Home Bound Yen Le Espiritu, 2003-05-05 Filipino Americans who experience life in the United States as immigrants colonized nationals and racial minorities have been little studied though they are one of our largest immigrant groups Based on her in depth interviews with more than one hundred Filipinos in San Diego California Yen Le Espiritu investigates how Filipino women and men are transformed through the experience of migration and how they in turn remake the social world around them Her sensitive analysis reveals that Filipino Americans confront U S domestic racism and global power structures by living transnational lives that are shaped as much by literal and symbolic ties to the Philippines as they are by social economic and political realities in the United States Espiritu deftly weaves vivid first person narratives with larger social and historical contexts as she discovers the meaning of home community gender and intergenerational relations among Filipinos Among other topics she explores the ways that female sexuality is defined in contradistinction to American mores and shows how this process becomes a way of opposing racial subjugation in this country She also examines how Filipinos have integrated themselves into the American workplace and looks closely at the effects of colonialism

Home Bound Yen Le Espiritu, 2003 Filipino Americans who experience life in the United States as immigrants colonized nationals and racial minorities have been little studied though they are one of our largest immigrant groups Based on her in depth interviews with more than one hundred Filipinos in San Diego California Yen Le Espiritu investigates how Filipino women and men are transformed through the experience of migration and how they in turn remake the social world around them

Filipino American Sporting Cultures Constancio R. Arnaldo, Jr., 2024-11-19 Examines the significance of sports in the lives of diasporic Filipino Americans Organized sports have occupied a central place in Filipino American life since US colonialism began in the Philippines in 1898 For Filipino diasporas in the United States sports are important cultural sites through which men and women cultivate a sense of ethnic community and belonging to the American national fabric Sports studies focused on Asian America have tended to focus on East Asians largely ignoring Filipinos Thus we know very little about how sports work as critical arenas to understand larger questions about Filipino identity formations racialization gender dynamics diasporic contours and post colonial sporting cultures This book offers an in depth ethnographic examination of the significance of sports to the lives of Filipino Americans under the shadow of US empire and neocolonial inequities Through a close examination of Filipino American sporting cultures from boxing and the Manny Pac Man Pacquiao phenomenon to men s basketball leagues to women s flag football this book shows how engagements with sports reveal the shifting nature of Filipino Americanness and Filipino American subjectivity Drawing on over four years of data collected in Southern California Las Vegas Urbana Champaign and Arlington Constancio R Arnaldo Jr documents the intimate connections among Filipino American sports transnationalism and diasporic belonging Filipino American Sporting Cultures adds an important voice to the body of work using sports as a lens to look at US culture and communities of color

Filipino American Transnational Activism ,2019-12-09 Read an interview with Robyn Rodriguez Filipino American Transnational Activism Diasporic Politics among the Second Generation offers an account of how Filipinos born or raised in the United States often defy the multiple assimilationist agendas that attempt to shape their understandings of themselves Despite conditions that might lead them to reject any kind of relationship to the Philippines in favor of a deep rootedness in the United States many forge linkages to the homeland and are actively engaged in activism and social movements transnationally Though it may well be true that most Filipino Americans have an ambivalent relationship to the Philippines many of the chapters of this book show that other possibilities for belonging and imaginaries of home are being crafted and pursued Faith, Family, and Filipino American Community Life Stephen M. Cherry,2014-01-03 Stephen M Cherry draws upon a rich set of ethnographic and survey data collected over a six year period to explore the roles that Catholicism and family play in shaping Filipino American community life From the planning and construction of community centers to volunteering at health fairs or protesting against abortion this book illustrates the powerful ways these forces structure and animate not only how first generation Filipino Americans think and feel about their community but how they are compelled to engage it over issues deemed important to the sanctity of the family Revealing more than intimate accounts of Filipino American lives Cherry offers a glimpse of the often hidden but vital relationship between religion and community in the lives of new immigrants and allows speculation on the broader impact of Filipino immigration on the nation The Filipino American community is the second largest immigrant community in the United States and the Philippines is the second largest source of Catholic immigration to this country This ground breaking study outlines how first generation Filipino Americans have the potential to reshape American Catholicism and are already having an impact on American civic life through the engagement of their faith **Asian American Culture** Lan Dong,2016-03-14 Providing comprehensive coverage of a variety of Asian American cultural forms including folk tradition literature religion education politics sports and popular culture this two volume work is an ideal resource for students and general readers that reveals the historical regional and ethnic diversity within specific traditions An invaluable reference for school and public libraries as well as academic libraries at colleges and universities this two volume encyclopedia provides comprehensive coverage of a variety of Asian American cultural forms that enables readers to understand the history complexity and contemporary practices in Asian American culture The contributed entries address the diversity of a group comprising people with geographically discrete origins in the Far East Southeast Asia and the Indian subcontinent identifying the rich variations across the category of Asian American culture that are key to understanding specific cultural expressions while also pointing out some commonalities Entries are organized alphabetically and cover topics in the arts education and politics family and community gender and sexuality history and immigration holidays festivals and folk tradition literature and culture media sports and popular culture and religion belief and spirituality Entries also broadly cover Asian American origins and history regional practices and traditions contemporary

The Practice of U.S. Women's History S. J. Kleinberg, Eileen Boris, Vicki Ruíz, 2007 In the last several decades U S women s history has come of age Not only have historians challenged the national narrative on the basis of their rich explorations of the personal the social the economic and the political but they have also entered into dialogues with each other over the meaning of women s history itself In this collection of seventeen original essays on women s lives from the colonial period to the present contributors take the competing forces of race gender class sexuality religion and region into account Among many other examples they examine how conceptions of gender shaped government officials attitudes towards East Asian immigrants how race and gender inequality pervaded the welfare state and how color and class shaped Mexican American women s mobilization for civil and labor rights

At the Heart of Work and Family Anita Iltis Garey, Karen V. Hansen, 2011 At the Heart of Work and Family presents original research on work and family by scholars who engage and build on the conceptual framework developed by well known sociologist Arlie Russell Hochschild These concepts such as the second shift the economy of gratitude emotion work feeling rules gender strategies and the time bind are basic to sociology and have shaped both popular discussions and academic study The common thread in these essays covering the gender division of housework childcare networks families in the global economy and children of consumers is the incorporation of emotion feelings and meaning into the study of working families These examinations like Hochschild s own work connect micro level interaction to larger social and economic forces and illustrate the continued relevance of linking economic relations to emotional ones for understanding contemporary work family life

In Defense of Asian American Studies Sucheng Chan, 2005 In Defense of Asian American Studies offers fascinating tales from the trenches on the origins and evolution of the field of Asian American studies as told by one of its founders and most highly regarded scholars Wielding intellectual energy critical acumen and a sly sense of humor Sucheng Chan discusses her experiences on three campuses within the University of California system as Asian American studies was first developed in response to

vehement student demand under the rubric of ethnic studies Chan speaks by turns as an advocate and an administrator striving to secure a place for Asian American studies as a teacher working to give Asian American students a voice and white students a perspective on race and racism and as a scholar and researcher still asking her own questions The essays span three decades and close with a piece on the new challenges facing Asian American studies Eloquenty documenting a field of endeavor in which scholarship and identity define and strengthen each other In Defense of Asian American Studies combines analysis personal experience and indispensable practical advice for those engaged in building and sustaining Asian American studies programs

Race and Immigration Nazli Kibria, Cara Bowman, Megan O'Leary, 2013-11-18 Immigration has long shaped US society in fundamental ways With Latinos recently surpassing African Americans as the largest minority group in the US attention has been focused on the important implications of immigration for the character and role of race in US life including patterns of racial inequality and racial identity This insightful new book offers a fresh perspective on immigration and its part in shaping the racial landscape of the US today Moving away from one dimensional views of this relationship it emphasizes the dynamic and mutually formative interactions of race and immigration Drawing on a wide range of studies it explores key aspects of the immigrant experience such as the history of immigration laws the formation of immigrant occupational niches and developments of immigrant identity and community Specific topics covered include the perceived crisis of unauthorized immigration the growth of an immigrant rights movement the role of immigrant labor in the elder care industry the racial strategies of professional immigrants and the formation of pan ethnic Latino identities Written in an engaging and accessible style this book will be invaluable for advanced undergraduate and beginning graduate level courses in the sociology of immigration race and ethnicity

Body Counts Yen Le Espiritu, 2014-08-23 Body Counts The Vietnam War and Militarized Refugees examines how the Vietnam War has continued to serve as a stage for the shoring up of American imperialist adventure and for the re production of American and Vietnamese American identities Focusing on the politics of war memory and commemoration this book retheorizes the connections among history memory and power and refashions the fields of American studies Asian American studies and refugee studies not around the narratives of American exceptionalism immigration and transnationalism but around the crucial issues of war race and violence and the history and memories that are forged in the aftermath of war At the same time the book moves decisively away from the damage centered approach that pathologizes loss and trauma by detailing how first and second generation Vietnamese have created alternative memories and epistemologies that challenge the established public narratives of the Vietnam War and Vietnamese people Explicitly interdisciplinary Body Counts moves between the humanities and social sciences drawing on historical ethnographic cultural and virtual evidence in order to illuminate the places where Vietnamese refugees have managed to conjure up social public and collective remembering
