The Autobiography of Saint Therese, 1987-11-17 Few spiritual figures have touched as many readers in the past century as Saint Therese of Lisieux the saint popularly known as the Little Flower Though she was only twenty four years old when she died her writings have had tremendous impact making her one of the most popular spiritual writers in the twentieth century Her autobiography *The Story of a Soul* has been a source of priceless inspiration ever since it was written and has become the great spiritual bestseller of our time A hundred years after her death in 1897 millions of copies have spread throughout the world and it has been translated into more than fifty languages The reason for the continued success of her autobiography is quite simply that it is unlike any work of devotion and spiritual insight ever written Once it is read it cannot be forgotten Its appeal across cultures and generations has been extensive moving both peasants and popes men and women young and old people of every kind of intelligence and education succumb to its spell Yet is not a conventional work of religious devotion instead it is in many ways a supernatural book In the words of Pope Pius XI Saint Therese attained the knowledge of supernatural things in such abundant measure that she was able to point out the sure way of salvation to others and it is especially in *The Story of a Soul* that she has pointed out this sure way to the generations that have followed her As Therese herself said of this book just prior to her death What I have written will do a lot of good It will make the kindness of God better known

Dry River Ken Lamberton, 2011-03-15 Poet and writer Alison Deming once noted In the desert one finds the way by tracing the aftermath of water Here Ken Lamberton finds his way through a lifetime of exploring southern Arizona's Santa Cruz River This river dry still and silent one moment a thundering torrent of mud the next serves as a reflection of the desert around it a hint of water on parched sand a path to redemption across a thirsty landscape With his latest book Lamberton takes us on a trek across the land of three nations the United States Mexico and the Tohono O'odham Nation as he hikes the river's path from its source and introduces us to people who draw identity from the river dedicated professionals hardworking locals and the author's own family These people each have their own stories of the river and its effect on their lives and their narratives add immeasurable richness and depth to Lamberton's own astute observations and picturesque descriptions Unlike books that detail only the Santa Cruz's decline *Dry River* offers a more balanced at times even optimistic view of the river that ignites hope for reclamation and offers a call to action rather than indulging in despair and resignation At once a fascinating cultural history lesson and an important reminder that learning from the past can help us fix what we have damaged *Dry River* is both a story about the amazing complexity of this troubled desert waterway and a celebration of one man's lifelong journey with the people and places touched by it

Does God Really Have Your Back? Sonia D. Evans,2022-01-15 People often use this phrase God has your back almost as a rhetoric So much so that it sounds like the I love you at the end of every phone conversation and the God bless you when someone sneezes It seems nice but when the rubber meets the road do we really have what it takes in the midst of trials and suffering to say with confidence that God has our back Are we confident that we can affirm that statement or will we falter The writer experiences a sudden challenge toward the end of 2018 and asked herself the same question It caused the writer to reflect on the incredible journey that God brought her through from being Catholic to a born again Christian From the dusty roads of India to the cobbled streets of Britain and on to America where God made her dreams come true she recounts the challenges and the faithfulness of God that affirmed to her that he had her back always The writer relives how she came to the USA as a single person with no family and no driver's license Having made it as a nurse and recently as a nurse practitioner she finds herself at the brink of yet another setback which she would like to think was a setup by the God who really had her back She invites you to go on the journey with her and to take courage and strength as you walk the road of faith into the unknown abyss where your faith will be tested and while your answers are still invisible The writer gives you steps to use in the faith walk even as she practices them and goes through the challenge of waiting on God for the answer to the problem
