Wilson, 1974 **Jesus, the Master Teacher** Herman Harrell Horne, 1922 **Jesus, the Master Teacher** Herman Harrell Horne, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1920 edition Excerpt chapter xxiv his attitude toward children A leading modern scientific student of childhood a paidologist to use the technical word has written 1 We have another oracle most closely associated with das ewige weibliche and to which we can always turn viz das ewige Hndliche The oracles of the latter will never fail However distracted we are in the mazes of new knowledges skills ideals conflicts between old and new unable though we may be to thrid all the mazes of our manifold modern cultures we do know that there is one supreme source to which we can look for guidance and which alone can tell us what is really best worth knowing and doing save us from misfits perversions the wastage of premature and belated knowledge and that is the child in our midst that still leads us because it

holds all the keys of the future so that service to it is the best criterion of all values It epitomizes the developmental stages of the race human and prehuman is the goal of all evolution the highest object of that strange new love of the naive spontaneous and unsophisticated in human nature Can you paraphrase this quotation Do you agree with it Does it remind you of anything Jesus said or Isaiah Jesus was infant child boy young man and man What does this signify G S Hall Jesus the Christ in the Light of Psychology Vol I p 276 N Y 1917 Why should God come into human life in the form of an infant Why should this infant pass through all the stages of human growth except senescence Compare this conception with that of the Greeks that Juno came full grown from the brain of Zeus Remember however the different conception of Hermes and the infant Dionysus What biblical word if any reveals more of God s Jesus, the Master Teacher Edwin Pugh, 2005-08 Therefore go and make disciples of all nations teaching them to obey everything I have commanded you Matthew 28 19 20 Christians are required to teach What better way than to learn from Jesus the Master teacher His teachings have lasted over two thousand years transforming millions of lives The methods Jesus used in his teaching are explored This book shows how he captivated the imaginations of those listening how he instilled them with God s truths and equipped them to do his work This book is not just for professional teachers or preachers All of us are involved at some stage in communication of important truth and in that sense are teachers The ideas in this book have application to us all Jesus the Master Teacher (Classic Reprint) Herman Harrell Horne, 2015-07-13 Excerpt from Jesus the Master Teacher Glover writes in his book The Jesus of History p 84 I have been treating him almost as if he were an authority on pedagogy Fortunately he never discussed pedagogy never used the terms I have been using But he dealt with men he taught and he influenced them and it is worth our study to understand how he did it to master his methods In 1906 a volume of bibliography on Jesus Christ Our Lord by S G Ayers contained five thousand titles The name of Jesus is more written about than any other in history Where so much has been written it is astonishing how little attention has been paid to the pedagogy of Jesus A few books like that of Hinsdale 1895 a few articles like that by Ellis 1902 and a few occasional pages in larger works as in Wendt these are all The bibliography at the end of our own accompanying study is conspicuously and suggestively brief The pedagogy of Jesus is a discovered and staked out but unworked mine Let no one try it who is not both a biblical scholar and an educator The following pages have only scratched the surface and uncovered a few leads One may well wonder why it is that though books have been written about education since the Republic of Plato and about Jesus since the gospel of Mark it is only the present generation that has seen books written about Jesus as an educator About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any

Jesus the Master Teacher Kenneth McClain, Garfield Heights Church of Christ (Indianapolis, Ind.), 1989

The Parables of Jesus J. Dwight Pentecost, 1998-08-01 Dr Pentecost describes the setting of each parable explains the problem or question it addresses and offers Christ's solution to that issue

How Simple the Solution The Master Teacher, 2010-02 As this energy comes into you more and more everything that you do will become a parable and finally will reach a higher and higher state You will discover that you have indeed been dreaming And as you let go of fear and begin to love your service in love will become more evident One of the great teachings of all traditions is to awaken the energy you must serve Jesus teaches it as forgiveness that you must give yourself away to be free to detach to go through this fear threshold Through this surrender and abandonment your mind will expand to the reality of you Remember this is your transformation individually You are the savior of the world Without you there is no Heaven and no salvation And I mean you I am speaking directly now to you in this regard We love you and we await your return
