Homage To Americans Mile High Meditations Close Readings And Time Spanning Speculations

Eva Brann

Homage To Americans Mile High Meditations Close Readings And Time Spanning Speculations:

Homage to Americans Eva Brann, 2010-11-01 In her latest collection of essays and lectures *Homage to Americans* Eva Brann explores the roots and essence of our American ways In *Mile high Meditations* her flight s late departure from the Denver airport prompts a consideration of her manner of waiting i e being As she looks around she notes and compares to her own the ways her fellow travelers pass their time These observations lead her to wonder how each of us lives with ourselves and how we live together and put up with one another With these questions in mind the next two essays carefully examine two famous political documents that have shaped American self understanding James Madison s Memorial and Remonstrance which is the essential argument for separation of church and state and Abraham Lincoln s Gettysburg Address which enlarged and refashioned our understanding of the American political character first given formal expression in the Declaration of Independence and the Constitution In *Paradox of Obedience* a lecture delivered at the Air Force Academy Brann considers the puzzling character of obedience in a country dedicated to liberty The concluding piece *The Empire of the Sun and the West* takes us to Aztec Mexico at the time of the Spanish conquest What allowed Cortes and his handful of men to overcome a great empire In pursuit of an answer Brann describes a human type whose fulfillment she sees in the American character

Everyone Orthodox to Themselves John Colman, 2023-07-08 Religious liberty is one of the hallmarks of American democracy but the principal architects of this liberty believed that it was only compatible with a certain form of Christianity namely a liberal rational Christianity Conservative and postliberal champions of the freedom of religion often ignore this point sometimes even arguing that orthodox Christianity was or should be at the root of democratic liberty *Everyone Orthodox to Themselves* John Colman s close study of the religious views and political theologies of John Locke Benjamin Franklin James Madison and Thomas Jefferson shows otherwise Colman demonstrates that Locke and his three American students specifically took aim at the idea of orthodoxy which they argued continuously tempted its believers to try to impose an artificial uniformity upon the religious diversity that naturally exists in society and thought it necessary to advance a more rational nondogmatic Christianity given the threat they saw religious orthodoxy posed to a free liberal society While recent arguments have endorsed the idea that there is a crisis of liberalism that can only be met by the revival of more orthodox forms of religious devotion Colman argues that according to some of the most prominent American Founders and their philosophic predecessors such orthodoxy is incompatible with religious freedom and the right to free inquiry *Everyone Orthodox to Themselves* demonstrates that only a nondogmatic rationalist Christianity could be made a friend rather than an adversary to the inalienable right of religious liberty Colman s work reveals how the reform of Christianity and with it the inculcation of a particular theological disposition is necessary to secure religious liberty and the right of free inquiry The book also establishes the importance of Locke s Reasonableness [The Logos of Heraclitus](#) Eva Brann, In this extraordinary meditation Eva Brann takes us to the fierce core of Heraclitus s vision and shows us the music of

his language The thought and beautiful prose in The Logos of Heraclitus are a delight Barry Mazur Harvard University An engaged solitary an inward turned observer of the world inventor of the first of philosophical genres the thought compacted aphorism teasingly obscure in reputation but hard hittingly clear in fact now tersely mordant now generously humane Thus Eva Brann introduces Heraclitus in her view the West's first philosopher The collected work of Heraclitus comprises 131 passages Eva Brann sets out to understand Heraclitus as he is found in these passages and particularly in his key word Logos the order that is the cosmos Whoever is captivated by the revelatory riddlings and brilliant obscurities of what remains of Heraclitus has to begin anew accepting help to be sure from previous readings in a spirit of receptivity and reserve But essentially everyone must pester the supposed obscurantist until he opens up Heraclitus is no less and no more pregnantly dark than an oracle The upshot is that no interpretation has prevailed every question is wide open [Doublethink / Doubletalk](#) Eva Brann,2018-06-05 Each aphorism is a tiny well framed picture which at once observes and questions the world's workings with its accumulated intellectual pleasures beauties and quirks Washington Independent Review of Books At times aphorisms are merely witty but they can convey and evoke sustained reflection and thought as those of Nietzsche Schopenhauer or Nicol's Gmez D vila To that list we can add Eva Brann In the few hours spent with her one finds a wise slightly acerbic good humored teacher one wishes for her friendship for more time with her The University Bookman

Philosopher Eva Brann describes the concept of doublethink doubletalk as a flanking approach toward comprehending a pervasively duplex world a world that sometimes flashes fleeting signs of covert wholeness In this her second collection of aphorisms and observations Brann shines a light on our world on the way things are and she does it with characteristic wit and insight [The Music of the Republic](#) Eva Brann,2011 In this collection of essays Eva Brann talks with readers about the conversations Socrates has with his fellow Athenians She shows how Plato's dialogues and the timeless matters they address remain important to us today From introductory pieces on the Republic the Phaedo and the Sophist to an account of the less well known Charmides each essay starts where Plato starts without presupposing a critical theory In the title essay's brilliant account of the Republic Brann demonstrates its central importance in Plato's work Other essays consider Plato's notion of time discuss how to teach Plato to undergraduates and contend that a thoughtful text based study of Plato can have a very personal impact on a reader Encouraged to befriend the dialogues readers will join in the great Socratic conversations

[Form of Politics](#) John von Heyking,2016-06-01 For statesmen friendship is the lingua franca of politics Considering the connections between personal and political friendship John von Heyking's The Form of Politics interprets the texts of Plato and Aristotle and emphasizes the role that friendship has in enduring philosophical and contemporary political contexts Beginning with a discussion on virtue friendship described by Aristotle and Plato as an agreement on what qualifies as the pursuit of good The Form of Politics demonstrates that virtue and political friendship form a paradoxical relationship in which political friendships need to be nourished by virtue friendships that transcend the moral and intellectual horizons of

the political society Von Heyking then examines Aristotle's ethical and political writings which are set within the boundaries of political life and Plato's dialogues on friendship in *Lysis* and the *Laws* which characterize political friendship as festivity. Ultimately arguing that friendship is the high point of a virtuous political life, von Heyking presents a fresh interpretation of Aristotle and Plato's political thought and a new take on the most essential goals in politics. Inviting reassessment of the relationship between friendship and politics by returning to the origins of Western philosophy, *The Form of Politics* is a lucid work on the foundations of political cooperation. *La música de la República* Eva Brann, 2016-06-06 [Los Angeles Magazine](#), 2003-11. Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art, and architecture and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Homage To Americans Mile High Meditations Close Readings And Time Spanning Speculations Book Review: Unveiling the Magic of Language
