La utopía del amor Fernando Bertona, 2024-03-01

A la luz de las circunstancias actuales para qué leer un libro que trata sobre utopías específicamente la utopía del amor. ¿Qué significa este interrogante en el ámbito de la educación? La respuesta se debe buscar justamente en las circunstancias actuales. De las grandes crisis y la educación la sufre desde hace tiempo se sale por arriba y a través de un nuevo paradigma que se sostenga en una nueva visión de realidad motivadora, desafiante, coherente y esperanzadora. La utopía del amor lo es. Podemos definirla como una hipótesis basada en un sólido diagnóstico de la realidad incluidas la inteligencia artificial y las TIC y en una observación crítica de las tendencias globales que nos permiten visualizar sobre un escenario futuro probable cuáles competencias y funciones podrían ser necesarias para un desarrollo integral de la persona. La utopía del amor requiere de

una actitud la intención del amor la cual será necesaria para integrar un proyecto de esta naturaleza al que hemos denominado Proyecto de Participación Inteligente y que consiste en la integración y aplicación de determinados conceptos y acciones que permiten aprender resolver y comunicar en el marco de determinados modelos cuya característica común es su facilidad para jugar a aprender La comprensión de tales conceptos y modelos aplicables a cualquier tipo de asignatura debido a su naturaleza esencialmente facilitar la ubicación de la persona frente a su entorno como asimismo el afianzamiento de conductas respetuosas y autorizadas que permitan sostener unas relaciones humanas más constructivas sostenibles y ciertas
