**La identidad** Milan Kundera,2005 Chantal y Jean Marc son un matrimonio bien avenido viven en Par s y se quieren tanto que incluso se confunden Hay situaciones en las que ninguno parece reconocerse la identidad del otro pareciera disolverse y de paso la suya propia En el mundo de los que aman lo m s temido es perder de vista al ser amado y es justamente eso lo que le ocurrir a este matrimonio El autor nos muestra c mo cambia una persona con el paso del tiempo y un d a el que la ama descubre que ya no es ese el objeto de su amor Fui yo el que cambi y percibe las cosas de otra forma o es que el objeto de mi amor perdi su identidad la esencia de lo que yo amaba Kundera atrapa al lector en el miedo que acompa a el instante de extrav o y lo obliga a participar en ese proceso

**Identity** Milan Kundera,1999-04-21 There are situations in which we fail for a moment to recognize the person we are with in which the identity of the other is erased while we simultaneously doubt our own This also happens with couples indeed above all with couples because lovers fear more than anything else losing sight of the loved one With stunning artfulness in expanding and playing variations on the meaningful moment Milan Kundera has made this situation and the vague sense of panic it inspires the very fabric of his new novel Here brevity goes hand in hand with intensity and a moment of bewilderment marks the start of a labyrinthine journey during which the reader repeatedly crosses the border between the real and the unreal between what occurs in the world outside and what the mind creates in its solitude Of all contemporary writers only Kundera can transform such a hidden and disconcerting perception into the

material for a novel one of his finest most painful and most enlightening Which surprisingly turns out to be a love story

Vélez Correa,2005 Introduction to Côte d'Ivoire Gilad James, PhD, C te d Ivoire or the Ivory Coast is a country located in West Africa that borders the Gulf of Guinea It is known for being the world's largest producer of cocoa beans as well as for its vibrant cultural heritage The country is home to over 25 million people with the majority of the population being of African descent The official language of C te d Ivoire is French although local languages such as Baoul Dioula and Anyin are also spoken C te d Ivoire has a rich history that dates back to pre colonial times The country was first colonized by the French in the late 19th century and gained independence in 1960 Since then it has experienced periods of political instability including a civil war that lasted from 2002 to 2011 Despite these challenges C te d Ivoire has continued to develop its economy which is largely driven by agriculture including the production of coffee cocoa and palm oil The country has also made progress in areas such as education and healthcare although poverty and inequality persist in many parts of the country

Epistemología del diálogo Gabriella Bianco,2002 Intersubjetividad. Ensayos filosóficos sobre autoconciencia, sujeto y acción Flor Cely,William Duica,2009-01-01 En este libro el grupo de investigación Relativismo y Racionalidad del Departamento de Filosofía de la Universidad Nacional de Colombia ofrece una colección de ensayos escritos en un tono autónomo y comprometido que da cuenta de una reflexión viva y en curso Quizá sea por eso que la idea misma de intersubjetividad no sólo cambia de dimensiones a lo largo de las tres partes que componen el libro recibiendo de cada mano un matiz propio sino que presenta una arista distinta en cada uno de los contextos tratados Unos son los matices que surgen al entender la intersubjetividad como reconocimiento otros los que afloran cuando se la entiende como un concepto que media las tensiones metodológicas que hay entre lo objetivo y lo subjetivo y otros los que aparecen cuando se examinan las responsabilidades éticas en la acción colectiva Asimismo no cabe esperar una visión nica sobre el tema ni una postura monológica trazada desde algún tipo de revelación intelectual Sin embargo la intersubjetividad sigue siendo en todos los ensayos una constante apelación a la perspectiva que define en gran medida una de las características más notables de la reflexión filosófica contemporánea El libro invita a una lectura crítica que resultará interesante para estudiantes e investigadores en distintos campos de las ciencias sociales y las humanidades

Entorno y artificio Nieves Febrero,2008-03-15 Puede entenderse el

mundo contemporáneo a partir de su cotidianidad Que entendemos por vida cotidiana Desde qué realidad y perspectiva podemos hablar sobre lo cotidiano Estas y otras preguntas forman parte del presente libro en el que la autora se ha propuesto retratar una parte del pensamiento occidental en relación a la vida cotidiana de los individuos que habitan dentro

del conglomerado difuso y globalizado que conforman hoy día las ciudades contemporáneas. Artistas, escritores y cineastas entre las últimas décadas se continúan preguntando sobre estas sobre los problemas de identidad que generan marginación y ocupación en relaciones sociales, etc. preocupaciones que proyectan en sus obras o en sus películas cinematográficas. Es decir, cómo ven e interpretan ellos todo el entramado social en el que se encuentran inmersas desde su propia perspectiva y desde la de los otros. Un trabajo de investigación de difícil compilación precisamente por la propia complejidad del tema que concentra una multi diversidad de elementos sociales conceptuales antropológicos o estéticos y que se centran principalmente en lo local pero también en lo general y en las historias o micro historias en las que nos hayamos envueltos diariamente.

**suicidio de Occidente** Alicia Delibes Liniers, 2024-03-27. Desde hace unos años cada vez más a la vista que nuestros niños salen de las escuelas con graves deficiencias en comprensión lectora; muchos razonan sin discernimiento y pasan de curso sin haber aprobado. Se les nota aburridos y sin rumbo buscando sentido en un sistema que dice que la educación de las emociones lo es todo. ¿Qué ha pasado para que los sistemas educativos de los países occidentales y España con ellos estén inmersos en el creciente desprecio a la transmisión de los conocimientos en las aulas de sus escuelas e institutos? Alicia Delibes que conoce como pocos la educación desde la práctica y la gestión política con la experiencia acumulada de más de cincuenta años dedicada a la enseñanza repasa en "El suicidio de Occidente" todos los pensadores y las teorías que en los últimos 250 años se han dedicado a la educación en Occidente. Explica cómo y quién controla las líneas de suministro de los futuros ciudadanos y cuál es la historia y el presente del plan que pretende neutralizar la base de nuestra civilización. Este libro ofrece una imagen clara de cómo poco a poco sucedió la decadencia de la educación occidental desde Francia hasta los EE.UU., pasando por España, desde personajes como Rousseau hasta el wokismo y la Ley Cela, con la esperanza de que los padres, profesores y personas interesadas en la educación entiendan de dónde viene esta crisis y la puedan detectar y afrontar lo antes posible.
