Jesus The Prophet His Vision Of The Kingdom On Earth:

Jesus the Prophet R. D. Kaylor, 1994-01-01 R David Kaylor believes that Jesus vision of a just society and his prophetic engagement with social political and economic conditions led to his execution by the Romans Here he presents Jesus message of a just society based on Israel s covenant tradition He shows the prophetic background and social content of Jesus ethical teaching and demonstrates that the parables especially those with economic and agricultural associations critiqued the social conditions and called for a restructuring of community life He provides evidence that Jesus vision remains offering criticism of the present and promise of a future

Who in the World Was Jesus Carl E. Roemer, 2018-12-11 This book scrutinizes the 39 parables attributed to Jesus in the Gospels Jesus was a part of a story telling society in the first century land of Israel A popular maxim characterizes them as earthly stories with heavenly meanings They often appear that way in context of the Gospels of the New Testament However if you retroject them back into the dynamic context of the life and activity of Jesus they suddenly assume not just a spiritual but also a more earthly vibrancy Knowing that context the reactions of his contemporaries become clear we can grasp how they were heard what people would think of the parables message and the character of the messenger Jesus society was in a crisis and part of the intent of Jesus was to address that crisis and rescue his beloved nation from disaster Story telling changes the way people think and makes them more attentive to new ideas Although to describe Jesus message as subversive may seem to be a distasteful characterization his parables were meant to subvert popular thought and belief In this he was completely faithful however to Israel s faith which at its deepest level rebels against the powers of this world In the parables we meet Jesus on the ground as he walked the hills of the Galilee gathered hearers in the villages and sat among his contemporaries and called them to revolutionize mind and heart and as the prophets of old also had implored the nation to return to the gracious heart of their God In this reading of the parables the reader will be surprised challenged and perhaps even be disturbed by the Jesus who emerges in his stories we call parables

Systematic Theology, Volume 2, Second Edition James Leo Garrett Jr., 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett s system that

needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary

Prophetic Witness Heinrich Bedford-Strohm, Etienne De Villiers, 2011 The role of religious prophetic witness in the public discourse of modern civil societies is a vital question not only for the churches but for society as a whole Is it still appropriate for churches to make use of prophetic witness as a mode of public discourse in contemporary democratic societies Can biblical tradition be a referential source for prophetic public statements of the churches in highly debated political questions Or must public discourse in pluralistic societies be strictly grounded in purely reason based arguments This book deals with these questions in a multi disciplinary perspective looking at historical settings of biblical texts and discussing contemporary issues and contexts Series Theology in the Public Square Theologie in der Offentlichkeit Vol 1 *Prophetic Liturgy* Tércio Junker, 2014-02-07 The primary purpose of Prophetic Liturgy is to inquire into the prophetic dimension of the liturgy Some questions addressed in the book are How can a liturgy be prophetic How can liturgy form and transform individuals and communities In which sense does the liturgy facilitate a living participation in socio political economic life How does the sacramental practice challenge the church to mediate God's gifts of grace love justice and mercy to the world Possible answers for these questions begin to emerge as we develop an understanding of religious praxis as an active and dynamic prophetic action in which the community of faith claims its identity promotes an engaged faithful Christian life and affirms the sacramental life of the church as a source of formation and inspiration for prophetic praxis mediating God's gift for the life of the world There is risk in presenting an option for prophetic praxis in that it may go beyond the comfort zone of a community and engender spiritual and political alienation The

most challenging ethical hope of this book is to provide the worshiping community with prophetic awareness of socio economic injustice while at the same time preserving the community s historical cultural identity its religious values and its sacramental spirituality

Christology in Cultural Perspective Colin J. D. Greene, 2015-10-14 Christology defines the very heart of the Christian faith Traditionally the study of the person and work of Christ has been understood largely as an exercise in biblical exegesis or historical and doctrinal analysis Rarely if ever has Christology focused on the changing cultural paradigms that have deeply influenced the development of human knowledge and self understanding This unique volume by Colin Greene reverses that trend and in line with developments in modern cultural theory explores the interlaces between successive cultural contexts and the story of Jesus to which the Scriptures bear witness Starting with an examination of the three main Christological trajectories that have dominated the history of Christology cosmological Christology political Christology and anthropological Christology Greene proceeds to concentrate on the subtle and complex linkages between Christology and the sociopolitical paradigms that have bolstered the epistemological assumptions of modernity Greene s wide ranging study closes with a creative exploration into how Christology might once again provide us with a Christ centered vision of reality

The Kingdom from God Ross McCallum Jones,2019-11-15 While translating the Bible into Boko a language of Benin Republic in West Africa Dr Jones grappled with the meaning of the expression kingdom of God It seemed impossible to find an expression in Boko which would convey the correct meaning in its various contexts What could it mean to enter or inherit the kingdom of God Why did Jesus say the kingdom of God is near or among people How do we expect the prayer your kingdom come to be worked out Jesus said we should be concerned above all with God s kingdom and yet on questioning Christians and pastors local and international I few people are able to explain the meaning and relevance of the kingdom of God Those who do know something usually interpret the kingdom according to their view of the millennium resulting in very different interpretations of end time events Some interpret the kingdom as God s sovereignty over the universe others as God s rule in our hearts Christ s present salvation and its benefits or the new life in Christ Many think of heaven as our destination and the kingdom becomes a shadowy doctrine rather than the glorious truth that God has made the saints to be a kingdom of priests who will reign with the Messiah over the earth This new look at the theology of the kingdom of God clarifies many of the riddles concerning the kingdom and presents a new understanding of Jesus and his ministry as the Messiah The book explains clearly what Jesus meant by this unique and cryptic phrase and it makes sense in every context The kingdom is truly a pearl of great price to be eagerly awaited as the return of the Messiah draws ever nearer
