Homeopathic Remedies Asa Hershoff, 2000-01-24 Organized alphabetically by disorder this convenient reference clearly describes all you need to know about homeopathy and the treatment of numerous disorders For each condition many possible remedies are suggested so you can find the one that most accurately fits your symptoms From food poisoning to varicose veins this book provides detailed homeopathic solutions for a wide range of ailments *Homeopathy Medicine for (Better Health)* Ram Babu Sao, 2025-06-28 The book Homeopathy Medicine for Better Health is a very fascinating and yet an exasperating book Please note that if there is any serious injury or trauma to the eyes then professional help should be sought These remedies are for simple non complicated eye problems If the problem persists please visit your eye doctor or obtain emergency care Its simplicity its vastness and its apparent similarity of symptoms in different drugs throw a tremendous challenge to the People The author says that there is no royal road to a perfect understanding of Homeopathic treatment One can realize its vast extent of diseases and guiding symptoms In its present compact form it contains the maximum number of reliable Homeopathic facts in the minimum space This book provides insight into the principles in homeopathic practice supported by clinical references all throughout An account of remarkable relief s from ill health and miraculous cures affected further justifies its superiority over other fields of medicine and the need for propagation of the nature s way of healing In this scientific era of health consciousness the time has come that for the treatment of any disease which does not respond to any particular line of treatment one must take a homeopathic opinion immediately Often patients lose their early time going to one specialist to another helplessly without permanent relief and approach homeopathy only when other medicines fail **The American Institute of Homeopathy Handbook for Parents** Edward Shalts, M.D., D.Ht., 2011-01-13 The American Institute of Homeopathy AIH is the oldest medical organization in the United States founded three years before the American Medical Association The American Institute of Homeopathy Handbook for Parents is the first AIH publication that offers another option for parents who are reluctant to participate in the widespread extreme measures of conventional medicine such as stimulants antidepressants and overuse of antibiotics Step by step Edward Shalts a medical doctor who practices homeopathic medicine explains what homeopathy is and how it works He presents a user friendly overview of acute and chronic issues and shows how parents can deal with them either on their own for some problems or in many cases with a qualified practitioner This important resource explains the principles of homeopathy the nature of remedies and the appropriate time to use homeopathy *Alternative Medicine for the Elderly* P. Cherniack, N. Cherniack, 2013-04-18 The explosion of information about complementary and alternative medicine CAM has demanded the attention of health professionals and responsible consumers including the elderly Increasingly medical schools are providing education about CAM This book brings together for academicians and interested mainstream practitioners much of the current information on CAM and its role in the health of the elderly The individual chapters are thoroughly researched and

quite readable even for patients and the lay public concerned with the state of the evidence and art supporting CAM's role in prevention and management of illness and well being. This book provides educators with much necessary information needed to prepare coursework and learning activities. Although definitive data are lacking regarding efficacy and even safety of CAM methodologies, many chapters in this book summarize the existing evidence in a usable way. The topics analyzed range from well accepted therapies such as vitamin E for dementia and zinc tablets for the common cold to far less conventional therapies such as transcendental meditation. The conclusions are often surprising but well presented and defended. Even the most highly controversial areas such as the use of acupuncture to treat low back pain and osteoarthritis of the knee are thoroughly and fairly reviewed. Finally, the chapters address some of the political issues that challenge CAM. These issues include who should be allowed to practice a CAM discipline whose efficacy is not based on the scientific method and some of the state to state variations in practice standards and licensure.
