Jfks War With The National Security Establishment Why Kennedy Was Assassinated:

The Deep State Rita Santos,2018-07-15 It used to be that deep state was a shadowy term used to describe developing nations whose governments operated outside of democratically elected leaders The term has evolved and has been applied to transparent countries such as the United States What is the deep state and how does it apply to the United States and other democratic governments This fascinating and informative volume presents a variety of perspectives that helps readers to decide whether a deep state is something to fear or simply a conspiracy theory Treason From Within Donald T Phillips,2023-10-03 The First Comprehensive Treatment of the Kennedy Assassination The US government lied to the American people about President Kennedy s death But ironically it was the American people who solved the crime Over the past half century hundreds of researchers investigated one or more parts of the murder often using their own expertise such as photography computers science medical expertise and analytical skills Taken together their detailed work illuminated what really happened Author Donald T Phillips has been following the Kennedy assassination since it happened This book begins at the end of World War II and concludes when the Warren Commission was formed Revealed along the way is the truth about the Bay of Pigs the Cuban Missile Crisis the ambush in Dealey Plaza and JFK s fraudulent autopsy During his two years and eight months in office President Kennedy prevented the US government from instigating a war that could have involved nuclear weapons in Vietnam Laos Berlin the Soviet Union and Cuba He was leading the nation away from armed conflict ending the Cold War and setting the stage for a lasting peace with all nations IN doing so however JFK was threatening long established kopek structures within the government So on November 22 1963 in broad daylight they shot him in the back and blew his brains out It was a pre meditated deliberate willful act of murder with malice aforethought And they got away with it No one who participated in the crime was ever brought to justice Treason From Within answers the questions Who killed President Kennedy Why was he killed How was he killed **Investigating the Kennedy**

Assassination Robert Lockwood Mills,Michael Deeb,2024-08-20 For the first time in one place the reader will see all the likely conspirators revealed The Warren Commission and the FBI agreed that President John F Kennedy was killed by a lone gunman Lee Harvey Oswald Fifteen years later the House Committee on Assassinations re examined the evidence They announced that he was not killed by a single gunman but probably murdered as the result of a conspiracy This House Committee hesitated to speculate on who might have been involved in that conspiracy or why John F Kennedy was killed in Dallas on November 22 1963 In 1979 Michael Burke and former congressman Harold Ryan were asked to continue that investigation This historical novel will take the reader back to that time Burke and Ryan will peel back the passage of time and the layers of secrecy and denial to reveal the reasons so many elites were determined to stop the Kennedy agenda

Why The CIA Killed JFK and Malcolm X John Koerner,2014-11-28 This book breaks new ground in two important areas that have yet to be linked and explored by any JFK assassination historian John Koerner argues that the CIA s secret drug

trade in Laos and the president's effort to end it provided the primary motive that the CIA needed to assassinate the president. A lot of effort has been made to examine the president's Vietnam policy but precious little attention has been paid to the opium trade in Laos that was making the CIA wealthy and powerful beyond its wildest dreams. This book chronicles the president's secret war with the CIA over Laos, a high stakes game that cost him his life. Koerner also links the JFK assassination and the drug trade with the other three major assassinations of the 1960s: Malcolm X, Martin Luther King, and Robert F. Kennedy. We will see that all four of the assassinations are linked together, all funded and executed by the CIA to silence the four most vocal leaders who were opposed to the agency's pro war and pro drug policy in Laos and Vietnam. Finally, Koerner examines the impact this has had on the course of history and imagines a world where these men had lived.

Why the JFK Assassination Still Matters Richard Buyer, 2009. We live in a great country. Yet we must have faith and trust in our government or we cannot succeed. On the other hand, the government must also believe in its own people. Both factions must tell the truth. For this reason, the JFK assassination still matters. History cannot be replayed but it can be rewritten. Why read another book about the JFK assassination? It's simple: the major crime of the twentieth century remains unsolved. Although the assassination of President John F. Kennedy happened in 1963, the reverberations of this horrific event are still felt today. Discrepancies and questions about the assassination remain unanswered. Was there a conspiracy behind the assassination? If so, who was involved? *Why the JFK Assassination Still Matters* discusses new ideas, showing Lee Harvey Oswald never fired a shot at the president. The Warren Commission was a hoax and the single bullet theory was physiologically impossible. Strange bedfellows emerged when the CIA formed a coalition with organized crime in an attempt to assassinate Fidel Castro. President Kennedy became a threat to very powerful forces when he tried to establish a peaceful coexistence with Russia and Cuba. About the Author: Dr. Richard Buyer has been practicing medicine for over thirty-five years. The assassination of President John F. Kennedy was probably the greatest tragedy he has personally experienced. He wrote this book to help his children learn the truth behind this horrific event. His daughter, Kennedy, happened to be born on the anniversary of the assassination. It is Dr. Buyer's goal that all children as well as adults will finally learn the truth about the assassination.

JFK Oliver Stone, Zachary Sklar, 2000-02. Provides the complete script for JFK, which details the investigation into President Kennedy's assassination and includes responses and comments about the film and official reports and documentation.

The Radical Right and the Murder of John F. Kennedy Harrison E. Livingstone, 2004. *The Radical Right and the Murder of John F. Kennedy: Stunning Evidence in the Assassination of the President*. Harrison E. Livingstone's major new book, the fifth of his works on the death of JFK, brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas which assassinated the President on November 22, 1963. The book represents forty years of work. The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X-rays which Mr. Livingstone first exposed the alteration of the autopsy report, the framing of the

designated patsy Lee Harvey Oswald and the substitution and fabrication of every single piece of evidence It discusses the role played in the murder by some of the most powerful men in the country Lyndon Johnson J Edgar Hoover and Richard Nixon as well as the rich oil men and companies who backed them It then describes the cover ups by the media the major investigations over the years the FBI and the mind control cooperation at work in the case to misdirect researchers and the public The book describes in great detail the people and companies in Texas who planned and carried out the assassination It names names One recent investigation in the 90s followed Mr Livingstone s preceeding work and reinvestigated with the witnesses both he and the official investigations had talked to but this time took into consideration their documentation and what they had actually said and in a chapter this is his stunning new evidence from the U S government under President Clinton that is blowing the lid off the case Mr Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference As a result Mr Livingstone was on all major TV networks and on the Today show NBC with Katie Couric the next morning The book also contains the story of Dallas doctor Charles Crenshaw s law suit and the depositions of the editor and writer of the Journal of American Medical Association who libeled him in articles in 1992 Dr Crenshaw s book about trying to save Kennedy at Parkland Hospital shortly after the shooting came out on the same day as Mr Livingstone s major work on the medical evidence High Treason 2 were JAMA s targets and the depositions contain much discussion of Mr Livingstone s major impact on the JFK case This new book is to be followed closely by a sixth book entirely about the Zapruder film called The Hoax of the Century Decoding the Forgery of the Zapruder Film **The JFK Assassination** M.J. Trow, 2024-08-30 The assassination of John Fitzgerald Kennedy is one of the milestones of history Everyone it is said remembers where they were when they heard the news Because the official investigation the Warren Commission set up by Kennedy s successor in the White House Lyndon Johnson was such a whitewashing travesty of justice the world has felt itself free to speculate ever more wildly about what really happened in Dealey Plaza Dallas in November 1963 The killer said the Warren Commission was the peculiar loner Lee Harvey Oswald and he acted alone Evidence science and common sense have long ago proved that this was not possible So it was the Russians It was the Cubans It was the Mafia It was Lyndon Johnson It was the Secret Service It was the FBI It was the CIA It was that murky conspiratorial bunch the Military Industrial Complex This book evaluates all the above and comes to another conclusion entirely The reason that we are still arguing about who was responsible for a murder committed in front of a large crowd in broad daylight is that no one was prepared to put up their hands and admit their responsibility for not doing their jobs properly Yes there was a conspiracy but the cock up element was even greater Why was there inadequate Secret Service protection for the president in Dallas Why was the motorcade route made public well in advance Why was Lee Oswald identified on the word of a single witness Why was Jack Ruby allowed to slip past dozens of policemen to kill Oswald Why were the lawyers of the Warren Commission allowed to

select witnesses and bully them into saying what they had not seen Why did subsequent governmental inquiries fudge the physics of a headshot and a bungled autopsy Why does the American mainstream media still cling to the lone gunman single bullet theory The answer is simple Everybody in 1963 and for many years afterwards were far too concerned about covering their own backs Truth and justice got lost somewhere in all of that **JFK and the End of America** Tim

Fleming,2018-01-29 JFK and the End of America is the culmination of Tim Fleming s 50 years of research into the Kennedy assassination The book makes the case that Lee Harvey Oswald did not kill the president Rather an elaborate plot concocted and executed by a sinister covert cabal took Kennedy s life The plotters who stood to gain the most from JFK s death Lyndon Johnson and Allen Dulles were abetted by powerful interests in government business and the military Kennedy was moving America toward a permanent peace state threatening the national security military establishment whose existence is dependent on a permanent war state Since 1963 we have been at war or under a threat of war spending nearly six of every ten tax dollars on defense It is vital to expose the truth of who killed Kennedy and why if we are to understand the real history of America since 1963 Fleming draws a straight line from Dallas to the political and cultural divide that afflicts us today Thinking Critically About the Kennedy Assassination Michel Jacques Gagné,2022-03-27 Thinking Critically About the Kennedy Assassination uses the tools of critical thinking historical research and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK s shocking and untimely death As we approach the 60th anniversary of the violent public assassination of President John F Kennedy over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking The book s opening chapters lay out the official academic consensus concerning the Kennedy assassination better known as the Lone Gunman Theory and discuss the origins of popular interpretations of Kennedy s life and death such as the nostalgic myth of Camelot the unsympathetic Irish Mafia narrative and the many conspiracy theories critical of both Subsequent sections scrutinize the alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK s murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking
