La terra del ritorno Nino Ricci, 2004 *Italian-Canadian Narratives of Return* Michela Baldo, 2019-01-04 This book examines the concept of translation as a return to origins and as restitution of lost narratives and is based on the idea of diaspora as a term that depicts the longing to return home and the imaginary reconstructions and reconstitutions of home by migrants and translators The author analyses a corpus made up of novels and a memoir by Italian Canadian writers Mary Melfi Nino Ricci and Frank Paci examining the theme of return both within the writing itself and also in the discourse surrounding the translations of these works into Italian These reconstructions are analysed through the lens of translation and more specifically through the notion of written code switching understood here as a fictional tool which symbolizes the translational movements between different points of view This book will be of particular interest to students and scholars of translation and interpreting migration studies and Italian and diasporic writing **Con Stile , Who's who in Italy**

Il cinema morto Funerale rimandato a data da destinarsi Che cosa il cinema continua ad essere una domanda inevasa e per quanto ancora molti cerchino la risposta con la lanterna magica a nessuno interessa più una sua definizione La sua originalità ne permette riviviscenza e sviluppi la sua immortalità gli consente di uscire dalla tomba in cui era stato sepolto vivo E se esiste anzi si rilancia una nuova cinefilia perché vediamo film ovunque in tv su satellite su web su tablet su smartphone su schermi urbani in aereo in treno in nave e non per questo ne perdiamo l'aura Una metamorfosi perfetta e soprattutto spontanea Il cinema si

riprogrammato da solo e ha generato una cultura che gli cresce intorno sempre imprevedibile Attraverso questi 25 film tra i più rappresentativi e spesso misconosciuti capolavori del contemporaneo scopriamo come il cinema pensa a se stesso e al mondo
