Labor Market Dynamics Libya Reintegration:

Labor Market Dynamics in Libya, 2015 *Labor Market Dynamics in Libya* The World Bank, 2015-06-24 Since the 2011 uprising that toppled the former regime Libya has been mired in deep political strife An economy in which agriculture once flourished was converted wholesale to an oil based rentier state of the most extreme kind Following the immediate post revolution oil consumption boom in 2014 Libya s economy is in recession Security is the greatest challenge to stability World Bank 2014 Today limited opportunities exist for reintegrating youth and ex combatants into the labor market This policy note provides an initial assessment of Libya s labor market and discusses policy options for promoting employability as part of a broader jobs strategy It is intended as a contribution to evidence on Libya s labor market for the benefit of policy makers civil society and the broader international community The report finds that the overall unemployment rate in Libya increased from 13.5 percent in 2010 prior to the uprising to 19 percent as of 2012 having changed little since then Youth unemployment stands at approximately 48 percent and female unemployment 25 percent The vast majority 85 percent of Libya s active labor force is employed in the public sector a high rate even by regional standards The rate for women is even higher 93 percent Employment in industry largely the oil sector and agriculture accounts for only 10 percent of the labor force While nearly all public sector workers are covered by some form of social insurance only 46 percent of private sector workers are enrolled a striking difference The report further discusses the implications of Libyan jobseeker profiles Thirty percent of firms have reported difficulty in recruiting qualified Libyan nationals Only 15.30 percent of Libya s labor force is relatively skilled and likely could be hired readily if given access to basic job training and job search assistance For the remainder of the unemployed work force targeted interventions would need to be designed for advanced skills development vocational training reconversion and apprenticeship and entrepreneurship programs The report discusses options for shifting Libya from a rentier state to a diversified productive economy through economic and technical partnerships to help accelerate creating economic opportunities and jobs

The Development Dimension SMEs in Libya's Reconstruction Preparing for a Post-Conflict Economy OECD, 2016-09-07 The report is intended to contribute to the implementation of policies in a post conflict Libya to promote private sector development

Competitiveness and Private Sector Development Women's Economic Empowerment in Selected MENA Countries The Impact of Legal Frameworks in Algeria, Egypt, Jordan, Libya, Morocco and Tunisia OECD, 2017-10-07

In the MENA region women make up more than half of the eligible workforce They are increasingly better educated and aspire to play a more active role in the economy However women s labour force and entrepreneurial participation rates remain among the lowest in the world

Libya Jacob Mundy, 2018-10-15 Libya is teetering on the edge of collapse having become a new haven for terrorist organizations and an epicenter of the refugee crisis Few could have imagined that the

uprising against the longstanding regime of Mu ammar Al Gaddafi would expose a polity deeply fractured by internal divisions Fewer still could have predicted the intractability of the conflicts that emerged in the wake of this revolution Jacob Mundy s Libya is the first book to explain the political security and humanitarian crises that have engulfed Libya Africa s largest oil exporting country since the Arab Spring of 2011 Examining the roots of the anti Gaddafi revolution and the failures that resulted in the country s descent into chaos Mundy identifies new centers of power that coalesced in the wake of the regime s collapse The more these rival coalitions vied for political authority and control over Libya s vast oil wealth the more they reached out to external actors who were playing their own great game in Libya and across the region In the face of such a multifaceted crisis the future looks grim as the international community seems unable to bring peace to this divided and conflict ridden nation

The Long Road to Inclusive Institutions in Libya Hend Irhiam, Michael Schaeffer, Kanae Watanabe, 2023-06-07 Facing a challenging transition process Libya stands to profit from a reconstruction strategy and a vision that bring the country together Investment decisions will have to be based on the analysis of alternative short medium and long term interventions and the sequencing of related reforms all while considering the realities on the ground A stable Libya will carry substantive positive spill over effects for neighboring countries and beyond If sustainable peace and stability are to take hold Libya s partners must stay the course sustain engagement and support Libya s efforts to rebuild equitably and inclusively The Long Road to Inclusive Institutions in Libya A Sourcebook of Challenges and Needs is a rich compilation of analytical work on Libya s sector dynamics and reform choices The content was developed in partnership with 60 contributors from nine institutions The book s 21 chapters address institutional transformation reflect on the conflict s impact on the economy and outline the consequences of the conflict on people and services The book demonstrates that even in challenging circumstances one can contribute to the development of a near and medium term vision for a political economic and socially inclusive Libya while acknowledging the need to adapt as the circumstances evolve Utilizing a number of analytical techniques including phone surveys and nighttime data the authors make a unique contribution to the discussion of Libya s medium to long term challenges for readers in government civil society and academia

The Lure of Authoritarianism Stephen J. King, Abdeslam M. Maghraoui, 2021-12-22 The works collected in The Lure of Authoritarianism consider the normative appeal of authoritarianism in light of the 2011 popular uprisings in the Middle East Despite what seemed to be a popular revolution in favor of more democratic politics there has instead been a slide back toward authoritarian regimes that merely gesture toward notions of democracy In the chaos that followed the Arab Spring societies were lured by the prospect of strong leaders with firm guiding hands The shift toward normalizing these regimes seems sudden but the works collected in this volume document a gradual shift toward support for authoritarianism over democracy that stretches back decades in North Africa Contributors consider the

ideological socioeconomic and security based justifications of authoritarianism as well as the surprising and vigorous reestablishment of authoritarianism in these regions With careful attention to local variations and differences in political strategies the volume provides a nuanced and sweeping consideration of the changes in the Middle East in the past and what they mean for the future *Freedoms, Fragility and Job Creation* Ali Mehdi, Divya Chaudhry, Priyanka Tomar, 2018-09-03

This book argues that inequality of basic freedoms economic political sociocultural is a central cause of fragility and challenge to job creation in fragile geopolitical situations It is based on extensive official data and stakeholder interactions in the conflict ridden Indian border state of Jammu and Kashmir and involves a case study research methodology This is the first book which invokes the philosophical perspective of freedom to analyze two of the most pressing challenges of our time fragility and job creation and as such makes a fundamental contribution to both strands of academic and policy literature From this perspective development in the sense of freedoms particularly the enhancement of human agency through jobs should be a central strategy in tackling fragility Most literature on Indian Kashmir has been emotional or political in nature lacking the serious yet interesting multidisciplinary focus presented here which is a historical assessment of Kashmir s political economy economic indices employment patterns challenges of infrastructure and human capital Ending with a set of long medium and immediate term policy recommendations to address the challenge of jobs in the state this is the only book on Indian Kashmir which is at once philosophical social scientific and policy oriented in nature Academics in development studies regional development political science and international relations international organizations working in fragile regions around the world national and international policymakers the private sector civil society media as well as ordinary readers interested in the issue of Kashmir will find it engaging and useful *Women's Lives around the World* Susan M. Shaw, Nancy Staton Barbour, Patti Duncan Ph.D., Kryn Freehling-Burton Ph.D., Jane Nichols, 2018-01-04

Providing an in depth look at the lives of women and girls in approximately 150 countries this multivolume reference set offers readers transnational and postcolonial analysis of the many issues that are critical to the success of women and girls For millennia women around the world have shouldered the responsibility of caring for their families But in recent decades women have emerged as a major part of the global workforce balancing careers and family life How did this change happen And how are societies in developing countries responding and adapting to women s newer roles in society This four volume encyclopedia examines the lives of women around the world with coverage that includes the education of girls and teens the key roles women play in their families careers religions and cultures how issues for women intersect with colonialism transnationalism feminism and established norms of power and control Organized geographically each volume presents detailed entries about the lives of women in particular countries Additionally each volume offers sidebars that spotlight topics related to women and girls in specific regions or focus on individual women s lives and contributions Primary source documents include sections of countries constitutions that are relevant to women and girls United Nations resolutions and national resolutions regarding

women and girls and religious statements and proclamations about women and girls The organization of the set enables readers to take an in depth look at individual countries as well as to make comparisons across countries **The assessment and improvement of the value chains and added value of agricultural commodities in the south of Libya** Food and Agriculture Organization of the United Nations, United Nations Development Programme, 2021-11-22 This report first describes the context of the agriculture sector in Libya and in the south of the country the impact of the ongoing conflict in the country since 2011 and of the COVID 19 pandemic and the specific configuration of the sectors in the south of the country Secondly it describes the main challenges in the value chains and added value of selected major crops cultivated in the south of Libya providing an analysis and assessment of the cooperatives and associations in the region with significant involvement and participation of women This publication presents a holistics analysis and assessment of the value chains in Libya particularly in the South where various agricultural crops are produced including cereals and grains fruits and vegetables The majority of the area cultivated for these agricultural commodities was given over to vegetables in Wahat 57 percent of this area Murzuq 57 percent Ubari 42 percent and Wadi Etba 57 percent The majority was used for fruits in Albwanis 88 percent Kufra 70 percent Sabha 74 percent and Sharqiya 64 percent Finally the majority was used for cereals and grains in Ghat 59 percent Qatrun 79 percent Traghan 61 percent and Wadi Shati 52 percent In addition to the significant area cultivated and significant quantities produced of these selected crops in the region this publication based on the data gathered on agricultural production alongside certain other factors and reasons 16 crops have been selected for the evaluation and characterization of their value chains and added value Compétitivité et développement du secteur privé
