La Gran Guerra 1914 1918 13 Or 20:

The Routledge History of the First World War Paul R. Bartrop, 2024-08-27 The Routledge History of the First World War is a work which in a single volume covers a range of major themes and issues relating to that conflict Providing a comprehensive but readily accessible reference work examining the First World War in accordance with a broad range of themes this book presents the many ways in which study of the First World War can take place and introduces readers to new areas of research often untouched in other studies of the war With a scholarly Introduction and 60 chapters by specialist authors who come from 14 different countries across four continents the book is also intended to open lines of further inquiry from its solid base of academic knowledge The volume demonstrates the war's global and total nature examining the conflict in all major theatres and through the lens of the key combatants and neutrals It also fully engages with issues of race gender ideology and society during the war This book will appeal to students of all levels scholars and general readers alike interested in the First World War from several different perspectives and research areas The 60 chapters cover topics from numerous angles and provide detailed information about all aspects relating to the First World War

Against the World Tara Zahra, 2023-01-24 A brilliant eye opening work of history that speaks volumes about today's battles over international trade immigration public health and global inequality Before the First World War enthusiasm for a borderless world reached its height International travel migration trade and progressive projects on matters ranging from women's rights to world peace reached a crescendo Yet in the same breath an undercurrent of reaction was growing one that would surge ahead with the outbreak of war and its aftermath In *Against the World* a sweeping and ambitious work of history acclaimed scholar Tara Zahra examines how nationalism rather than internationalism came to ensnare world politics in the early twentieth century The air went out of the globalist balloon with the First World War as quotas were put on immigration and tariffs on trade not only in the United States but across Europe where war and disease led to mass societal upheaval The Spanish flu heightened anxieties about porous national boundaries The global impact of the 1929 economic crash and the Great Depression amplified a quest for food security in Europe and economic autonomy worldwide Demands for relief from the instability and inequality linked to globalization forged democracies and dictatorships alike from Gandhi's India to America's New Deal and Hitler's Third Reich Immigration restrictions racially constituted notions of citizenship anti-Semitism and violent outbursts of hatred of the other became the norm coming to genocidal fruition in the Second World War Millions across the political spectrum sought refuge from the imagined and real threats of the global economy in ways strikingly reminiscent of our contemporary political moment new movements emerged focused on homegrown and local foods domestically produced clothing and other goods and back to the land communities Rich with astonishing detail gleaned from Zahra's unparalleled archival research in five languages *Against the World* is a poignant and thorough exhumation of the popular sources of resistance to globalization With anti-globalism a major tenet of today's extremist agendas Zahra's arrestingly clear-sighted

and wide angled account is essential reading to grapple with our divided present **"Then horror came into her eyes ..."**

Claudia Glunz, Claudia Junk, Thomas F. Schneider, 2014 Biographische Informationen Claudia Glunz ist Mitarbeiterin des Erich Maria Remarque Friedenszentrums an der Universität Osnabrück Dr Thomas F Schneider leitet das Erich Maria Remarque Friedenszentrums und lehrt Neuere Deutsche Literatur an der Universität Osnabrück Reihe Krieg und Literatur War and Literature International Yearbook on War and Anti War Literature Vol XX **Spain and the Great Powers in the Twentieth Century** Sebastian Balfour, Paul Preston, Professor Paul Preston, 2002-01-31 Spain and the Great Powers in the Twentieth Century examines the international context to and influences on Spanish history and politics from 1898 to the present day Spanish history is necessarily international with the significance of Spain's neutrality in the First World War and the global influences on the outcome of the Spanish Civil War Taking the Defeat in the Spanish American war of 1898 as a starting point the book includes surveys on the crisis of neutrality during the First World War foreign policy under the dictatorship of Primo de Rivera the allies and the Spanish Civil War Nazi Germany and Franco's Spain Spain and the Cold War relations with the United States This book traces the important topic of modern Spanish diplomacy up to the present day

Military Medicine Armed Forces Medical Library (U.S.), 1955 **The Intelligence War in Latin America, 1914-1922** Jamie Bisher, 2016-03-22 World War I did not bypass Latin America Within days of the war's outbreak European belligerents mobilized intelligence assets and secret diplomacy to compete for Latin America's allegiances and resources This intelligence war entangled all of the American republics and even Japan Dreary consular offices from the Rio Grande to the Straits of Magellan were abruptly thrust into covert activities trafficking in fugitives running contraband and conducting sabotage Revolutionary and counter revolutionary movements big oil international banks and businesses were also drawn in Drawing on long classified U.S intelligence documents this narrative of the Latin American intelligence war reveals the complexity and chaos behind the placid veneer of wartime Pan America The author connects the dots between Mexico City Buenos Aires Guatemala City Lima Havana Santiago Rio de Janeiro Berlin London Washington Tokyo and dozens of safe houses front companies consulates legations and headquarters in between Scores of unrecognized veterans of the intelligence war are revealed The Great War for Peace William Mulligan, 2014-05-27 Offers an assessment of the first two decades of the twentieth century and especially the First World War that argues that these years played an essential part in the creation of a peaceful global order *Dynamic of Destruction : Culture and Mass Killing in the First World War* Professor Alan Kramer, 2007-07-12 On 26 August 1914 the world famous university library in the Belgian town of Louvain was looted and destroyed by German troops The international community reacted in horror Holocaust at Louvain proclaimed the Daily Mail and the behaviour of the Germans at Louvain came to be seen as the beginning of a different style of war without the rules that had governed military conflict up to that point a more total war in which enemy civilians and their entire culture were now legitimate targets Yet the destruction at Louvain was simply one symbolic moment in a wider wave

of cultural destruction and mass killing that swept Europe in the era of the First World War Using a wide range of examples and eye witness accounts from across Europe at this time award winning historian Alan Kramer paints a picture of an entire continent plunging into a chilling new world of mass mobilization total warfare and the celebration of nationalist or ethnic violence often directed expressly at the enemy s civilian population *The Spanish Frustration* Josep M.

Colomer,2019-06-21 Old troubles with remote origins persist in modern Spain including huge public debts extensive corruption widespread unlawfulness oligarchical politics territorial splits and permanent protests and riots When did Spain screw up *The Spanish Frustration* provides an interpretation of several important aspects of present day Spain and its past stories It argues that in the long term Spain missed the opportunity to become a consolidated modern nation state because it was entangled in imperial adventures for several centuries when it should have been building a solid domestic basis for further endeavors In short a ruinous empire made a weak state which built an incomplete nation which sustains a minority democracy Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library. Research Libraries,1979

Italian Venice R. J. B. Bosworth,2014-09-28 In this elegant book Richard Bosworth explores Venice not the glorious Venice of the Venetian Republic but from the fall of the Republic in 1797 and the Risorgimento up through the present day Bosworth looks at the glamour and squalor of the belle poque and the dark underbelly of modernization the two world wars and the far reaching oppressions of the fascist regime through to the Disneylandification of Venice and the tourist boom the worldwide attention of the biennale and film festival and current threats of subsidence and flooding posed by global warming He draws out major themes the increasingly anachronistic but deeply embedded Catholic Church the two faces of modernization consumerism versus culture Bosworth interrogates not just Venice s history but its meanings and how the city s past has been co opted to suit present and sometimes ulterior aims Venice he shows is a city where its histories as well as its waters ripple on the surface Making Citizens in Argentina

Benjamin Bryce,David M. K. Sheinin,2017-06-30 *Making Citizens in Argentina* charts the evolving meanings of citizenship in Argentina from the 1880s to the 1980s Against the backdrop of immigration science race sport populist rule and dictatorship the contributors analyze the power of the Argentine state and other social actors to set the boundaries of citizenship They also address how Argentines contested the meanings of citizenship over time and demonstrate how citizenship came to represent a great deal more than nationality or voting rights In Argentina it defined a person s relationships with and expectations of the state Citizenship conditioned the rights and duties of Argentines and foreign nationals living in the country Through the language of citizenship Argentines explained to one another who belonged and who did not In the cultural moral and social requirements of citizenship groups with power often marginalized populations whose societal status was more tenuous *Making Citizens in Argentina* also demonstrates how workers politicians elites indigenous peoples and others staked their own claims to citizenship *Index-catalogue of the Library of the Surgeon General's Office, United*

States Army (Armed Forces Medical Library). Armed Forces Medical Library (U.S.), National Library of Medicine (U.S.), Library of the Surgeon-General's Office (U.S.), 1955 Collection of incunabula and early medical prints in the library of the Surgeon general s office U S Army Ser 3 v 10 p 1415 1436 **Naval Power in the Twentieth Century** N.A.M.

Rodger, 2016-07-27 It is a century since Mahan and his disciples taught the world that a battlefleet was indispensable to a great power Great and not so great powers still keep powerful navies today but we have no generally accepted principles to explain why In this book historians and naval officers from Britain the United States and other countries study the use of naval power over a century and ask what it is for and what it can do It will be essential reading for modern historians policy makers and strategists **The Vanquished** Robert Gerwarth, 2016-11-15 An epic groundbreaking account of the ethnic and state violence that followed the end of World War I and shaped the course of the twentieth century Winner of the Tomlinson Book Prize A Times Literary Supplement Best Book of 2016 In *The Vanquished* a highly original and gripping work of history Robert Gerwarth asks us to think again about the true legacy of the First World War In large part it was not the fighting on the Western Front that proved so ruinous to Europe s future but the devastating aftermath as countries on both sides of the original conflict were savaged by revolutions pogroms mass expulsions and further major military clashes In the years immediately after the armistice millions would die across central eastern and southeastern Europe before the Soviet Union and a series of rickety and exhausted small new states would come into being It was here in the ruins of Europe that extreme ideologies such as fascism would take shape and ultimately emerge triumphant As absorbing in its drama as it is unsettling in its analysis *The Vanquished* is destined to transform our understanding of not just the First World War but the twentieth century as a whole 1917 and the Consequences Gerhard Besier, Katarzyna Stokłosa, 2019-09-30 The Russian Revolution of 1917 has been one of the most important events of modern history It changed the course of the events not only in Russia but on a wider scale across the world while it influenced the flow of history throughout the twentieth century until the fall of the Soviet Union and to some extent well beyond this time Radical change in Russia triggered social revolutions and reformations across Europe while authoritarian systems shaped their societies according to the Russian model This book analyses these forces particularly at the European periphery which has been underexplored until this volume **Spain and Argentina in the First World War** Maximiliano Fuentes Codera, 2021-03-22 This is the first book that analyzes the transnational impact of the Great War simultaneously on two countries Spain and Argentina that remained neutral throughout the conflict Both countries were very relevant in the conception of propaganda and policies of belligerent countries such as France Germany and Great Britain and showed that the conflict had a global influence and affected deeply local political and cultural processes even in areas geographically distant from the trenches Within this framework this book is focused on three aspects that are analyzed dynamically throughout the whole war from a transnational perspective neutrality as a space of dispute between pro Allies and pro German sectors and its relation with local politics the debate about what positions should be

assumed in order to guarantee a world without war and the polemics on the ideas of nations and supra nations Hispanism Latinism Pan Americanism The conclusions of the book highlight that the radicalization that exploded in 1917 in both countries was fundamental in shaping the political radicalization of the last months of the conflict and the postwar period As happened in Europe the Great War did not finish in 1918 and its traces continued in the 1920s and 1930s

Visions and Ideas of Europe during the First World War Matthew D'Auria, Jan Vermeiren, 2019-08-02 Given the destruction and suffering caused by more than four years of industrialised warfare and economic hardship scholars have tended to focus on the nationalism and hatred in the belligerent countries holding that it led to a fundamental rupture of any sense of European commonality and unity It is the central aim of this volume to correct this view and to highlight that many observers saw the conflict as a European civil war and to discuss what this meant for discourses about Europe Bringing together a remarkable range of compelling and highly original topics this collection explores notions images and ideas of Europe in the midst of catastrophe

Living War, Thinking Peace (1914-1924) Bruna Bianchi, Geraldine Ludbrook, 2016-04-26 This volume is the result of a long commitment of the online journal DEP Deportate esuli profughe to the themes of women pacifists thought and activism in the 1900s The volume is a collection of contributions centred around three main themes The first part Living War Women's Experiences during the War brings together first hand accounts from women's lives as they face the horrors of war drawn mainly from original sources such as diaries letters memoirs and writings The second Thinking Peace Feminist Thought and Activism explores the lives and thought of several key women activists who challenged inequalities and sought to create new opportunities for women contributing to the definition of a transnational culture of peace The final section International Relations Toward Future World Peace examines the work of a group of women who saw the outbreak of the First World War and the emergence of an international women's movement for peace as an opportunity to act for their personal emancipation and in some cases for a different idea of politics The volume fills a notable gap in international history studies providing a selection of contributions from little known European contexts such as Italy Poland and Austria The presence and contribution of African American women which has been neglected in the history of women's pacifism is also explored Particular attention is given to the Women's International League for Peace and Freedom and to the International Congress of Women held in The Hague in 1915

The Italian Empire and the Great War Vanda Wilcox, 2021-06-24 The Italian Empire and the Great War brings an imperial and colonial perspective to the Italian experience of the First World War Italy's decision for war in 1915 built directly on Italian imperial ambitions from the late nineteenth century onwards and its conquest of Libya in 1911-12 The Italian empire was conceived both as a system of overseas colonies under Italian sovereignty and as an informal global empire of emigrants both were mobilized to support the war in 1915-18 The war was designed to bring about a greater Italy both literally and metaphorically In pursuit of global status Italy fought a global war sending troops to the Balkans Russia and the Middle East though with limited results Italy's newest colony Libya was also a

theatre of the war effort as the anti colonial resistance there linked up with the Ottoman Empire Germany and Austria to undermine Italian rule Italian race theories underpinned this expansionism the book examines how Italian constructions of whiteness and racial superiority informed a colonial approach to military occupation in Europe as well as the conduct of its campaigns in Africa After the war Italy's failures at the Peace Conference meant that the mutilated victory was an imperial as well as a national sentiment Events in Paris are analysed alongside the military occupations in the Balkans and Asia Minor as well as efforts to resolve the conflicts in Libya to assess the rhetoric and reality of Italian imperialism

As recognized, adventure as capably as experience practically lesson, amusement, as well as deal can be gotten by just checking out a ebook **La Gran Guerra 1914 1918 13 Or 20** in addition to it is not directly done, you could believe even more concerning this life, vis--vis the world.

We offer you this proper as well as simple quirk to get those all. We pay for La Gran Guerra 1914 1918 13 Or 20 and numerous books collections from fictions to scientific research in any way. in the course of them is this La Gran Guerra 1914 1918 13 Or 20 that can be your partner.
