Giovan Maria Cecchi's *La stinca* 1546, to consider how erudite comedies functioned as ideological battlefields where the gender system of patriarchy was examined, negotiated, and critiqued. These plays reflect the patriarchal order of their elite social milieu, but they also offer a unique critical vantage point on the paradoxical formation of patriarchal masculinity. On the one hand, patriarchal ideology rejects the mother and forbids her as an object of desire; on the other hand, patriarchal male identity revolves around representations of motherhood. Ultimately, the comedies reflect the desire of the Italian Renaissance male elite for women who will provide children to their husbands but not actively assume the role of a mother. In sum, Manes reveals a wide cultural understanding that motherhood as an activity that women undertake is not simply a relational position; they occupy challenges patriarchy because it bestows women with agency, power, and authority. Manes here recovers the complexity of Renaissance Italian discourse on gender and identity formation by approaching erudite comedies not only as mirrors of their audiences but also as vehicles for contemporary audiences' ideological, psychological, and emotional expressions.

Early Plays from the Italian Richard Warwick Bond, 1911 **Rape of Lucretia and the Founding of Republics** Melissa M. Matthes, 2010-11-01 Melissa U. of Maryland stages a conversation between feminism and republicanism to analyze the linkage between founding stories of republics, sexual violence, and gender hierarchy. While pointing out the differences in the retellings of Lucretia's rape by Livy, Machiavelli, and Rousseau, she argues that their commonality is in appropriating the classical tale to support the view that the

alternative to violence is citizenship and politics infused with common good notions of agency action and community

Annotation copyrighted by Book News Inc Portland OR *Nature of Roman Comedy* George E. Duckworth, 2015-03-08 This book provides the most complete and definitive study of Roman comedy Originally published in 1952 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Lion and the Swastika Anna Bruni Benson, 2010-05-07 The Lion and the Swastika is a story of the brutalities of war brought home to a young girl by the fall of Mussolini in 1943 and the consequent Nazi occupation of the entire Veneto region This is also a romantic story set against the backdrop of terrible war and of a beautiful ancient city Venice fascinating in all seasons from the flowering of spring to the winter magic of snow and high tide But it is also the story of the awakening of a young woman to the cruelty in the world and the necessity of taking radical action in defense of her ideals and the freedom of her beloved country In Venice the emblem of the winged Lion of Saint Mark for centuries the symbol of the glorious Venetian Republic is still the symbol of the unyielding Venetian people This story based on my own experience is one told here to inspire those who fight for love and freedom

Scripts and Scenarios Richard Andrews, 1993-04-22 This book examines the scripted stage comedies of the Italian Renaissance tracing their transition from closed courtly audiences to a wider public It concentrates on the performing values of their scripts rather than their literary qualities in order to demonstrate their links with improvised *commedia dell'arte* and thus explores in a new way a crucial phase in the development of European theatre It will be of interest to scholars and students in both theatre history and
