My SMART Goal Planner

What EXACTLY do I want to accomplish?

I want to get all 4's on my report card.

How will I know when I meet my goal?

When my report card comes out.

Is it possible to meet this goal with effort by my timeline?

If I work hard during school and at home I can accomplish my goal.

Is this goal worth working hard to accomplish? Does it help me with my long term goals?

This goal is worth working hard for because it will make my Parents and myself happy. Also if I get good grades now it will help me in school later.

What is the deadline I have set to meet this goal?

By the end of the quarter.

A goal without a plan is just a wish. —Antoine De Saint Exupery

Aspects of special education research that distinguish it from scientific inquiry in other fields of education and human services are specified. Foremost among these distinctions are the research beneficiaries: children with disabilities, their parents, the special educators, availability of federal funds for research and demonstration projects that seek to improve educational outcomes, and the historical, philosophical and legislative bases for the profession of special education. This new edition represents a revision of more than 30 percent with over 250 new references. Each chapter is thoroughly updated with new developments in research topics, designs and methods that have emerged over the past decade in the field of special education.
