Homeopathy The Practical Guide For The 21st Century:

Homeopathy Beth MacEoin, 2006 Health conscious readers will welcome Homeopathy the first comprehensive guide since 1990 to using homeopathy in the home The guide is written in lay terms with an encyclopedic format illnesses and injuries are listed and medicines are recommended for each Homeopathy is one of the most widely used alternative therapies with about 100 000 physicians using it globally Rodale's 21st-Century Herbal Michael Balick, 2014-04-29 It turns out that Mother Nature is a brilliant chemist Our ancestors have used indigenous herbs in daily life for thousands of years due to these plants ability to heal and promote good health Now modern science has identified the compounds that give herbs their medicinal qualities scent and flavor The extraordinary diversity of herbal plants has the potential to improve our health and well being and we are wholeheartedly incorporating herbs both fresh and dried into our lifestyles for well being healing gardening beauty ceremony and a richer fuller life Presented in three parts Rodale's 21st Century Herbal first explores the historical relationship between people and herbal plants and how it has evolved over time In the second part readers will delve into an A to Z encyclopedia of 180 of the most useful herbs from around the globe not only familiar herbs like bilberry and nasturtium but also cutting edge herbs from other cultures like red bush tea and maca that are now available in the West The final section highlights how herbs create a fuller life and features herbal cooking techniques ways to use herbs for beauty and the bath ideas for daily herbal use such as green cleaning fragrances decor smudging and dyeing gardening and growing how tos with illustrated garden designs and advice for holistic herbal pet care The Apha Practical Guide to Natural Medicines Andrea Peirce, 1999-02-17 The first authoritative home reference for herbs and natural remedies from the nation's largest and most respected organization of pharmacists **Encyclopedia of Wellness** Sharon K. Zoumbaris, 2012-06-06 This wide ranging encyclopedia addresses our rapidly changing understanding of health and wellness providing a collection of essays that are up to date and comprehensive in both scope and breadth Encyclopedia of Wellness From A a Berry to Yo Yo Dieting offers expert advice to anyone seeking information on a condition or illness More than that however this three volume resource is a compendium of practical information on how to reduce poor health choices and live a healthy active vibrant life A source of basic easily understandable entries on health and wellness the encyclopedia covers an extraordinarily broad array of health related topics including acupuncture art therapy biofeedback food additives nutrition labels organic foods and workplace wellness Bulimia is covered as are depression autism cancer and environmental hazards Essays examine issues related to healthy living for the mind and the body stressing the importance of the mind body connection to good health Information is also offered on practical concerns such as medical savings accounts changes in medical insurance and the U S health care system Throughout the encyclopedia presents knowledge gleaned from new research on treatment and especially on choices in nutrition and exercise *Suckers* Rose Shapiro, 2010-09-30 Alternative medicine is now used by one in three of us In the UK we spend an estimated 4 5 billion a year on it and its practitioners are

now insinuating themselves into the mainstream There are methods based on ancient or far eastern medicine as well as ones invented in the nineteenth and twentieth centuries Many are promoted as natural treatments What they have in common is that there is no hard evidence that any of them work Treatments like homeopathy acupuncture and chiropractic are widely available and considered reputable by many Ever more bizarre therapies from naturopathy to nutraceuticals ear candling to ergogenics are increasingly favoured Endorsed by celebrities and embraced by the middle classes alternative medicine s appeal is based on the spurious rediscovery of ancient wisdom and the supposedly benign quality of nature Surrounded by an aura of unquestioning respect and promoted through uncritical airtime and column inches alternative medicine has become a lifestyle choice Its global market is predicted to be worth 5 trillion by 2050 Suckers reveals how alternative medicine can jeopardise the health of those it claims to treat leaches resources from treatments of proven efficacy and is largely unaccountable and unregulated In short it is an industry that preys on human vulnerability and makes fools of us all Suckers is a calling to account of a social and intellectual fraud a bracing funny and popular take on a global delusion

Pseudoscience Brian Regal,2009-10-15 More than just a collection of factual entries this rich resource explores the difference between scientific and pseudoscientific pursuits in a way that spurs readers to ask questions and formulate answers What makes science science How do we tell which assertions beliefs and methods are scientifically sound and which are not Brian Regal s authoritative entertaining new reference Pseudoscience A Critical Encyclopedia gets at the heart of these questions by helping readers understand how the scientific method works how to critically analyze all kinds of evidence and how to sort through long running myths and current pseudoscience controversies Ranging from the dawn of history to the present and across world cultures Pseudoscience uses a field of endless fascination as a means of driving home the importance of solid scientific reasoning The encyclopedia spans the full spectrum of scientific and nonscientific pursuits from chemistry biology psychology and medicine to eugenics religion cryptozoology the occult and paranormal activities Specific entries focus on general concepts of science the lives of individuals and claims of abilities Throughout these entries go beyond simply stating facts by constantly engaging readers in a discussion about the very nature of true scientific discovery
