Canton Restaurant to Panda Express Haiming Liu, 2015-09-09 The story of Chinese Americans through the lens of food From Canton Restaurant in 1849 to Panda Express today Chinese food history in America spans over 150 years Chinese Forty niners were mostly merchants and restaurateurs who migrated here not to dig gold but to do trade Racism against the Chinese slowed down the growth of the Chinese restaurant business in the late 19th century but it made a rebound in the format of chop suey From 1900 to the 1960s chop suey as imagined authentic Chinese food attracted numerous American customers including Jewish Americans as its collective fan Then the real Chinese food such as Hunan Sichuan or Shanghai

cuisine replaced chop suey houses in the 1970s following the arrival of new Chinese immigrants after immigration reform in 1965 Those regional flavored Chinese restaurants were brought in and established by immigrants from Taiwan rather than mainland China As Chinese restaurants in America turned Chinese in flavor P F Chang s and Panda Express rose fast in the 1990s to meet the need of constantly changing and often multi ethnically blended eating habits of American customers Chinese food in America is a fascinating history about both Chinese and Americans Embedded in this history is the story of human migration culinary tradition racial politics ethnic identity cultural negotiation Chinese Diaspora and transnational life and Chinese cuisine as a global food Though a scholarly work this book aims at all readers who are interested in food history and culture Provided by publisher Rooted in Hope: China - Religion - Christianity Vol 2 Barbara Hoster,Dirk Kuhlmann,Zbigniew Wesolowski,2017-03-27 This Festschrift is dedicated to the former Director and Editor in chief of the Monumenta Serica Institute in Sankt Augustin Germany Roman Malek S V D in recognition of his scholarly commitment to China The two volume work contains 40 articles by his academic colleagues companions in faith confreres as well as by the staff of the Monumenta Serica Institute and the China Zentrum e V China Center The contributions in English German and Chinese pay homage to the jubilarian s diverse research interests covering the fields of Chinese Intellectual History History of Christianity in China Christianity in China Today Other Religions in China Chinese Language and Literature as well as the Encounter of Cultures *The Routledge History of Antisemitism* Mark Weitzman,Robert J. Schilling,2024-01-29 The Therapized Antisemite determines the failure of psychology in the understanding and punishment of antisemitism For over a hundred years psychology s vision understanding the mind and conquering feelings with thoughts has remained a myth in much of Western societies Despite its theories and concepts being widely criticized and often proven wrong it remains part of our culture academia and legal systems Instead of hoping for the field of psychology to one day solve the problem of antisemitism and how to punish it we must ask ourselves how much it has not helped but rather harmed the fight against it Through exploring social clinical and forensic psychology as

well as psychohistory and the intrusion of psychology into criminal law and policymaking The Therapized Antisemite argues that we don't yet understand what causes antisemitism in psychological terms let alone how to go about solving the problem The Holocaust the Nuremberg Trials Hitler biographies the Halimi murder Hate Crime Mental Illness False Memory and Criminal Profiling are all discussed within the book The Therapized Antisemite looks to change the way readers think about antisemitism psychology and law and will be of interest to legal and social science academics and students researching and practicing within the fields of criminal law criminology antisemitism studies Jewish studies and psychology *From Kaifeng to Shanghai* Roman Malek, 2017-07-05 The collection presents the proceedings of the international colloquium held in Sankt Augustin in 1997 and additional materials The articles are written in English German or Chinese with English abstracts The volume includes a general index with glossary **The Japanese Talmud** Christopher L. Schilling, 2023-07-18 The image of Jews in East Asia is a strange mixture of opposites a paradoxical blend of admiration and mockery identification and denial This book explores what Jew means to many East Asians and whether it is anything that Jewish people themselves would recognise There is clearly a positive fascination various bestsellers entitled Talmud are found in vending machines and public schools while private Jewish education institutions have opened across South Korea claiming to improve children's IQ People can stay at the Talmud Business Hotel in Taiwan or attend Chinese centres for Jewish Studies with academics who have never met a Jew There is a legend that Japanese people are a Lost Tribe of Israel and Anne's day named after Anne Frank is a euphemism for menstruation Yet the region also shows some of the world's highest rates of antisemitism manifesting in disturbing ways Taiwan's concentration camp themed restaurant or South Korea's Adolf Hitler Techno Bar not Western and always persistent He offers ground breaking insight redefining how we understand East Asia antisemitism and Judaism as a globalised religion **The Oxford Handbook of the Books of Kings** Steven L. Race, Color, Identity Efraim Sicher, 2013-05-01 Advances in genetics are renewing controversies over inherited characteristics and the discourse around science and technological innovations has taken on racial overtones such as attributing inherited physiological traits to certain ethnic groups or using DNA testing to determine biological links with ethnic ancestry This book contributes to the discussion by opening up previously locked concepts of the relation between the terms color race and Jews and by engaging with globalism multiculturalism hybridity and diaspora The contributors leading scholars in anthropology sociology history literature and cultural studies discuss how it is not merely a question of whether Jews are acknowledged to be interracial but how to address academic and social discourses that continue to place Jews and others in a race color category
