

"P.G.W." AGAIN

THOSE who have read "Jill the Reckless," in serial form on both sides of the Atlantic, pronounce it to be P.G.W.'s masterpiece, just as P.G.W. is Nature's masterpiece among writers of humor.

Our correspondent wrote to the editor of Collier's Weekly: "It is a masterpiece. The lightest, wisest, most diverting, raciest of a hundred thousand books. Dry champagne!"—which, of course, wasn't had coming from a dry country.

Jill suddenly becomes piousness; but, being what she is, faces the world with a smile and refuses to be beaten. The story opens with a characteristic Wodehouse touch, when Freddie Boodle, after a hectic night, requests his man to remove from his night table breakfast of poached egg, because it looks so like an old man he once possessed.

To tell more of the story would be to spoil it.
