Jesus The Stranger Reflections On The Gospels:

Jesus the Stranger Joseph G. Donders, 1999 *Jesus the Stranger* is based on sermons preached at the University of Nairobi to young African students portraying Christ as a familiar friend as well as a merciful God This new edition features a new and readable format and has been updated and revised to make its message plainer more direct and contemporary In six sections Donders follows the Gospel of Christ from its beginnings through Pentecost In one way we can never become completely comfortable with Jesus for he summons us to leave our settled routines and to embrace life s insecurities armed with the assurance that he accompanies us on our journey But to the extent that we are not open to the challenge of Jesus s calling we will always be strangers to our own true selves Jesus, the Stranger Joseph G. her life Ms Walters gave her heart to the Lord With exceptional tenacity she continues her love for Christ at an unstoppable pace Her commitment to loving God combined with the empathy care and love she has for those whom Christ died has inspired her to write this book **The Wisdom of the Covenants and Their Relevance to Our Times** John

Watt,2019-01-05 This book began as an introduction to the Bible for educated people unfamiliar with it As public ethics in the United States began to fray it changed into focusing on the key values in biblical literature and the costs of disregarding them Biblical values were organized into systems known as covenants or testaments between human beings and the god Yahweh The covenants developed by Moses and Jesus are the most important covenants in the Bible They are not the only ones but it is these two covenants that go most deeply into our survival or failure as individuals and as a species The last third of the book analyzes various aspects of public life today in the light of covenantal teaching and suggests ways to strengthen commitment to them The author s goal is to get this book into the hands of people who share his concerns and who would like to revive the influence of public ethics The Puzzle of the Gospels Peter Vardy,Mary E. Mills,2015-02-24

First Published in 2015 The gospels tell a story There are many types of story ranging from fiction through biographies to attempts at historical accounts Even so called true stories will be affected by the perception of the writer It is impossible to present any book without taking the viewpoint of the author into account which is one reason why this book will be devoting considerable time to understanding the purpose and intention of the individual gospel writers Matthew Mark Luke and John present different accounts of the life and death of Jesus of Nazareth as one might expect from four people who although they use some common material nevertheless present this material in distinctive ways This book will be concerned with helping you the reader to understand the gospel stories and how they came to be written to bring to light the implicit references that were being made of which modern readers may be unaware and also to consider the issue of the truth of the stories

The NIV Ragamuffin Bible offers a collection of Manning's raw painfully honest yet grace filled devotions meditations and reflections of his journey limping back to like the prodigal son his overjoyed father When you journey through this Bible you will likewise find yourself returning to your Heavenly Father basking in the knowledge that God not only loves you he delights in you Features Complete text of the world's most popular modern English Bible the NIV 104 Devotions guide you into a deeper connection to God and his Word 250 Reflections help you understand what it means to be a child of God 150 Quotes offer short but thoughtful insights into God's kingdom 9 point type size Theological Reflection across Religious Traditions Edward Foley,2015-02-12 Theological reflection connecting real life ministry and religious traditions is a core component of most pastoral training It is also a hallmark of practical theology and a common spiritual exercise among ordinary Christians trying to discern how their beliefs might influence daily living Yet our society is increasingly pluralistic with growing numbers of people from varying belief systems from Islam to Buddhism as well as an increasing number of atheists In this book Edward Foley reimagines theological reflection in interfaith contexts and with those of no faith tradition The book addresses and celebrates diverse beliefs and envisions the practice of theological reflection in such contexts Theological Reflection Across Religious Traditions introduces readers to the basics of traditional forms of theological reflection then considers how it might be reconceived in different contexts from interfaith ministers working together to reduce poverty and homelessness to people of diverse or no faith traditions strategizing to secure the dignity of undocumented immigrants Beyond suggestions for collaborative social action the book offers tools for productive interfaith conversation through a process Foley calls reflective believing This is a groundbreaking rethinking of theological reflection for today's world proposing that people across the religious landscape can participate in reflective believing for personal and communal benefit without sacrificing their own integrity Creation Imagery in the Gospel of John Carlos Raul Sosa Siliezar,2015-07-30 Sosa Siliezar investigates the presence and significance of creation imagery in the Gospel of John He argues that John has intentionally included only a limited albeit significant number of instances of creation imagery and that he has positioned them carefully to highlight their significance Sosa Siliezar contends that the instances of creation imagery used in varying contexts function collectively in a threefold way that is consonant with John's overall argument First John uses them to portray Jesus in close relationship with his Father existing apart from and prior to the created order Second John uses creation imagery to assert the primal and universal significance of Jesus and the message about him and to privilege him over other important figures in the story of Israel Third John uses creation imagery to link past reality with present and future reality portraying Jesus as the agent of creation whom the reader should regard as the primal agent of revelation and salvation The book concludes by underscoring how these findings inform our understanding of John's Christology and Johannine dualism **Opening the Scriptures Bringing the Gospel of Luke to Life** George Martin,2011-10-21 Bringing the Gospel of Luke to Life Insight and Inspiration Were not our hearts burning within us while he
