Jesus's Teachings about Love, Forgiveness, and Relationships in the Christian Bible and A Course in Miracles

David A. Scott, MA, LMFT, 2023-01-23 Jesus was an enlightened spiritual master who lived and taught in the Middle East over two thousand years ago The Gospels of Matthew Mark Luke and John are four of the many gospels that claim to describe his life and contain his teachings More recently the spirit of Jesus dictated A Course in Miracles to Dr Helen Schucman a psychologist in New York City The Course when it was published included three volumes 1 a theoretical Text 2 a Workbook for Students and 3 a Manual for Teachers A Preface and two supplements were received by the same process and added to it later So now we have two ways to study and explore what Jesus taught This book examines his teachings from both sources regarding 1 love and spirit 2 giving getting and receiving 3 spiritually guided forgiveness and 4 our relationship with God and each other You will discover as the author did that the Gospels and the Course are largely in agreement as one would expect if they came from the same teacher This book is also available in Kindle and paperback editions on Amazon and epub and audio editions on Kobo *Evidence-Based Assessment Framework for Assistive Technology* Susan A.

Writing In The Sand Thomas Moore, 2010-07-01 A groundbreaking reinterpretation of the Gospels that shines a new light on the profound teachings of Jesus recasting him as a spiritual visionary with a radical vision for humanity Deepak Chopra This highly original take on the Gospels offers a fresh new way of imagining human life and society It presents Jesus not as the founder of a religion but as a world reformer offering a spiritual path to everyone from every background It offers a personal spirituality fit for the twenty first century where the individual bears responsibility for meaning and for a creative convivial way of life In his examination of the original Greek texts author Thomas Moore dismisses the cautionary voice of tradition and explores the deeper significance of language stressing the origins of words and the many levels of meaning in stories and imagery Through his study Moore shows that the teachings of Jesus are challenging in a far different way than the moralism often associated with them Based on being open to life deepening your understanding and giving up all defensiveness around your convictions the Gospels can be the source of a new kind of certainty and stability that cannot be codified and enshrined in a list of rules Writing in the Sand presents the essence of Jesus teachings and offers a way of understanding them intelligently and devotedly in the twenty first century

Making Christian Counseling More Christ Centered Rick W. Marrs Ph.D., 2019-09-13 Many Christian counselors and pastors want to bring Christ s Gospel and forgiveness into their soul care but don t know how Luther s very Christ centered theology based in his desire for care of souls can provide us with that foundation Various techniques flowing from that foundation are shared Martin Luther formulated his proclamation of the message of Scripture for his contemporaries between the poles of God s voice in the pages of the Bible and the needs and afflictions of his hearers and readers Marrs brings twenty first century readers into that exchange and demonstrates how Luther s insights into the gospel of Jesus Christ help bring healing and comfort to those struggling with guilt shame fear loneliness and other spiritual

afflictions in our day This volume provides those who are engaged in conversation with the troubled and distressed rich resources for fostering peace and joy in the midst of such trouble and distress Robert Kolb PhD professor of systematic theology emeritus Concordia Seminary Saint Louis USA If all good theology is pastoral in its orientation then this groundbreaking practical biblical study is well worth careful consideration by any pastor or Christian counsellor In it Marrs engages in a conversation with the teaching of Luther as a Christ centered pastoral theologian and the practical insights of psychologists on the personal care of their clients with a special emphasis on Luther s insistence on the need to distinguish between law and gospel in the proper application of God s gracious word with the delivery of soul care to God s people John W Kleinig PhD Professor Emeritus Australian Lutheran College University of Divinity Adelaide South Australia **Cyrille's Talk** Danny Brock,Cyrille Santos,2021-09-30 Jesus exhorted his disciples to love one another as he loved them and to be compassionate as your Father is compassionate But overcrowded schedules looming deadlines and competing demands can set a frenetic pace in the Catholic high school Our students join the fray trying to keep up They proffer a cooperative demeanor for teachers while inside they are falling apart from stress and anxiety A culture of compassion can seem more a heavenly ideal than an earthly reality It s time for a reset Building a culture of compassion takes more than words in a mission statement or promotional brochure It is hard work But this is what students long for and when they receive it they realize that the school really does care about them Between the covers of Cyrille s Talk the reader will taste and see what a culture of compassion is like and discover what it takes to make it happen *The Decline and Fall of the United States of America* Anthony Kishko,2012-05-18 Politicianthe dirtiest word in the English language says Jacob Pirandello Kharinsky a character in this book hailed as the UNDERGROUND CLASSIC OF OUR GENERATION The DECLINE and FALL of THE UNITED STATES of AMERICA part I A theme which implies many things possibilities and perspectives Jake Kharinsky discovers himself in an unknown labyrinth a clandestine initiation and is unable to recall what leads him there Stranger than fiction events and stories unfold with aesthetic word play symbolism humor and an architected structure as if crafted and written by a musician to lead one into an expansion of consciousness a journey of the mind right into the HEART to evoke articulate and gather all those things that are collectively on our minds confused yet envisioned as a Nation and as a World of which we all possess pieces and herein begin to puzzle together these telling elements Of Politics History Religion Culture Education Philosophy and Deconstruction of our Ideologies whose old out and manipulated Idea have warped the The Psychology of Christ William Cavitt,2012-11-20 This book does not condemn secular counseling Secular theories are compatible with pastoral counseling and can be used to guide a treatment plan and to implement therapeutic interventions The thrust of the book is that Christian pastoral counseling must be a tool available to the client because the propensity for success is greater than secular counseling The book presents a paradigm with justification from Holy Scripture that will aid a client in solving lifes problems and create a model for a life of wellbeing It reintroduces a text that offers a well traveled and

proven path of peace and joy in the Holy Spirit a text that has been rejected by secular mental health professionals and society in general but still survives This text is the Bible If the Holy Bible was used as a road map for society the problems in America would be fewer and less intense Also once problems did occur the spiritual tools would be readily available along with the counselor to comfort the clients The counselors spiritual advisors and clients would be assured the Author of the Universe would become the primary counselor with proven healing power The books first three chapters lay out an overview of general considerations for counseling using the holistic approach It emphasizes the influence spirituality has on all aspects of wellbeing and encourages counselors and spiritual advisors to use scripture based interventions to help the client change their ineffective thoughts feelings and behaviors and to enhance their wellbeing in life Succeeding chapters present a windshield tour of experiences illustrating how different incidences and periods can have a profound effect on the physical psychological cognitive social and moral aspects of life These incidences and periods were designed by God to make a person who they are and they include hard times and easy times Good times and bad times mold a persons character into who God desires The incidences are presented by viewing some experiences in the life of a male named Andy Readers are introduced to Andys life as he experiences physical psychological cognitive and social growth It is important to note how Andy develops in these areas of wellbeing via a strong spiritual awakening that envelopes all aspects of his life It is recommended that the reader study the first three chapters to obtain a working knowledge of the holistic counseling structure which is used throughout this book The messages of this book are equally important to counselors spiritual advisors clients and people in general
