Going Deep Exploring Spirituality In Life And Leadership:

Going Deep Ian Percy,1999-11 **Going Deep** Ian Percy,1997-01-15 We spend more time at work than with our families there better be some meaning in it In this powerful and penetrating book you discover six universal phases we go through on our way to a meaning filled life Amazingly corporations go through exactly the same phases Leaders are those who bring both journeys together This book shows you how **iLead** Joseph Sherren,2011-11-11 iLead will shift how you think about management forever Best selling author and international speaker Joseph Sherren s new book provides a comprehensive overview of sensible and actionable analyses that managers can apply to themselves their people and the workplace Over the next fourteen years we will see more transition in the workplace than at any other time in the past The make up of work will be so different that we may look back on this year the way we do a typewriter or a dial phone today But we can predict even now many of the changes and how we can respond to them In work as in life it s our response to challenges that is crucial

Awakening the Leader Within Kevin Cashman,Jack Forem,2003-05-13 Kevin Cashman one of the world s leading executive coaches takes readers on a transformative journey to a new way of leading and a new way of living Once you start reading Awakening the Leader Within you won t set it down Cashman doesn t let you off the hook until you contemplate how you will live your life differently Tom Debrowski Executive Vice President Worldwide Operations Mattel Inc Awakening the Leader Within guides readers through the Six Seeds of Growth which Cashman has used to help thousands of business leaders change their personal and work lives for the better He draws on his renowned executive coaching techniques in order to lead the reader on a path to self discovery and personal betterment Based on the premise that you need to grow the person in order to grow the leader this inspirational and interactive story centers on Benson Quinn a CEO facing a deluge of personal and professional crises As Quinn confronts the defining moments of his life the reader learns valuable lessons about authentic and purposeful leadership applicable at home as well as in the boardroom At a time when issues of business ethics crowd the headlines causing many leaders to question whether profit should be a leader s only goal the practical applications of this book are more timely than ever Awakening the Leader Within has been endorsed by more than thirty CEOs thought leaders and bestselling authors Kevin Cashman Minneapolis MN is the founder of LeaderSource the nation s premier executive coaching consultancy He has been featured in publications such as The Wall Street Journal Fast Company Harvard Management Update and Human Resource Executive He has also been a contributing editor to Executive Excellence magazine **Spirituality in Social Work and Education** Janet Groen,Diana Coholic,John R. Graham,2013-01-24 Over the

past ten years the fields of social work and education have grappled separately with definitions of spirituality ways to integrate spirituality into the classroom and the rendering of spirituality as a meaningful concept for practitioners students and researchers Social work and education have many commonalities in areas of engagement with children families and communities For the first time this book brings together these two professional disciplines for interdisciplinary discussions

that advance our knowledge in the broad area of spirituality The book s three sections reflect broad topic areas created to facilitate dialogue between the contributors all of whom have established expertise in exploring spirituality in education or social work The first section of the book explores the historical and theoretical underpinnings of spirituality in education and social work Examination of our respective heritages uncovers the religious roots within our professions and reveals a present understanding of spirituality that calls for active engagement in challenging oppression and working toward social justice The second section shifts the focus to the pedagogical implications of incorporating spirituality into higher education classrooms The varied level of acceptance and the tensions that come from including spirituality implicitly or explicitly in the programs and coursework in our respective faculties are illuminated by authors in both professions The final section explores issues related to practising and teaching in the field from a spiritually sensitive perspective **Wealthier Together**

Heinrich Anker,2015-04-28 Companies focus on maximizing short term shareholder value but that approach causes frequent economic crises that damage society Economist Heinrich Anker argues that we should be working toward coevolutionor being of service to each otherwhich would promote growth for customers employees businesses and society One way companies can do this is by focusing on shared value which is a concept that would give them a competitive advantage by linking business activities with a service to society The Value Balance in Business approach is a way for firms of all sizes and ownership structures to succeed Learn how the approach works and get proven strategies to help employees find more meaning in their everyday work By restoring the spiritual dimension to economics and everyday business youll be taking an important step into not just making business more profitable but it will make a difference Embark on a road that leads to lasting prosperity for businesses employees and customers by creating shared value and becoming Wealthier Together

Beyond Well-Being Martin Dowson, Stuart Devenish, Maureen Miner, 2012-08-01 This volume arose out of a deep concern to assist people in their struggle to lead a flourishing life Fractured stressed relationally broken and spiritually empty people may instinctively reach for the supposed panacea of happiness But happiness is often a transitory state More stable and worthwhile than the pursuit of happiness is leading a flourishing life But what is flourishing Is spirituality necessary for human flourishing and if so in what ways might spirituality provide a unique and important contribution to flourishing The volume provides complementary yet diverse accounts of human flourishing Each account argues that spirituality in general and Christian spirituality in particular are vital contributors to flourishing The volume will be valuable for those who are dissatisfied with popular hedonistic approaches to flourishing Such people are ready for a change in approach but often do not have a clear alternative in view The Volume will provide a clear alternative to popular culture's representation of the flourishing person which is largely vested in conspicuous consumption The book will also be valuable for those who have considered alternatives to popular culture but who lack an informed basis on which to evaluate these alternatives Finally the book will be valuable for those who are committed to Christian spirituality but may not appreciate the rich resources which Christian faith offers for human flourishing Amongst the latter group are included Christian leaders such as priests and pastors voluntary church workers and lay people who may or may not be involved in formal religion but who long to flourish in their own lives and to enable others to do the same
