URL y que bajo el título Los medios de prevención de conflictos en contextos económicos inestables tuvo por objetivo una reflexión jurídica sobre las vías de prevenir y anticipar los conflictos jurídicos y evitar de esta manera su judicialización. No cabe duda de que en el contexto de las sociedades de la Unión Europea sacudidas por una fuerte crisis económica la conflictividad ha experimentado un incremento considerable y con ello el incremento de reclamaciones ante los Juzgados y Tribunales cuya carga de trabajo aumenta exponencialmente ante las diversas pretensiones que se sustancian ante sus órganos. Es por ello que las universidades convocantes y dada la imprevisibilidad de la duración de la crisis económica se han propuesto reflexionar sobre las vías no judiciales de resolución de controversias entre particulares y entre particulares y la Administración. Dado el enfoque transversal y multidisciplinar que ha caracterizado los Congresos Unijes, el lector podrá encontrar aportaciones propias del ámbito tributario y financiero, penal, laboral, mercantil y societario, familiar y sucesorio, internacional, administrativo, contractual e hipotecario con ponencias tan sugestivas y actuales como a título de ejemplo y entre otras la necesaria colaboración entre empresas y la administración tributaria para la resolución de conflictos, la importancia del asesoramiento preventivo al inversor por abogados especializados, la mediación penal en el ámbito de la violencia de género, la mediación laboral individual como alternativa para la solución de conflictos, las prohibiciones de suceder mortis causa como posible prevención de conflictos, el arbitraje como medida preventiva y alternativa de control judicial de la actividad de las administraciones públicas, los compliance programmes en el derecho de la competencia como medidas preventivas de futuros procedimientos sancionadores o las medidas urgentes de protección de deudores hipotecarios y la dación en pago. **Radio Internacional**, 1926 **Transporte Escolar**, 2008 **Latin America 2017-2018** Blair Turner, 2017-08-25 A comprehensive, timely and entertaining account of the political, cultural and economic dynamics of more than thirty discrete countries of the Western Hemisphere, this book is updated each year providing students with the most recent information possible. The information is presented in an objective, balanced, non-ideological context allowing the readers to formulate their own opinions. In addition,

to examining individual countries the book views Latin America as a mosaic region as a whole and emphasizes its growing influence on the world stage Besides providing accurate and timely information on the historical and political forces that have shaped each nation it also examines the leading cultural figures and forces from eighteenth century writers to twentieth century composers and singing stars to twenty first century filmmakers and actors Finally it describes the social and economic challenges that continue to afflict this exciting and emerging region
